The area described contains 80 acres in Lake County.

5. At 8:30 a.m. on October 19, 1998, the land described in paragraph 2, except as provided in paragraphs 3 and 4, will be opened to the operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. All valid applications received at or prior to 8:30 a.m., on October 19, 1998, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

6. At 8:30 a.m. on October 19, 1998, the land described in paragraph 2, except as provided in paragraphs 3 and 4, will be opened to the location and entry under the United States mining laws for nonmetalliferous minerals, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the

requirements of applicable law. Appropriation of lands described in this order under the general mining laws for nonmetalliferous minerals prior to the date and time of restoration is unauthorized. Any such attempted appropriation, including attempted adverse possession under 30 U.S.C. 38 (1994), shall vest no rights against the United States. Acts required to establish a location and to initiate a right of possession are governed by State law where not in conflict with Federal law. The Bureau of Land Management will not intervene in disputes between rival locators over possessory rights since Congress has provided for such determinations in local courts.

Dated: August 28, 1998.

Bob Armstrong,

Assistant Secretary of the Interior.

Proposed Resource Management Plan/ Final Environmental Impact Statement; Dixie Resource Area, Utah

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: In accordance with Section 102 of the National Environmental Policy Act of 1969, Section 202 of the Federal Land Policy and Management Act of 1976, and 43 CFR Part 1610, the Proposed Resource Management Plan (RMP)/Final Environmental Impact Statement (EIS), hereafter referred to as the "Proposed Plan", has been prepared for the Dixie Resource Area, Cedar City District, Utah, and is available for a thirty day public review and protest period. The Proposed Plan provides decisions for management of approximately 629,000 acres of public lands and 675,750 acres of Federal mineral estate in Washington County, in southwestern Utah. The Proposed Plan is presented in a condensed final environmental impact statement format that (a) draws upon elements of each of the four alternatives analyzed in the Draft RMP/EIS to formulate the new Proposed Plan, (b) reflects consideration given to public comments on, and corrections to, the Draft RMP/EIS, as well as rewording for clarification, and (c) incorporates an expanded environmental impact analysis section.

FOR FURTHER INFORMATION CONTACT:

Lauren Mermejo, RMP Planning Coordinator, Bureau of Land Management, Dixie Resource Area Office, 345 E. Riverside Drive, St. George, Utah 84790, telephone 435-688-3216.

ADDRESSES: Protests must be addressed to the Director (WO-210), Bureau of Land Management, Attn: Brenda Williams, Resource Planning Team, 1849 C Street, NW., Washington, DC 20240, within 30 days after the date of publication of this notice for the Proposed Plan.

DATES: The Proposed Plan may be protested. The protest period will commence with the date of publication of a Notice of Filing by the Environmental Protection Agency, which is expected to be on September 18, 1998. Protests must be submitted on or before October 17, 1998.

SUPPLEMENTARY INFORMATION: The Proposed Plan presents decisions for managing public lands for the following resource categories or uses: Lands (including acquisition, transfer, easement acquisition, and rights-of-way), Energy and Minerals (including fluid minerals, locatable minerals, and mineral materials), Transportation, Air Quality, Soil and Water, Riparian, Vegetation (including composition and special status species), Fish and Wildlife Habitat (including special status species), Livestock Grazing, Forestry, Recreation, Off-Highway Vehicles, Visual, Wilderness, Cultural and Paleontological, Hazardous Wastes, Fire, and Special Emphasis Areas (including Wild and Scenic Rivers, Areas of Critical Environmental Concern [ACECs], Native American Coordination, and Zion National Park Coordination).

The Proposed Plan brings forth ten ACECs for designation that BLM has determined to require special management to prevent irreparable damage to important historic, cultural, or scenic values, fish and wildlife resources, or other natural systems. In addition, there are portions of five river segments that BLM has concluded it would recommend as suitable for Congressional designation under the Wild and Scenic Rivers Act. This Proposed Plan promotes opportunities for community based partnerships and collaborative processes for successful and effective management of public lands into the future.

The Dixie Resource Area Draft RMP/EIS was released for public review and comment in October of 1995 and was followed by a seven month comment period. The Draft RMP/EIS analyzed

four alternatives to managing public lands in Washington County, Utah. The Dixie Resource Area Office received over 800 comment letters on the Draft RMP/EIS from local, state and federal governments, interest groups, and the public at large. Major concerns brought forth from proposed decisions of the Draft RMP/EIS included wild and scenic river issues, off-highway vehicle management designations, visual resource protection zones, rights-of-way restrictions, threatened and endangered species protection, the Virgin River and its associated resources, as well as, potential reservoir development, among others. Since the release of the Draft RMP/EIS, public meetings, workshops, mailings, and briefings have been conducted to solicit comments, new information, and ideas for the Proposed Plan.

The Proposed Plan responds to public comments received on the Draft RMP/EIS. The Proposed Plan also corrects errors in the Draft RMP/EIS identified through the public comment process and internal BLM review. The Proposed Plan and associated analysis presents a refined and modified version of the Preferred Alternative and the accompanying impact analysis contained in the Draft RMP/EIS. The Proposed Plan can be used in conjunction with the Draft RMP/EIS to facilitate review of the initial four alternatives. The description of the affected environment and detailed descriptions of the alternatives contained in the Draft RMP/EIS, as well as some of the appendices, are referenced but not reproduced in the Proposed Plan.

Copies of the Proposed Plan are available from the Dixie Resource Area Office, 345 E. Riverside Drive, St. George, Utah, 84790, 435-688-3216. Public reading copies will be available for review at all government-document depository libraries, and at the following BLM locations: Office of Public Affairs, Main Interior Building, 18th and C Streets N.W., Washington, DC 20240; Information Access Center (4th Floor), Utah BLM State Office, 324 S. State Street, Salt Lake City, Utah, 84111; Cedar City District Office, 176 East DL Sargent Drive, Cedar City, Utah 84720; and Dixie Resource Area Office, 345 East Riverside Drive, St. George, Utah 84790. Background information and reference materials used in developing the Proposed Plan are available for review in St. George at the Dixie Resource Area Office.

Written protests on the Proposed Plan will be accepted for 30 days following the date the Environmental Protection Agency published the Notice of Filing of

this document in the **Federal Register**. It is anticipated that the filing date will be on September 18, 1998, thus ending the public review/protest period on October 17, 1998, and the Governor's 60-day consistency review on November 16, 1998. Any part of this Proposed Plan may be protested only by parties who participated in the planning process. Protests must pertain to issues that were identified in the Draft RMP/EIS or through the public comment process. Protests must be addressed to the BLM Director at the address listed under **ADDRESSES**. The protest must be specific and contain the following information: —The name, mailing address, telephone number and interest of the person filing the protest; —A statement of the issue(s) being protested; —A statement of the part(s) of the proposed amendment being protested, and a citing of pages, paragraphs, maps, etc., of the Proposed Plan, where practical.; —A copy of all documents addressing the issue(s) that were submitted by the protestor during the planning process; and —A concise statement explaining why the BLM State Director's proposed decision is believed to be in error.

At the end of the 30-day protest period, the Proposed Plan, excluding any portion under protest will become final.

Approval will be withheld on any portion of the plan under protest until final action has been completed on such protest.

Dated: September 9, 1998.

G. William Lamb,
State Director, Utah.
