National Park Service

Sixty-Day Notice of Intention To Request Clearance of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the National Park Service's (NPS') intention to request approval of nine information collections to be carried out pursuant to the Government Productivity and Results Act and the NPS Strategic Plan. Seven of the proposed information collections are surveys of customer satisfaction with certain NPS programs and types of assistance. The other two collections seek information on the number of historic properties designated as such and/or protected by State and local governments that have an official partnership with NPS. The information sought through these nine efforts is not currently collected elsewhere.

NPS' National Center for Recreation and Conservation is proposing to conduct annual mail surveys of the clients of five recreation and conservation assistance programs to assess client satisfaction with the services received and to identify needed program improvements. The NPS goal in conducting these surveys is to use the survey information to identify areas of strength and weakness in its recreation and conservation assistance programs, to provide an information base for improving those programs, and to provide a required performance measurement (Goal IIIb1 of the 1997 National Park Service Strategic Plan) under the Government Performance and Results Act.

NPS' National Center for Cultural Resources, Stewardship, and Partnerships is proposing to collect information on customer satisfaction with technical assistance publications (using response cards) and technical training, conferences, etc. through responses to training evaluation questions. The National Center for Cultural Resources, Stewardship, and Partnerships also is proposing to collect information on the number of historic properties officially designated and/or protected at the State and local governmental level respectively. The historic property information will be collected from State Historic Preservation Offices and Certified Local Governments (CLGs). CLGs are local governments that have an official historic preservation partnership agreement with their State and NPS pursuant to the National Historic Preservation Act, as amended. The NPS goal in collecting this information is to assist in the evaluation of NPS' historic preservation partnership program effectiveness in achieving the historic preservation results sought and specified in Goals IIIa1, IIIa2, and IIIa3 of the 1997 National Park Service

Strategic Plan produced pursuant to the Government Performance and Results Act.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for all nine information collections. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology.

DATES: Public comments will be accepted on or before August 21, 1998.
