DEPARTMENT OF DEFENSE**Office of the Secretary****Preparation of a Final Programmatic Environmental Assessment for the Air Drop Target System Program****AGENCY:** Ballistic Missile Defense Organization (BMDO).**ACTION:** Notice of Availability (NOA).

SUMMARY: This notifies the public that BMDO is issuing a Final Programmatic Environmental Assessment (PEA) for the Air Drop Target System Program. The PEA assesses the potential impacts associated with technology and deployment activities of the program. The proposed action is to provide the capability to produce, deploy, and maintain the Air Drop Target System. The Air Drop Target System program would provide a realistic target for current and evolving interceptor programs. The Air Drop Target System program would provide a highly flexible, short-range target system allowing multi-shot engagements with high azimuth variability. The Air Drop Target System would provide an air launch target delivery system using standard C-130 cargo aircraft, rather a fixed land-based site.

Lead Agency: Ballistic Missile Defense Organization.

Proposed Action: The BMDO proposes to provide the capability to produce, deploy, and maintain the Air Drop Target System. The Air Drop Target System program would provide a realistic target for current and evolving interceptor programs.

Findings: It has been determined, after consideration of all factors presented in the PEA and pertinent environmental legislation, that, provided the mitigation measures discussed in the PEA are implemented and future site-specific

analysis be performed, the action would not be anticipated to significantly affect the quality of the human environment, and there would be no significant environmental effects associated with this action. For the foregoing reasons, a Finding of No Significant Impact (FNSI) is appropriate, and an environmental impact statement will not be prepared.

ADDRESSES: Forward comments and recommendations on the FNSI and PEA to Mr. Crate J. Spears, Room 1E1081, Ballistic Missile Defense Organization, 7100 Defense Pentagon, Washington, DC 20301-7100.

FOR FURTHER INFORMATION CONTACT: To request more information on the FNSI and PEA or to obtain a copy of the FNSI or PEA, please write to the above address, or call Mr. Crate J. Spears at 703-604-3893.

Dated: August 24, 1998.
