Koch Gateway Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

May 28, 1998.

Take notice that on May 22, 1998, Koch Gateway Pipeline Company (Koch) tendered for filing as part of its FERC Gas Tariff, Fifth Revised Volume No. 1, Sixth Revised Sheet No. 1810, to become effective June 21, 1998.

Koch proposes modifications to Section 11.4(e)(2) of the General Terms and Conditions regarding the economic scheduling of Rate Schedule ISS (Interruptible Storage Service) in order to clarify the definition of the "average storage rate". For the purposes of economic scheduling related to ISS injections, Section 11.4(e)(2) calculates the average storage rate based upon the average injection, space, and fuel charges paid previously or to be paid on the day of scheduling. For the purposes of economic scheduling related to withdrawals, the average storage rate is based upon the average injection, space, fuel, and withdrawal charges previously paid or to be paid on the day of scheduling. Since the inception of Rate Schedule ISS, Koch has not invoked Section 11.4(e)(2).

Koch proposes to modify Section 11.4(e)(2) to correct certain omissions in the current tariff provision. Specifically, Koch proposes to include any withdrawal charges paid prior to the day of scheduling in the calculation of the average storage rate for injections. Koch also proposes to value fuel charges at Koch's fuel reimbursement price published monthly on its electronic bulletin board. The current tariff provision does not address either of these issues. Koch believes that these proposed changes will further clarify the economic scheduling provisions of Rate Schedule ISS and result in the equitable treatment of all ISS customers.

Any person desiring to be heard or to protest this filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to
