##### Foreign-Trade Zones Board

[Docket 38-98]

##### Foreign-Trade Zone 226—Atwater, CA; Request for Export Manufacturing Authority Pacesetter Industries, Inc. (Modular Buildings)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by Merced County, California, grantee of FTZ 226, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of Pacesetter Industries, Inc. (Pacesetter), for the manufacture of modular buildings under FTZ procedures for export within FTZ 226. It was formally filed on August 12, 1998.

Pacesetter operates a 500,000 square-foot facility (600 employees) within FTZ 226—Site 1A (Castle Airport) for the manufacture of modular buildings (HTSUS heading 9406) for the U.S. market and export. This application requests authority to allow Pacesetter to conduct manufacturing under FTZ procedures for export of modular building systems. Components purchased from foreign sources pursuant to current and future export contracts may include dimensional lumber, plywood, chipboard, flooring, other wood products, cabinets, moldings, furniture, fasteners, ceramic bathroom fixtures, shelving, cooking appliances, refrigerators, temperature control units, pipe hardware, roofing tiles, and glass windows (none of the lumber products which would be imported under FTZ procedures would be from Canadian sources). Foreign-sourced components are expected to comprise 10 to 30 percent of the finished products' value. The duty rates on the imported components currently range from free to 8.0 percent. The foreign-sourced products would be admitted to FTZ 226 under privileged foreign status (19 CFR § 146.41). U.S.-origin inputs may include steel plates, steel pipes and tubes, assorted steel accessories, fasteners, various wood products, bentwood and other furniture, shelving, building adhesives, paints, tapes, sand, asphalt, metal doors, lights and switches, insulation, plastic tubes, oxygen, acetylene, argon, and "prefabricated structure components." All modular building products made under FTZ procedures would be exported.

FTZ procedures would exempt Pacesetter from Customs duty payments on the foreign components used in export activity. The application

indicates that the savings from FTZ procedures would help to improve the facility's international competitiveness. In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 8, 1998. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 23, 1998).

A copy of the application will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, Room 3716, U.S. Department of Commerce 14th Street & Pennsylvania Avenue, NW, Washington, DC 20230.

Dated: August 12, 1998.

##### Freshwater Crawfish Tail Meat From the People's Republic of China: Extension of Time Limits for Preliminary Results of New Shipper Antidumping Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of Extension of Time Limits For Preliminary Results of New Shipper Review.

**EFFECTIVE DATE:** August 24, 1998.

**FOR FURTHER INFORMATION CONTACT:** Michael Strollo, Laurel LaCivita or Maureen Flannery, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone: (202) 482-0648, (202) 482-4236 or (202) 482-3020, respectively.

##### The Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995,

the effective date of the amendments made to the Tariff Act of 1930 (the Act) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, codified at 19 CFR part 351, 62 FR 27295 (May 19, 1997).

### Background

On March 27, 1998, the Department of Commerce (the Department) received a request from Ningbo Nanlian Frozen Foods Company, Ltd. (Ningbo Nanlian) for a new shipper antidumping administrative review of freshwater crawfish tail meat. On May 8, 1998, the Department published its initiation of this new shipper review covering the period of September 1, 1997 through March 31, 1998 (63 FR 25449).

### Extension of Time Limits for Preliminary Results

Because of the complexities enumerated in the Memorandum from Joseph A. Spetrini to Robert S. LaRussa, Extension of Time Limit for the New Shipper Review of Freshwater Crawfish Tail Meat from the People's Republic of China, dated August 18, 1998, it is not practical to complete this review within the time limits mandated by section 751(a)(2)(B) of the Act.

Therefore, in accordance with section 751(a)(2)(B) of the Act, the Department is extending the time limits for the preliminary results 75 days to January 10, 1999. The final results continue to be due 90 days after the publication of the preliminary results.

Dated: August 18, 1998.

### Pure and Alloy Magnesium From Canada; Final Results of the Fifth (1996) Countervailing Duty Administrative Reviews

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of countervailing duty administrative reviews.

**SUMMARY:** On April 30, 1998, the Department of Commerce (the Department) published in the **Federal**

**Register** its preliminary results of the fifth administrative reviews of the countervailing duty orders on pure and alloy magnesium from Canada covering the period January 1, 1996 through December 31, 1996 (see *Pure Magnesium and Alloy Magnesium From Canada; Preliminary Results of the Fifth Countervailing Duty Administrative Reviews (Preliminary Results)*, 63 FR 23728). We have completed these reviews and determine the net subsidy in each to be 2.78 percent *ad valorem* for Norsk Hydro Canada, Inc. (NHCI). We will instruct the U.S. Customs Service (Customs) to assess countervailing duties in this amount.

**EFFECTIVE DATE:** August 24, 1998.

### FOR FURTHER INFORMATION CONTACT:

Marian Wells or Rosa Jeong, AD/CVD Enforcement, Group 1, Office 1, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC. 20230; telephone: (202) 482-6309 or (202) 482-3853, respectively.

### SUPPLEMENTARY INFORMATION:

### Background

In accordance with 19 CFR 355.22(a), these reviews cover only those producers or exporters of the subject merchandise for which reviews were specifically requested. Accordingly, these reviews cover only NHCI, a producer of the subject merchandise which exported pure and alloy magnesium to the United States during the review period.

On April 30, 1998, the Department published in the **Federal Register** the *Preliminary Results* of its fifth administrative reviews of the countervailing duty orders on pure and alloy magnesium from Canada (63 FR 23728). We invited interested parties to comment on the *Preliminary Results*. On June 1, 1998, case briefs were submitted by the Government of Québec (GOQ), and the petitioner, Magnesium Corporation of America (MAGCORP). The GOQ subsequently filed a rebuttal brief on June 8, 1998. The Department did not conduct a hearing for these reviews because none of the interested parties requested one.

These reviews cover the period January 1, 1996 through December 31, 1996 (the period of review or POR). The reviews involve one company (NHCI) and the following programs: Exemption from Payment of Water Bills, Article 7 Grants from the Québec Industrial Development Corporation (SDI), St. Lawrence River Environment Technology Development Program, Program for Export Market

Development, the Export Development Corporation, Canada-Québec Subsidiary Agreement on the Economic Development of the Regions of Québec, Opportunities to Stimulate Technology Programs, Development Assistance Program, Industrial Feasibility Study Assistance Program, Export Promotion Assistance Program, Creation of Scientific Jobs in Industries, Business Investment Assistance Program, Business Financing Program, Research and Innovation Activities Program, Export Assistance Program, Energy Technologies Development Program, and Transportation Research and Development Assistance Program.

### Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions of the Tariff Act of 1930, as amended by the Uruguay Round Agreements Act (URAA), effective January 1, 1995 (the Act). The Department is conducting this administrative review in accordance with section 751(a) of the Act. References to "Countervailing Duties: Notice of Proposed Rulemaking and Request for Public Comments," (54 FR 23366, May 31, 1989) ("1989 Proposed Regulations"), which have been withdrawn, are provided solely for further explanation of the Department's countervailing duty practice.

### Scope of the Reviews

The products covered by these reviews are shipments of pure and alloy magnesium from Canada. Pure magnesium contains at least 99.8 percent magnesium by weight and is sold in various slab and ingot forms and sizes. Magnesium alloys contain less than 99.8 percent magnesium by weight with magnesium being the largest metallic element in the alloy by weight, and are sold in various ingot and billet forms and sizes. Pure and alloy magnesium are currently classifiable under subheadings 8104.11.0000 and 8104.19.0000, respectively, of the Harmonized Tariff Schedule of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, our written description of the scope of this proceeding is dispositive.

Secondary and granular magnesium are not included in the scopes of these orders. Our reasons for excluding granular magnesium are summarized in the *Preliminary Determination of Sales at Less Than Fair Value: Pure and Alloy Magnesium From Canada* (57 FR 6094, February 20, 1992).
