DEPARTMENT OF AGRICULTURE

Natural Resources Conservation Service

Holly Hill Watershed, Orangeburg County, SC

AGENCY: Natural Resources Conservation Service.

ACTION: Notice of a finding of no significant impact.

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act of 1969, the Council on Environmental Quality Regulations (40 CFR Part 1500); and the Natural Resources Conservation Service Regulations (7 CFR Part 650); the Natural Resources Conservation Service, U.S. Department of Agriculture, gives notice that an environment impact statement is not being prepared for the Holly Hill Watershed, Orangeburg County, South Carolina.

FOR FURTHER INFORMATION CONTACT: Mark W. Berkland, state conservationist, Natural Resources Conservation Service, 1835 Assembly Street, room 950, Columbia, South Carolina 29201, (803) 765-5681.

SUPPLEMENTARY INFORMATION: The environmental assessment of this

federally assisted action indicated that the project will not cause significant local, regional, or national impacts on the environment. As a result of these findings Mark W. Berkland, state conservationist, has determined that the preparation and review of an environmental impact are not needed for this project.

The project purposes are to reduce flooding and improve flow conditions on 9.0 miles of previously modified and/or new channels to facilitate the removal of stormwater in the Holly Hill area.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. A limited number of copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Luke Nance.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials)

Amended Final Determination of Sales at Less Than Fair Value: Certain Cut-to-Length Carbon Steel Plate from Belgium

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final court decision and amended final determination of sales at less than fair value.

SUMMARY: On March 12, 1998, the Court of International Trade vacated the amended final rate for respondent Fabrique de Fer de Charleroi S.A. and

affirmed the margin calculated for this company in the final determination of sales at less than fair value in certain cut-to-length carbon steel plate from Belgium. As there is now a final and conclusive court decision in this action, we are amending our final determination of sales at less than fair value and we will instruct the Customs Service to change cash deposit rates, where appropriate.

EFFECTIVE DATE: July 30, 1998.

FOR FURTHER INFORMATION CONTACT:

Sanjay Mullick or Kris Campbell, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W. Washington, D.C. 20230; telephone: (202) 482-0588 or 482-3813, respectively.

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions in effect as of December 31, 1994. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to the regulations as codified at 19 CFR part 353 (April 1, 1997).

SUPPLEMENTARY INFORMATION:

Background

On July 9, 1993, the Department published the final determination of sales at less than fair value (LTFV) in the investigation of certain cut-to-length carbon steel plate from Belgium.¹ The antidumping duty rate calculated for respondent *Fabrique de Fer de Charleroi S.A.* (FFC) was 3.65 percent.

On August 19, 1993, the Department published an amended final determination, in which we corrected a ministerial error by recalculating the profit rate used in determining FFC's constructed value (CV).² The recalculation included profit on home market sales of 'Z-type' steel, which is within the general class or kind of merchandise, but which was not sold in the United States during the period of investigation and was not used for matching purposes. The amended final determination rate for FFC was 13.31 percent.

On January 16, 1998, the Court of International Trade (CIT) issued a remand concerning this segment of the

proceeding, in which the CIT found the Department's calculation of the CV profit rate for FFC in the amended final determination to be erroneous.³ The CIT agreed with the Department that section 773(e)(1) of the Act requires the calculation of CV profit based on sales of the "general class or kind" of merchandise, which includes Z-type steel.⁴ However, the Court held that, in the Department's amended determination, the profits on Z-type sales were "extrapolated out of realistic and rational proportion."⁵ Accordingly, the CIT issued the following instructions:

The ITA may have 45 days from the date hereof to consider and report whether, in the exercise of its sound discretion, factoring plaintiff's (FFC) profit on home-market sales of Z-type product in a manner more reflective of the record leads to a weighted-average margin percentage greater than the 3.65 reported at 58 Fed. Reg. 37,091 for FFC. If the court does not receive an affirmative report to this effect by the end of this period, that original margin will be affirmed.⁶

The Department did not issue an affirmative report to the Court. On March 12, 1998, the Court vacated the amended final rate for FFC (13.31 percent) and affirmed the margin calculated for this company in the final determination (3.65 percent).⁷ The period to appeal has expired and no appeal was filed. Therefore, as there is now a final and conclusive court decision in this action, we are amending our final determination of sales at LTFV.

Amendment to Final Determination

Pursuant to section 516A(e) of the Act, we are now amending the final determination of sales at LTFV of certain cut-to-length carbon steel plate from Belgium with respect to exports by FFC. In addition, as a result of the change in FFC's margin, we are recalculating the "All-Others" rate. The revised weighted-average percentage dumping margins are as follows:

Manufacturer/exporter	Percentage
<i>Fabrique de Fer de Charleroi S.A.</i>	3.65
All Others	6.75

The above rate listed for FFC will not affect that company's deposit or assessment rates for any segment of this proceeding. Since publication of the

first amended LTFV final determination and order, the Department has completed, pursuant to section 751 of the Act, an administrative review of the antidumping order covering FFC's entries for the period August 1, 1995 through July 31, 1996.⁸ That review established FFC's assessment rates for that period, and also established its current weighted-average deposit rate. Any entries made prior to that review period were subject to automatic liquidation pursuant to 19 C.F.R. 353.22 (e). However, the Department will instruct the Customs Service to change the cash deposit requirements for producers/exporters subject to the "All-Others" rate to 6.75 percent.⁹

This notice is published in accordance with section 735(d) of the Act and 19 CFR 353.21.

Dated: July 23, 1998.
