Notice of Intent to Issue a Concession Permit at Rocky Mountain National Park

SUMMARY: Pursuant to the Act of October 9, 1965 (P.L. 89-249; 79 Stat. 969; 16 U.S.C. 20 *et seq.*), notice is hereby given that the National Park Service intends to issue a concession permit at Rocky Mountain National Park with a term of three years. The services to be provided under this permit are; instruction and guide services in technical rock climbing, mountaineering, and ski mountaineering. This short term authorization is necessary to allow the continuation of public services during the completion of planning documents for Rocky Mountain National Park. The current concessioner has performed its obligation to the satisfaction of the Secretary of Interior and retains its right of preference under this administration action.

EFFECTIVE DATE: Any party interested in making an offer for this new permit must do so within 15 days of the date of publication of this announcement. A copy of the prospectus for this concession authorization may be obtained from the Chief of Concessions Management, Intermountain Support Office, National Park Service, 12795 West Alameda Parkway, P.O. Box 25287, Denver, Colorado, 80225-0287, or call: (303) 969-2661.

INFORMATION: Information regarding this notice can be obtained from: Chief, Concessions Management, Intermountain Support Office, Attention: Judy Jennings, National Park Service, 12795 West Alameda Parkway, P.O. Box 25287, Denver, Colorado, 80225-0287, or call: (303) 969-2661.

The National Park Service is currently in the planning process to determine the future direction of concession services in Rocky Mountain National Park. This necessary planning process will directly affect future concession activities. Included in this planning process is the development of a commercial services plan. It is anticipated that the park commercial services plan will be completed in 1999. Until planning is completed, it is not in the best interest of the park to enter into a longer term concession permit. It is the intention of the National Park Service to complete the planning process then conduct a public solicitation and selection of a concessioner for a longer permit period.
