**Notice of Submission of Study Package to Office of Management and Budget; Opportunity for Public Comment**

**AGENCY:** Department of the Interior; National Park Service; and Mount Rushmore National Memorial.

**ACTION:** Notice and request for comments.

**ABSTRACT:** The National Park Service (NPS) Visitor Service Project and Mount Rushmore National Memorial propose to conduct visitor surveys to learn about visitor demographics and visitor opinions about services and facilities in Mount Rushmore National Memorial. The results of the surveys will be used by park managers to improve the service they provide to visitors while better protecting park natural and cultural resources. A study package that includes the proposed survey questionnaire for the proposed Mount Rushmore National Memorial study has been submitted to the Office of Management and Budget for review.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 and 5 CFR part 1320, Reporting and Record Keeping Requirements, the NPS invites public comment on the proposed information collection request (ICR). Comments are invited on: (1) The need for the information including whether the information has practical utility; (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology. The purpose of the proposed ICR is to document the demographics of visitors to Mount Rushmore National Memorial, to learn about the motivations and expectations these visitors have for their park visit, and to obtain their opinions regarding services provided by the park and the suitability of the visitor facilities maintained in the park. This

information will be used by park planners and managers to plan, develop, and operate visitor services and facilities in ways that maximize use of limited park financial and personnel resources to meet the expectations and desires of park visitors.

There were no public comments received as a result of publishing in the **Federal Register** a 60 day notice of intention to request clearance of information collection for this survey.
