**AGENCY:** U.S. International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has determined to review certain portions of the initial determination (ID) issued by the presiding administrative law judge (ALJ) on March 19, 1998, in the above-captioned investigation.

**FOR FURTHER INFORMATION CONTACT:** John A. Wasleff, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3094.

**SUPPLEMENTARY INFORMATION:** The Commission instituted this investigation on March 18, 1997, based on a complaint filed by Atmel Corporation. 62 FR 13706. The complaint named five respondents: Sanyo Electric Co., Ltd., Winbond Electronics Corporation and Winbond Electronics North America Corporation (collectively "Winbond"), Macronix International Co., Ltd. and Macronix America, Inc. (collectively "Macronix"). Silicon Storage Technology, Inc. ("SST") was permitted to intervene.

In its complaint, Atmel alleged that respondents violated section 337 by importing into the United States, selling for importation, and/or selling in the United States after importation electronic products and/or components that infringe one or more of claim 1 of U.S. Letters Patent 4,511,811, claim 1 of U.S. Letters Patent 4,673,829, claim 1 of U.S. Letters Patent 4,974,565 ("the '565 patent") and claims 1-9 of U.S. Letters Patent 4,451,903. The '565 patent was subsequently removed from the case. The presiding ALJ held an evidentiary hearing from December 8 to December 19, 1997.

On March 19, 1998, the ALJ issued his final ID finding that there was no violation of section 337. He found that neither claim 1 of U.S. Letters Patent 4,511,811 ("the '811 patent"), nor claim 1 of U.S. Letters Patent 4,673,829 ("the '829 patent"), nor claim 1 or claim 9 of
