Notice of Proposed Withdrawal and Intent To Prepare a Planning Amendment to the Lahontan Resource Management Plan; Nevada

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The Bureau of Land Management proposes to withdraw 15,757.14 acres of reserved Federal minerals from mining and 166,906.28 acres of public lands from surface entry and mining, but not from sales, exchanges, recreation and public purposes, or mineral leasing to protect scenic and recreation values. The purpose of the withdrawal is to protect resource values in the open and mountainous terrain in the southern Washoe County urban, suburban and rural residential area. Washoe County has recently developed an Open Space System that identifies a large acreage of public lands as having open space values. Much of this acreage is identified in BLM's resource management plan for disposal for community expansion. The joint land use plan amendment will address future management of these lands and the need for a protective withdrawal.

The withdrawal application will be processed in accordance with the regulations set forth in 43 CFR Part 2300. Notice is hereby given that a public meeting in connection with the proposed withdrawal will be held at a later date. A notice of the time and place

will be published in the **Federal Register** 30 days before the scheduled date of the meeting.

The public is invited to participate in the identification of issues related to the management of public lands within the Washoe County Urban Interface Plan Area located generally in southern Washoe County. Anticipated issues for the plan amendment are:

- Identification of public lands to be retained as open space
- Identification of public lands available to state or local agencies for recreation and public purposes
- Identification of public lands available for exchange
- Identification of lands with potential for future acquisition
- Developments and facilities consistent with open space
- Public workshops for the plan amendment will be announced in mailings and local newspapers.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal or plan amendment may present their views in writing to either the State Director or Field Office Manager.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the lands will be segregated as specified above unless the application is denied or cancelled or the withdrawal is approved prior to that date. Rights-of-way, leases, permits and other discretionary temporary land uses will be considered by the authorized officer during this segregative period.

Planning documents and other pertinent materials may be examined at the Bureau of Land Management office in Carson City, 5665 Morgan Mill Road, between 7:30 a.m. and 5:00 p.m. Monday through Friday.

Dated: June 30, 1998.
