Anti-Drug/Violence Program, National Voter Education Program, Children and Family Development, Economic Development Program, Leadership Development Program, and the National Health Program. All of these programs provide a foundation upon which to develop, promote, and manage education and health-related programs aimed at preventing and reducing unnecessary morbidity and mortality rates among African Americans, as well as, improving the quality of life for African Americans.

2. Established itself and its members as a national association with numerous clergy and professionals who serve as leaders and experts in planning, developing, implementing, and promoting educational policy campaigns (locally and nationally) aimed at reducing adverse health behaviors and improving the African American community's overall educational and social well being.

3. Developed a national association whose membership consist of 8 historic black denominations with established linkages to 65,000 African American churches and 19 million people.

4. Developed a base of critical knowledge, skills, and abilities related to serving African Americans with a range of health and social problems. Through the collective efforts of various diverse groups; special institutions, governmental agencies, businesses, legislative and judicial bodies, media and other parts of the community. CNBC has demonstrated (1) the ability to form successful partnerships on mutual education, research, and health endeavors relating to the goal of health promotion and disease prevention in African Americans, (2) leadership necessary to attract minority students into public service and health careers, and (3) the leadership needed to assist health care professionals to work more effectively with African American clients and communities.

This cooperative agreement will be awarded in FY 1998 for a 12-month budget period within a project period of 5 years. Continuation awards within the project period will be made on the basis of satisfactory progress and the availability of funds.

Where To Obtain Additional Information

If you are interested in obtaining additional information regarding this project, contact Ms. Georgia Buggs, Office of Minority Health, 5515 Security Lane, Suite 1000, Rockville, Maryland 20852 or telephone (301) 443–5084.

The Catalogue of Federal Domestic Assistance number is 93.004.

Dated: December 2, 1997.

Clay E. Simpson, Jr.,

Deputy Assistant Secretary for Minority Health.

Administration on Aging

[Program Announcement No. AoA–98–1]

Fiscal Year 1998 Program Announcement; Availability of Funds and Notice Regarding Applications

AGENCY: Administration on Aging, HHS.

ACTION: Announcement of availability of funds and request for applications to carry out the functions of a National Long-Term Care Ombudsman Resource Center.

SUMMARY: The Administration on Aging announces that it will hold a cooperative agreement/grant award competition under this program announcement for a National Long-Term Care Ombudsman National Resource Center. The deadline date for the submission of applications is March 16, 1998. Public and/or nonprofit agencies, organizations, and institutions are eligible to apply under this program announcement. To be considered for funding, however, Center applicants must demonstrate a proven track record of experience with the operation and organization of the Long-Term Care Ombudsman Program at national, state, and local levels, as well as a thorough command of the history and current status of the program and the policy considerations bearing on its future development.

Application kits are available by writing to the Department of Health and Human Services, Administration on Aging, Office of Elder Rights Protection, 330 Independence Avenue, SW., Room 4254, Washington, DC 20201, or by calling 202/619–7585.

Jeanette C. Takamura,

Assistant Secretary for Aging.

Centers for Disease Control and Prevention

Hanford Thyroid Morbidity Study Advisory Committee; Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Centers for Disease Control and Prevention (CDC) announces the following meeting.

Name: Hanford Thyroid Morbidity Study Advisory Committee.

Time and Date: 9 a.m.-5 p.m., February 13, 1998.

Place: Doubletree Hotel, 18740 Pacific Highway South, Seattle, Washington 98188, telephone 206/246–8600, fax 206/431–8687.

Status: Open to the public, limited only by the space available.

Purpose: This committee is charged with providing advice and guidance to the Director, CDC, regarding the scientific merit and direction of the Hanford Thyroid Morbidity Study. The Committee will review development of the study protocol and recommend changes of scientific merit to CDC, and advise on the conduct of a full-scale epidemiologic study using the approved protocol. During the conduct of the full-scale epidemiologic study, the Committee will advise CDC on the design and conduct of the study and analysis of the results.

Matters to be Discussed: The Committee will discuss the progress and updates on the status of various components of the Hanford Thyroid Disease Study being conducted by the Fred Hutchinson Cancer Research Center. Agenda items include: National Center for Environmental Health (NCEH) activities on the progress of current studies, an update on the Native American component, and public involvement activities.

Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Mike Donnelly, Public Health Advisor, Radiation Studies Branch, Division of Environmental Hazards and Health Effects, NCEH, CDC, 4770 Buford Highway, NE, (F–35), Atlanta, Georgia 30341–3724, telephone 770/488–7040, FAX 770/488–7044.

Dated: January 23, 1998.

Carolyn J. Russell,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention (CDC).

Food and Drug Administration

[Docket No. 84N–0102]

Cumulative List of Orphan Drug and Biological Designations

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the availability of a cumulative list of designated orphan drugs and biologics as of December 31, 1997. FDA has announced the availability of previous lists, which are brought up-to-date monthly, identifying the drugs and biologicals granted orphan-drug designation under the Federal Food, Drug, and Cosmetic Act (the act).

ADDRESSES: Copies of the list of current orphan-drug designations and of any future lists are or will be available from the Dockets Management Branch (HFA–305), Food and Drug Administration, 12420 Parklawn Dr., rm. 1–23, Rockville, MD 20857, and the Office of Orphan Products Development (HF–35), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–827–3666.

FOR FURTHER INFORMATION CONTACT: Erica K. McNeilly, Office of Orphan Products Development (HF–35), Food and Drug Administration, 5600 Fishers Lane, Rockville, MD 20857, 301–827–0983.

SUPPLEMENTARY INFORMATION: FDA's Office of Orphan Products Development (OPD) reviews and takes final action on applications submitted by sponsors seeking orphan-drug designation under section 526 of the act (21 U.S.C. 360bb). In accordance with this section of the act, which requires public notification of designations, FDA maintains a list of designated orphan drugs and biologicals. This list is made current on a monthly basis and is available upon request from OPD (contact identified above). At the end of each calendar year, the agency publishes an up-to-date cumulative list of designated orphan drugs and biologicals, including the names of designated compounds, the specific disease or condition for which the compounds are designated, and the sponsors' names and addresses. The cumulative list of compounds receiving orphan-drug designation through 1988 was published in the **Federal Register** of April 21, 1989 (54 FR 16294). This list is available on request from FDA's Dockets Management Branch (address above). Those requesting a copy should specify the docket number found in brackets in the heading of this notice.

The list that is the subject of this notice consists of designated orphan drugs and biologicals through December 31, 1997, and, therefore, brings the March 13, 1997 (62 FR 11900) publication up to date.

The orphan-drug designation of a drug or biological applies only to the sponsor who requested the designation. Each sponsor interested in developing an orphan drug or biological must apply for orphan-drug designation in order to obtain exclusive marketing rights. Any request for designation must be received by FDA before the submission of a marketing application for the proposed indication for which designation is requested. (See 53 FR 47577, November 23, 1988.) Copies of the regulations (see 57 FR 62076, December 29, 1992) for use in preparing an application for orphan-drug designation may be obtained from the OPD (address above).

The names used in the cumulative list for the drug and biological products that have not been approved or licensed for marketing may not be the established or proper names approved by FDA for these products if they are eventually approved or licensed for marketing. Because these products are investigational, some may not have been reviewed for purposes of assigning the most appropriate established proper name.

Dated: January 21, 1998.

William K. Hubbard,

Associate Commissioner for Policy Coordination.
