### Fish and Wildlife Service

#### Comprehensive Conservation Plans; Availability, Etc: Noxubee National Wildlife Refuge, MS

**ACTION:** Notice of intent to prepare a comprehensive conservation plan for Noxubee National Wildlife Refuge in Noxubee, Winston, and Oktibbeha counties, Mississippi, and notice of meeting to seek public participation.

**SUMMARY:** This notice advises the public that the Fish and Wildlife Service, Southeast Region, intends to gather information necessary to prepare a comprehensive conservation plan and an environmental document (environmental assessment) for Noxubee National Wildlife Refuge in Noxubee, Winston, and Oktibbeha counties, Mississippi. The Service is furnishing this notice in compliance with Service comprehensive conservation plan policy and the National Environmental Policy Act and implementing regulations to achieve the following:

- (1) advise other agencies and the public of our intentions, and
- (2) obtain suggestions and information on the scope of issues, opportunities, and concerns for inclusion in the environmental documents.

**DATES:** The Service will hold a public scoping meeting at 7 p.m., May 12, 1998, in the Tully Auditorium, Forestry and Wildlife Building, Mississippi State University, Starkville, Mississippi. A second public meeting will be held to review the draft comprehensive conservation plan. It is anticipated that the draft will be available for public

review by August 1998. An announcement of the meeting will appear in the **Federal Register**.

**ADDRESSES:** Address comments and requests for more information to: Refuge Manager, Noxubee National Wildlife Refuge, Route 1, Box 142, Brooksville, Mississippi 39739.

**SUPPLEMENTARY INFORMATION:** It is the policy of the Fish and Wildlife Service to have all lands within the National Wildlife Refuge System managed in accordance with an approved comprehensive conservation plan. The plan guides management decisions and identifies refuge goals, objectives, and strategies for achieving refuge purposes. Public input into this planning process is encouraged. The plan will provide other agencies and the public with a clear understanding of the desired conditions of the refuge and how the Service will implement management strategies. The Service began the comprehensive management planning process for Noxubee National Wildlife Refuge in March 1998.

Some of the issues to be addressed in the plan include the following:

- (a) public use management;
- (b) habitat management;
- (c) wildlife population management; and
- (d) cultural resource identification and protection.

Alternatives that address the issues and management strategies associated with these topics will be included in the environmental document.

The refuge was established in 1940, to provide a refuge and breeding ground for migratory birds and other wildlife. The refuge is located in eastern Mississippi and consists of 47,879 acres.

Dated: May 1, 1998.

**Sam D. Hamilton,**  
Regional Director.

### Fish and Wildlife Service

#### **Notice of Intent To Prepare a Programmatic Environmental Impact Statement/ Environmental Impact Report on the Natural Community Conservation Plan/Habitat Conservation Plan for the South Subregion of Orange County, CA; and Announcement of Public Scoping Meeting**

**AGENCY:** Fish and Wildlife Service, Interior.

**ACTION:** Notice of intent; notice of public meeting.

**SUMMARY:** This notice advises the public that the Fish and Wildlife Service (Service) intends to gather information necessary to prepare a joint Environmental Impact Statement/ Environmental Impact Report (Impact Statement/Report) for an anticipated incidental take permit application from the Environmental Management Agency, County of Orange (County), California. The Service has been notified by the County that they intend to prepare a Natural Community Conservation Plan/Habitat Conservation Plan (Conservation Plan) to conserve coastal sage scrub and adjacent habitats in the South Subregion of Orange County. Interested persons are encouraged to attend a public scoping meeting to identify and discuss issues and alternatives that should be addressed in the Conservation Plan and in the Impact Statement/Report. This notice is provided as required by the Endangered Species Act of 1973, as amended, and the National Environmental Policy Act regulations.

**DATES:** A joint public scoping meeting will be held on May 14, 1998, from 7:00 p.m. to 9:00 p.m. Written comments related to the scope and content of the Conservation Plan and Impact Statement/Report should be received by the Service at the Carlsbad address below by June 8, 1998.

**ADDRESSES:** The public meeting will be held at San Clemente High School, Little Theater, 700 Avenida Pico, San Clemente, California 92673. Oral and written comments will be taken at the meeting. Written comments also may be mailed to Mr. Jim Bartel, Assistant Field Supervisor, Carlsbad Fish and Wildlife Office, 2730 Loker Avenue West, Carlsbad, California 92008; or sent by facsimile to (760) 431-9624.

**FOR FURTHER INFORMATION CONTACT:** Mr. John Bradley, Fish and Wildlife Biologist, Carlsbad Fish and Wildlife Office, Carlsbad, California; telephone (760) 431-9440.

#### **SUPPLEMENTARY INFORMATION:**

##### **Availability of Documents**

Background material may be obtained by contacting the County Environmental Management Agency, Planning and Zoning Administrator, 300 N. Flower Street, Santa Ana, California 92702. Documents also will be available for public inspection by appointment during normal business hours (8:00 a.m. to 5:00 p.m. Monday through Friday), at the Service's Carlsbad office (see **ADDRESSES**).

#### **Background**

The County intends to prepare a Conservation Plan pursuant to the State of California's Natural Community Conservation Planning Act of 1991 and the Endangered Species Act of 1973, as amended. The purpose of the statewide Natural Community Conservation Planning Program is to provide for subregional and regional protection of natural diversity, while allowing compatible and appropriate development within the Natural Community Conservation Planning subregion. This program intends that these goals be achieved through the development and implementation of Natural Community Conservation Plans. The program is designed to provide an alternative to single-species conservation efforts by formulating natural community-based habitat protection programs on a regional basis to protect the numerous species inhabiting each of the targeted communities. The Natural Community Conservation Planning process is sponsored jointly by the California Resources Agency and California Department of Fish and Game, and is conducted in cooperation with the Service pursuant to a Memorandum of Understanding between Fish and Game and the Service dated December 4, 1991.

The proposed Conservation Plan would identify those actions necessary to maintain the viability of the remaining coastal sage scrub habitat for the three "target species" residing in coastal sage scrub habitats in accordance with the State's Conservation Guidelines. The target species are the threatened California gnatcatcher (*Poliophtila californica californica*), cactus wren (*Campylorhynchus brunneicapillus*), and orange-throated whiptail lizard (*Cnemidophorus hyperythrus beldingi*). The Conservation Plan would treat the three target species as listed species and would be subject to the standards set forth in section 10(a)(1)(B) of the Endangered Species Act, and 50 CFR 17.32(b) and 17.22(b). In addressing the habitat needs of the three target species, the Conservation Plan would benefit other species that may be addressed as species receiving regulatory coverage pursuant to the provisions of the Natural Community Conservation Planning Act and section 10(a)(1)(B) of the Endangered Species Act. The Natural Community Conservation Plan would function as a multiple species conservation plan that could establish the basis for maintaining the viability of the remaining coastal sage scrub
