## DEPARTMENT OF LABOR

### Employment Standards Administration

#### Wage and Hour Division; Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions  
 of the Secretary of Labor are issued in  
 accordance with applicable law and are  
 based on the information obtained by  
 the Department of Labor from its study  
 of local wage conditions and data made  
 available from other sources. They  
 specify the basic hourly wage rates and  
 fringe benefits which are determined to  
 be prevailing for the described classes of  
 laborers and mechanics employed on  
 construction projects of a similar  
 character and in the localities specified  
 therein.

The determinations in these decisions  
 of prevailing rates and fringe benefits  
 have been made in accordance with 29  
 CFR Part 1, by authority of the Secretary  
 of Labor pursuant to the provisions of  
 the Davis-Bacon Act of March 3, 1931,  
 as amended (46 Stat. 1494, as amended,

40 U.S.C. 276a) and of other Federal  
 statutes referred to in 29 CFR Part 1,  
 Appendix, as well as such additional  
 statutes as may from time to time be  
 enacted containing provisions for the  
 payment of wages determined to be  
 prevailing by the Secretary of Labor in  
 accordance with the Davis-Bacon Act.  
 The prevailing rates and fringe benefits  
 determined in these decisions shall, in  
 accordance with the provisions of the  
 foregoing statutes, constitute the  
 minimum wages payable on Federal and  
 federally assisted construction projects  
 to laborers and mechanics of the  
 specified classes engaged on contract  
 work of the character and in the  
 localities described therein.

Good cause is hereby found for not  
 utilizing notice and public comment  
 procedure thereon prior to the issuance  
 of these determinations as prescribed in  
 5 U.S.C. 553 and not providing for delay  
 in the effective date as prescribed in that  
 section, because the necessity to issue  
 current construction industry wage  
 determinations frequently and in large  
 volume cause procedures to be  
 impractical and contrary to the public  
 interest.

General wage determination  
 decisions, and modifications and  
 supersedes decisions thereto, contain no  
 expiration dates and are effective from  
 their date of notice in the **Federal  
 Register**, or on the date written notice  
 is received by the agency, whichever is  
 earlier. These decisions are to be used  
 in accordance with the provisions of 29  
 CFR Parts 1 and 5. Accordingly, the  
 applicable decision, together with any  
 modifications issued, must be made a  
 part of every contract for performance of  
 the described work within the  
 geographic area indicated as required by  
 an applicable Federal prevailing wage  
 law and 29 CFR Part 5. The wage rates  
 and fringe benefits, notice of which is  
 published herein, and which are  
 contained in the Government Printing  
 Office (GPO) document entitled  
 "General Wage Determinations Issued  
 Under The Davis-Bacon Act and Related  
 Acts," shall be the minimum paid by  
 contractors and subcontractors to  
 laborers and mechanics.

Any person, organization, or  
 governmental agency having an interest  
 in the rates determined as prevailing is  
 encouraged to submit wage rate and  
 fringe benefit information for  
 consideration by the Department.

Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

[Docket No. ICR-98-25]

#### Grain Handling Facilities (29 CFR 1910.272); Information Collection Requirements

**ACTION:** Notice; opportunity for public comment.

**SUMMARY:** The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public

and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and impact of collection requirements on respondents can be properly assessed. Currently, the Occupational Safety and Health Administration (OSHA) is soliciting comments concerning the proposed extension of the information collection requirements contained in the standard on Grain Handling Facilities (29 CFR 1910.272). The Agency is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
- Evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

**DATES:** Written comments must be submitted on or before August 25, 1998.

**ADDRESSES:** Comments are to be submitted to the Docket Office, Docket No. ICR-98-25, Occupational Safety and Health Administration, U.S. Department of Labor, Room N-2625, 200 Constitution Avenue, N.W., Washington, D.C. 20210.
