

FR 33926-33932); and, on December 5, 1994, (59 FR 62456-62471), as amended on June 29, 1995, (60 FR 34084-34086). The U.S. EPA has completed its review of Ohio's PWSS primacy program revision.

The U.S. EPA has determined that the Ohio rule revision meets the requirements of the Federal rule. Therefore, the U.S. EPA is proposing to approve the OEPA's rule revision.

All interested parties are invited to submit written comments on these proposed determinations, and may request a public hearing on or before June 22, 1998. If a public hearing is requested and granted, the corresponding determination shall not become effective until such time following the hearing, at which the Regional Administrator issues an order affirming or rescinding this action. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator.

Requests for public hearing should be addressed to: William Spaulding (WD-15J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Any request for a public hearing shall include the following: (1) The name, address, and telephone number of the individual, organization, or other entity requesting a hearing. (2) A brief statement of the requesting person's interest in the Regional Administrator's determinations and of information that the requesting person intends to submit at such hearing. (3) The signature of the individual making the request; or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

Notice of any hearing shall be given not less than fifteen (15) days prior to the time scheduled for the hearing. Such notice will be made by the Regional Administrator in the **Federal Register** and in newspapers of general circulation in the State of Ohio. A notice will be sent to the person(s) requesting the hearing as well as to the State of Ohio. The hearing notice will include a statement of purpose, information regarding the time and location, and the address and telephone number where interested persons may obtain further information. The Regional Administrator will issue an order affirming or rescinding his determination upon review of the hearing record. Should the determination be affirmed, it will become effective as of the date of the order.

Should no timely and appropriate request for a hearing be received, and

should the Regional Administrator not elect to hold a hearing on his own motion, these determinations shall become effective on June 22, 1998. Please bring this notice to the attention of any persons known by you to have an interest in these determinations.

All documents related to these determinations are available for inspection between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, at the following offices:

Ohio Environmental Protection Agency,  
Division of Drinking and Ground  
Waters, 1800 WaterMark Drive, P.O.  
Box 1049, Columbus, Ohio 43215-  
1099, State Docket Officer: Mr. Bernie  
Clark, (614) 644-2752.

Safe Drinking Water Branch, U.S.  
Environmental Protection Agency,  
Region 5, 77 West Jackson Boulevard,  
Chicago, Illinois 60604.

**FOR FURTHER INFORMATION CONTACT:**

William Spaulding, Region 5, Safe  
Drinking Water Branch at the Chicago  
address given above, telephone 312/  
886-9262.

(Section 1413 of the Safe Drinking Water Act,  
as amended (1986), and 40 CFR 142.10 of the  
National Primary Drinking Water  
Regulations)

Dated: May 11, day of May 1998.

**David A. Ullrich,**

*Acting Regional Administrator, Region 5.*

**Common Sense Initiative Council  
(CSIC)**

**AGENCY:** Environmental Protection  
Agency (EPA).

**ACTION:** Notification of public advisory  
for the CSI council meeting, an open  
meeting.

**SUMMARY:** Pursuant to the Federal  
Advisory Committee Act, Public Law  
92-463, notice is hereby given that the  
CSI Council will meet on the dates and  
times described below. The meeting is  
open to the public. Seating at the  
meeting will be on a first-come basis  
and limited time will be provided for  
public comment. For further  
information, please contact the  
individual listed below.

**Common Sense Initiative Council  
Meeting—June 9, 1998**

The Common Sense Initiative Council  
will hold an open meeting on Tuesday,  
June 9, 1998, from 8:30a.m. EST to

5:30p.m. EST. The meeting will be held  
at the Crystal City Sheraton, 1800  
Jefferson-Davis Highway, Arlington,  
Virginia, 703-486-1111 or 1-800-325-  
3535.

The Council Agenda will focus on a  
variety of topics including: Discussion  
of five issue papers on Sector-Based  
Environmental Protection (SBEP) which  
will form the basis for the SBEP Action  
Plan, a Stakeholder Involvement  
Workgroup report, an update on the  
PrintSTEP project from the Printing  
Sector Subcommittee, recommendations  
from the Computer and Electronics  
Sector Subcommittee, discussion of  
Reinventing Environmental Information  
issues concerning data gaps, data  
quality, and burden reduction, and  
performance measures for CSI.

For further information concerning  
this Common Sense Initiative Council  
meeting, contact Kathleen Bailey,  
Designated Federal Officer, on (202)  
260-7417, or email:

bailey.kathleen@epamail.epa.gov.

**INSPECTION OF SUBCOMMITTEE**

**DOCUMENTS:** Documents relating to  
the above Sector Subcommittee  
announcement will be publicly  
available at the meeting. Thereafter,  
these documents, together with the  
official minutes for the meeting, will be  
available for public inspection in room  
3802M of EPA Headquarters, Common  
Sense Initiative Staff, 401 M Street, SW,  
Washington, DC 20460, telephone  
number 202-260-7417. Common Sense  
Initiative information can be accessed  
electronically on our web site at <http://www.epa.gov/commonsense>.

**Public Meeting To Discuss Adverse  
Environmental Impacts Resulting From  
Cooling Water Intake Structures**

**AGENCY:** Environmental Protection  
Agency (EPA).

**ACTION:** Notice of public meeting

**SUMMARY:** The Environmental Protection  
Agency will hold a public meeting to  
discuss issues associated with defining  
and measuring adverse environmental  
impacts from cooling water intake  
structures. The purpose of this meeting  
is to facilitate an exchange of  
information that will assist EPA in  
developing regulatory options for

minimizing adverse environmental impact. The public meeting is open to anyone wishing to attend.

**SUPPLEMENTARY INFORMATION:** In 1995, EPA entered into a Consent Decree that requires the Agency, no later than July 2, 1999, to propose regulations implementing Section 316(b) of the Clean Water Act, 33 U.S.C Section 1326(b), and to take final action with respect to the regulations no later than August 13, 2001. The Agency is currently developing these regulations for proposal. Section 316(b) provides that any standard established pursuant to sections 301 or 306 of the Clean Water Act and applicable to a point source shall require that the location, design, construction, and capacity of cooling water intake structures reflect the best technology available for minimizing adverse environmental impact. A primary purpose of Section 316(b) is to minimize the impingement and entrainment of fish and other aquatic organisms as they are drawn into a facility's cooling water intake.

The issues that EPA has developed for discussion fall into three categories: (1) Environmental Criteria: Defining and Assessing Adverse Environmental Impacts; (2) Plant Characteristics: Determining the Contribution to Adverse Environmental Impacts; and (3) Minimizing Adverse Environmental Impacts: Designing an Approach. The following is a potential list of issues for discussion at the June 29, 1998 public meeting:

(1) Environmental Criteria: Defining and Assessing Adverse Environmental Impact

- What constitutes an adverse environmental impact? Should the impact be defined in terms of actual and/or potential effects?
- What environmental parameters are most important for defining adverse environmental impacts?
- For which environmental parameters might qualitative or quantitative thresholds and/or decision criteria be developed for determining adverse impacts?
- What approaches and methods are most appropriate for assessing adverse environmental impact?

(2) Plant Characteristics: Determining the Contribution to Adverse Environmental Impact

- What factors related to the location, design, construction, and capacity of cooling water intake structures most significantly contribute to adverse environmental impacts? (For example: source waterbody type, flow rate,

velocity, configuration of intake, type of technology at the intake.)

- For which such factors (e.g., velocity, flow rate, waterbody type, etc.) might qualitative or quantitative thresholds and/or decision criteria be developed?

(3) Minimizing Adverse Environmental Impact: Designing an Approach

- What information should be considered when designing an approach to minimize adverse environmental impacts.
- What are possible approaches to defining and measuring the cumulative effects of impingement and entrainment?

**DATES:** The public meeting will be held on Monday, June 29, 1998. The meeting will begin promptly at 10:00 a.m. and will end at approximately 4:30 p.m.

**ADDRESSES:** The meeting will be held at the Crystal City Marriott, 1999 Jefferson Davis Highway, Arlington, Virginia 22202. The Crystal City Marriott phone number is (703) 413-5500. The nearest Metro stop is Crystal City station on either the Blue or the Yellow Line. If you need overnight accommodations, please call the hotel directly. A block of 25 rooms is reserved for the night of Sunday, June 28, 1998. The rooms are listed under "U.S. EPA 316(b) Meeting."

**FOR FURTHER INFORMATION CONTACT:** Deborah Nagle, senior project manager, Office of Wastewater Management (4203), U.S. Environmental Protection Agency, 401 M Street S.W., Washington, D.C. 20460; phone number is (202) 260-2656 and E-mail address is [nagle.deborah@epamail.epa.gov](mailto:nagle.deborah@epamail.epa.gov). To register for the meeting, please contact Betty Peterson of SAIC via FAX at (703) 903-1374 or via mail at 1710 Goodridge Drive (1-11-7), McLean, VA 22102. Please register by June 22, 1998.

Dated: May 14, 1998.

**Tudor T. Davies,**

*Director, Office of Science and Technology.*

## ENVIRONMENTAL PROTECTION AGENCY

[AD-FRL-6101-1]

### Extension of Period of Submission of Section 111(d) Plans for Existing Municipal Solid Waste (MSW) Landfills

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice.

**SUMMARY:** The Administrator has determined that it is necessary to extend

the submission deadline for section 111(d) Plans for MSW landfills for the States of Arkansas and Oklahoma and for Chattanooga-Hamilton County, Tennessee as described below. The reasons for this action are set forth in the memorandum, *Supplemental Justification for Extending Municipal Solid Waste Landfill Section 111(d) Plan Submittals*, which is located in the docket and on EPA's website. These Plans, which are required under section 111(d) of the Clean Air Act (the Act) for existing landfills (40 CFR Part 60, subpart B), describe how the State or Local air pollution agency or Indian Tribe will implement the MSW landfill emission guidelines. The guidelines were promulgated on March 12, 1996 under 40 CFR Part 60, subpart Cc (61 FR 9905). The section 111(d) Plans were due December 12, 1996.

**ADDRESSES:** Office of Air Radiation Docket and Information Center (Air Docket 6102), Room M 1500, U.S. Environmental Protection Agency, Attention: Docket No. A-97-37, 401 M Street, S.W., Washington, D.C. 20460. The docket may be inspected between 8:00 a.m. and 5:30 p.m. on weekdays, and a reasonable fee may be charged for copying. The Air Docket may be called at (202) 260-7548. The EPA's Office of Air and Radiation Policy and Guidance website may be accessed at: <http://www.epa.gov/ttn/oarpg/amend.html>.

**FOR FURTHER INFORMATION CONTACT:** For Chattanooga-Hamilton County, Mr. Scott Davis, EPA Region IV, 61 Forsyth Street, S.W., Atlanta, GA 30303, telephone (404) 562-9127; for Arkansas or Oklahoma, Lt. Mick Cote, EPA Region VI, 1445 Ross Avenue, Suite 1200, Dallas, TX 75202, telephone (214) 665-7219.

**SUPPLEMENTARY INFORMATION:** The EPA promulgated standards of performance for new MSW landfills and emission guidelines for existing MSW landfills on March 12, 1996. These standards of performance and emission guidelines, which were developed under section 111 of the Act, regulate emissions of nonmethane organic compounds from MSW landfills. Section 111(d) of the Act requires States to submit a Plan to the EPA that addresses how States will regulate, implement and enforce standards of performance on existing MSW landfills and specifies when those Plans must be submitted. This requirement is codified under 40 CFR 60.23.

Section 60.27 of 40 CFR authorizes the EPA Administrator to extend the period for submission of a section 111(d) Plan whenever he or she determines it is necessary. Arkansas,
