

of the Paperwork Reduction Act of 1995. Copies of specific information collection requirements, related forms and explanatory material may be obtained by contacting the Service Information Collection Clearance officer at the address and/or phone numbers listed below.

DATES: Comments must be submitted on or before March 30, 1998.

ADDRESSES: Comments and suggestions on specific requirements should be sent to the Service Information Collection Clearance Officer, U.S. Fish and Wildlife Service, MS 222 ARLSQ, 1849 C Street, NW, Washington, DC 20240.

FOR FURTHER INFORMATION CONTACT: Stephen R. Vehrs, Refuge Program Specialist, Division of Refuges, 703/358-2397.

SUPPLEMENTARY INFORMATION: The Service proposes to submit the following information collection clearance requirements to OMB for review and approval under the Paperwork Reduction Act of 1995, Pub. L. 104-13. Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

The issuance of a Permit by the Fish and Wildlife Service for access to units of the National Wildlife Refuge System Administration Act (16 U.S.C. 668dd-668ee *et seq.*) as amended; the Refuge Recreation Act (16 U.S.C. 460K-3); the National Wildlife Refuge System Improvement Act of 1997 (Pub. L. 105-57); and as implemented by regulations in 50 CFR 25-38.

The information requested prior to issuing the Permit is required to obtain a benefit, and will assist the Service in administering System programs in accordance with the above statutory authorities. The Improvement Act requires that a wildlife dependent recreational use or any other uses of a refuge that, in the sound professional judgment of the Director, will not materially interfere with or detract from the fulfillment of the mission of the System or the purposes for which the refuge was established. The information

is needed by the Service to make this determination before a permit can be issued.

The permit is required for any person entering a national wildlife refuge, unless otherwise provided under the provisions of 50 CFR, subchapter C. The permittee must abide by all the terms and conditions set forth in the permit.

Information collected in submitting an application for a permit, prior to issuing a permit, may be used to evaluate and conclude the eligibility of, or merely document, permit applicants. The Service will require the use of permits as a condition in new and revised regulations pursuant to the Refuge Improvement Act.

The Service will provide Special Use Permit forms as requested by interested citizens. The required written forms and/or verbal application information will be used by the Service to ensure that the applicant is eligible to receive a Permit.
