Agency for Health Care Policy and Research

Contract Review Meeting

In accordance with section 10(a) of the Federal Advisory Committee Act (5 U.S.C. Appendix 2), announcement is made of the following technical review committee to meet during the month of May 1998:

Name: Technical Review Committee on the Agency for Health Care Policy and Research SBIR Topic 1000—Assisting Purchasers to Use Information on Health Plan Performance.

Date and Time: May 18, 1998, 8:30 a.m.–5 p.m.

Place: Ramada Inn, 8400 Wisconsin Avenue, Conference Room: TBA, Bethesda, Maryland 20814.

This meeting will be closed to the public.

Purpose: The Technical Review Committee's charge is to provide, on behalf of the Agency for Health Care Policy and Research (AHCPR) Contracts Review Committee, recommendations to the Administrator, AHCPR, regarding the technical merit of contract proposals submitted in response to a specific Request for Proposals regarding the AHCPR Research Topic 1000, SBIR—Assisting Purchasers to Use Information on Health Plan Performance, that was published in the Commerce Business Daily on January 20, 1998.

The purpose of these contracts is to study and identify the information about health care plan quality and performance needed by purchasers and to consider if the information required varies by type and size of purchasers: e.g. individual vs. corporate consumers (large and small). In Phase I of the SBIR program, contractors are to examine, evaluate, and report on the scientific, technical and commercial merit and feasibility of a proposed research or R&D plan related to the above-described topic. Reported findings under Phase I will be considered in determining the availability of funds for the proposed research or research and development as Phase II.

Agenda: The Committee meeting will be devoted entirely to the technical review and evaluation of contract proposals submitted in response to the above-referenced Request for Proposals.

The Administrator, AHCPR, has made a formal determination that this meeting will not be open to the public. This action is necessary to safeguard confidential proprietary information and personal information concerning individuals associated with the proposals that may be revealed during this meeting, and to protect the free exchange of views, and avoid undue interference with Committee and Department operations. This is in accordance with section 10(d) of the Federal Advisory Committee Act, 5 U.S.C., Appendix 2, implementing regulations, 41 CFR 101-6.1023 and procurement regulations, 48 CFR 315.604(d).

Anyone wishing to obtain information regarding this meeting should contact Sandra

Robinson, Center for Quality Measurement & Improvement, Agency of Health Care Policy and Research, 2101 East Jefferson Street, Suite 501, Rockville, Maryland 20852, telephone (301) 594-1349.

Dated: April 30, 1998.

Contract Review Meeting

In accordance with section 10(a) of the Federal Advisory Committee Act (5 U.S.C. Appendix 2), announcement is made of the following technical review committee to meet during the month of May 1998:

Name: Technical Review Committee on the Agency for Health Care Policy and Research SBIR Topic 2000—Assisting Chronic Care Management.

Date and Time: May 15, 1998, 8 a.m.—5 p.m.

Place: DoubleTree Hotel, 1750 Rockville Pike, Conference Room: TBA, Rockville, Maryland 20852.

This meeting will be closed to the public.

Purpose: The Technical Review Committee's charge is to provide, on behalf of the Agency for Health Care Policy and Research (AHCPR) Contracts Review Committee, recommendations to the Administrator, AHCPR, regarding the technical merit of contract proposals submitted in response to a specific Request for Proposals regarding the AHCPR Research Topic 2000, SBIR—Assisting Chronic Care Management, that was published in the Commerce Business Daily on January 20, 1998.

The purpose of these contracts is to study and determine factors important in self care of chronic disease, and the role these factors play in determining the categories of skills and information needed for chronic care management and whether the kinds of information needed differs by population groups. In Phase I of the SBIR program, contractors are to examine, evaluate, and report on the scientific, technical and commercial merit and feasibility of a proposed research or R&D plan related to the

above-described topic. Reported findings under Phase I will be considered in determining the availability of funds for the proposed research or research and development as Phase II.

Administration for Children and Families

Proposed Project: Early Head Start Evaluation.

OMB No: New Request.

Description: The Head Start Reauthorization Act of 1994 established a special initiative creating funding for services for families with infants and toddlers. In response the Administration on Children, Youth and Families (ACYF) designed the Early Head Start (EHS) program. In September 1995, ACYF awarded grants to 68 local programs to serve families with infants

and toddlers. ACYF has subsequently awarded grants to an additional 107 local programs, for a total of 175 EHS programs.

EHS programs are designed to produce outcomes in four domains: (1) Child development, (2) family development, (3) staff development, and (4) community development. The Reauthorization required that this new initiative be evaluated. To study the effect of the initiative, ACYF awarded a contract through a competitive procurement to Mathematica Policy Research, Inc. (MPR) with a subcontract to Columbia University's Center for Young Children and Families. The evaluation will be carried out from October 1, 1995 through September 30, 2000. Data collection activities that are the subject of this **Federal Register** notice are intended for the third and final phase of the EHS evaluation.

The sample for the child and family assessments will be approximately 3,000 families who include a pregnant woman or a child under 12 months of age, in 17 EHS study sites. Each family will be randomly assigned to a treatment group or a control group. The sample for the child care assessments will include the primary child care provider for the focal child in each of the 3,000 study sample families. The surveys and assessments will be conducted through computer-assisted telephone and personal interviewing, pencil and paper self-administered questionnaires, structured observations and videotaping. All data collection instruments have been designed to minimize the burden on respondents by minimizing interviewing and assessment time. Participation in the study is voluntary and confidential.

The information will be used by government managers, Congress and others to identify the features and evaluate the effectiveness of the EHS program.

Respondents: Applicants to the Early Head Start program and child care providers for Early Head Start families and control group families.

Annual Burden Estimates:

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
36-Month Parent Interview, Child Assessment, and Videotaping Protocol	576	1	2.0	1,152
Child Care Provider Interview:
