

open to the public. The negotiation time schedule for ethylene glycol will be established at the first negotiation meeting and will not exceed a period of 4 months from the initial meeting. If an ECA is not established in principle within this timeframe and EPA does not choose to extend the negotiation time period, negotiations will be terminated and testing will be required under the final HAPs test rule. If the testing from the ECA does not meet the Agency's needs, EPA reserves the right to enter into rulemaking.

IV. Public Participation in Negotiations

Under EPA regulations, the Agency is required to provide the public with an opportunity to comment on and participate in the development of ECAs. The procedural rule for ECAs (40 CFR part 790) contains provisions to ensure that the views of interested parties are taken into account during the ECA process.

Individuals and groups who respond to this document will have the status of interested parties. All negotiating meetings for the development of this ECA for ethylene glycol will be open to the public and minutes of each meeting will be prepared by EPA and placed in the public docket for this ECA process. The Agency will advise interested parties of meeting dates and make available meeting minutes, testing proposals, background documents, and other materials exchanged at or prepared for negotiating meetings. Where tentative agreement is reached on an acceptable testing program, a draft ECA will be made available for comment by interested parties and, if necessary, EPA will hold a public meeting to discuss any comments that have been received and determine whether revisions to the ECA are appropriate. EPA will not reimburse costs incurred by non-EPA participants in this ECA negotiation process.

ECAs will only be concluded where an agreement can be obtained which is satisfactory to the Agency, manufacturers or processors who are potential test sponsors, and other interested parties, concerning the need for and scope of testing. In the absence of an ECA, EPA reserves the right to proceed with rulemaking.

A. The Agency will not enter into an ECA if either:

1. EPA and affected manufacturers or processors cannot reach an agreement on the provisions of the ECA; or
2. The draft ECA is considered inadequate by other interested parties who have submitted timely written objections to the draft ECA.

B. EPA may reject these objections if the Agency concludes either that:

1. They are not made in good faith;
2. They are untimely;
3. They are not related to the adequacy of the proposed testing program or other features of the agreement that may affect EPA's ability to fulfill the goals and purposes of TSCA; or
4. They are not accompanied by a specific explanation of the grounds on which the draft agreement is considered objectionable.

EPA will prepare an explanation of the basis for each ECA. The explanatory document will summarize the agreement (including the required testing), explain the objectives of the testing, and outline the chemical's use and exposure characteristics. The document, which will also announce the availability of the ECA, will be published in the **Federal Register**.

V. Proposal of Export Notification Requirements for Ethylene glycol

EPA intends to publish a proposed rule in an upcoming **Federal Register** document to require export notification by all persons who export or intend to export ethylene glycol under TSCA section 12(b) upon the successful conclusion of an ECA for ethylene glycol.

VI. Public Record and Electronic Submissions

As described above, ethylene glycol is listed as a chemical that would be subject to testing requirements under the proposed HAPs test rule, as amended. This ECA negotiation process and the proposed rule, as amended, are separate and parallel activities. The official record for this ECA action, including the public version, has been established under docket control number OPPTS-42202B (including comments and data submitted electronically as described below). The official record for this document also includes all material and submissions filed under docket control number OPPTS-42187A, the record for the proposed HAPs test rule, as amended, and all materials and submissions filed under docket control number OPPTS-42187B, the record for the receipt of alternative testing proposals for developing ECAs for HAPs chemicals.

The official record for this document, including the public version, which does not include any information claimed as CBI, has been established for this document under docket control number OPPTS-42202B. The public version of this record is available for inspection from 12 noon to 4 p.m.,

Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center, Rm. NE B-607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at:
oppt.ncic@epamail.epa.gov.

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect 5.1/6.1 or ASCII file format. All comments and data in electronic form must be identified by the docket control number OPPTS-42202B. Electronic comments on this document may be filed online at many Federal Depository Libraries.

The record contains the following information:

A. **Federal Register** notices/EPA documents pertaining to this notice consisting of:

1. "Proposed Test Rule for Hazardous Air Pollutants; Proposed Rule" (61 FR 33178; June 26, 1996).
2. "Amended Proposed Test Rule for Hazardous Air Pollutants; Extension of Comment Period" (62 FR 67466; December 24, 1997).

B. PK proposal materials consisting of:

1. Chemical Manufacturers Association, Ethylene Glycol Panel, "Proposal for Pharmacokinetic Studies of Ethylene Glycol" (November 5, 1996).
2. U.S. EPA, "Preliminary EPA Technical Analysis of Proposed Industry Pharmacokinetics (PK) Strategy for Ethylene Glycol" and cover letter (August 26, 1997).

FEDERAL COMMUNICATIONS COMMISSION

Notice of Public Information Collection(s) Submitted to OMB for Review and Approval

January 13, 1998.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden

invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s), as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Written comments should be submitted on or before February 20, 1998. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all comments to Judy Boley, Federal Communications Commission, Room 234, 1919 M St., NW, Washington, DC 20554 or via internet to: jboley@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collection(s), contact Judy Boley at 202-418-0214 or via internet at: jboley@fcc.gov.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060-0635.

Title: Amateur Vanity Call Sign Request.

Form No.: FCC 610-V.

Type of Review: Revision of a currently approved collection.

Respondents: Individuals or households.

Number of Respondents: 80,000.

Estimated Time Per Response: .33 hour.

Frequency of Response: On occasion reporting requirement.

Cost to Respondents: \$4,000,000.

Total Annual Burden: 26,400 hours.

Needs and Uses: The FCC Form 610-V is used to apply for a vanity (special) call sign in lieu of a systematically issued call sign. This information

collection has been revised to eliminate the need for attaching a photocopy of the applicant's current operator/primary station license document, and to add space on the form for the applicant to provide an Internet or e-mail address. The fee information, such as payment type code, quantity and fee due is being deleted from the application because a Fee Remittance Advice (FCC Form 159) is now required to be submitted along with any payment due to the FCC. The respondent costs have been modified due to an adjustment in the regulatory fee structure for Amateur vanity call signs. The Commission will not be collecting the Taxpayer Identification Number (TIN) on the form as previously indicated in the **Federal Register** notice. TIN is also collected on the FCC Form 159 which is required by any payment to the FCC.

The information collected in the application is used by FCC staff to determine eligibility for radio station authorization and to issue a radio station/operator license. Data is also used by Compliance personnel in conjunction with field engineers for enforcement and interference resolution purposes.

FEDERAL DEPOSIT INSURANCE CORPORATION

Determination of Insufficiency of Assets to Satisfy All Claims of Certain Financial Institution in Receivership

AGENCY: Federal Deposit Insurance Corporation.

ACTION: Notice.

SUMMARY: The Federal Deposit Insurance Corporation (FDIC), as receiver for the financial institution specified in **SUPPLEMENTARY INFORMATION**, has determined that the proceeds which can be realized from the liquidation of the assets of the below listed receivership estate are insufficient to wholly satisfy the priority claims of depositors against the receivership estates. Therefore, upon satisfaction of secured claims, depositor claims and claims which have priority over depositors under applicable law, no amount will remain or will be recovered sufficient to allow a dividend, distribution or payment to any creditor of lessor priority, including but not limited to, claims of general creditors. Any such claims are hereby determined to be worthless.
