*Status:* Open to the public, limited only by space availability. The meeting room accommodates approximately 200 people.

*Purpose:* During a White House Ceremony on July 23, 1997, the President directed the Secretary of Health and Human Services (HHS) to work with the States on integrated immunization registries. As a result, NVAC has formed workgroups, staffed by the National Immunization Program (NIP), that will gather information for development of a National Immunization Registry Plan of Action.

To assist in the formulation of a work plan, a series of public meetings relating to (1) privacy and confidentiality; (2) resource issues; (3) technological and operational challenges; and (4) ensuring provider participation, will be held throughout the Nation. These meetings will provide an opportunity for input from all partners which include state and local public health agencies, professional organizations of private health agencies, managed care organizations (MCOs), employer-funded health care plans, vaccine manufacturers and developers, vendors and developers of medical information systems, information standards development organizations, parents, social welfare agencies, law enforcement agencies, legislators, privacy and consumer interest groups, and other representatives of the public at large.

For each meeting, the Workgroup is inviting experts to address the four specific issues outlined above. Expert speakers are being asked to respond to the questions outlined below in writing, make brief oral presentations, and to respond to additional questions from the Workgroup.

Members of the public who wish to provide comments may do so in the form of written statements, to be received by the completion of the last meeting, addressed as follows: NIP/CDC, Data Management Division, 1600 Clifton Road, NE., M/S E-62, Atlanta, Georgia, 30333.

There will be a period of time during the agenda for members of the public to make oral statements, not exceeding 3 minutes in length, on the issues being considered by the Workgroup. Members of the public who wish to speak are asked to place their names on a list at the registration table on the day of the meeting. The number of speakers will be limited by the time available and speakers will be heard once in the order in which they place their names on the list. Written comments are encouraged; please provide 20 copies.

Based on the outcome of these meetings, a National Immunization Registry Plan of Action will be developed and proposed to NVAC for their deliberation and approval. This plan will identify registry barriers and solutions, strategies to build a registry network, resource requirements and commitments, and a target date for network completion.
