AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; request for public comment; opportunity for public meeting.

SUMMARY: In accordance with section 122(l) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), notification is hereby given of a proposed administrative *de minimis* settlement concerning the Novak Sanitary Landfill Superfund Site in Lehigh County, Pennsylvania, with the party listed below. The settlement requires the settling party to pay a total of \$79,565.24 to the Hazardous Substances Superfund. The settlement includes an EPA covenant not to sue the settling party pursuant to sections 122(f) and 122(g) of CERCLA. Section 122(g) of CERCLA provides EPA with the authority to enter into a *de minimis* settlement.

For thirty days following the date of publication of this notice, the Agency will receive written comments relating to the settlement. The Agency will reconsider the settlement if comments received disclose facts or considerations which indicate that the settlement is inappropriate, improper, or inadequate. Any comments received, and EPA's responses, will be available for public inspection at the Parkland Library located at 4422 Walbert Avenue,

Allentown, PA. Comments and responses can also be reviewed at U.S. EPA Region III at the address provided below. Commenters may request an opportunity for a public meeting in the affected area in accordance with section 7003(d) of RCRA, 42 U.S.C. 6973(d).

DATES: Comments must be provided on or before August 21, 1998.

SUPPLEMENTARY INFORMATION: Notice of *De Minimis Settlement*: In accordance with section 122(I)(1) of CERCLA, notification is hereby given of a proposed administrative settlement concerning the Novak Sanitary Landfill Superfund Site, in Lehigh County, PA. Notification of an opportunity for a public meeting pursuant to section 7003 of the Resource Conservation and Recovery Act ("RCRA") is also hereby given. The agreement was proposed by EPA Region III. Subject to review by the public pursuant to this document, the agreement has met with the approval of the Attorney General or her designee, United States Department of Justice.

Below is the party who has executed a binding certification of its consent to participate in this settlement:

The Lehigh Valley Vocational-Technical School. This party has agreed to pay \$79,565.24, subject to the contingency that EPA may elect not to complete the settlement if comments received from the public during this comment period or at a public meeting, if one is requested, discloses facts or considerations which indicate the proposed settlement is inappropriate, improper, or inadequate. Money collected from the *de minimis* party will be used for past response costs incurred at or in connection with the Site. The amounts to be paid by the *de minimis* party include a premium to cover the risk that unknown conditions are discovered or information previously unknown to EPA is received.

EPA is entering into this agreement under the authority of sections 122(g) and 107 of CERCLA and section 7003 of RCRA. Section 122(g) authorizes settlements with *de minimis* parties to allow them to resolve their liabilities at Superfund sites without incurring substantial transaction costs. The *de minimis* party is responsible for less than one percent of the volume of waste that may have contained hazardous substance disposed of at the Site. EPA issued a draft settlement proposal on May 10, 1995. *De minimis* settlements with seven other *de minimis* parties became effective on July 10, 1995. In July of 1996, EPA issued a final settlement proposal to Lehigh Valley Vocational-Technical School embodied in the Administrative Order on Consent. The proposed settlement reflects conditions known to the parties on or about November 19, 1996. The *de*

minimis settling party will be required to pay its volumetric share of the Government's past response costs, estimated costs incurred by the potentially responsible parties that performed the Remedial Investigation/Feasibility Study ("RI/FS") for the Site, and the estimated future response costs at the Site (excluding any federal claims for natural resources damages or any State claims), plus the premium amount.
