Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Mackinac County, MI in the Possession of the Michigan State University Museum, Michigan State University, East Lansing, MI

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American

Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects from Mackinac County, MI in the possession of the Michigan State University Museum, Michigan State University, East Lansing, MI.

A detailed assessment of the human remains was made by Michigan State University Museum professional staff in consultation with representatives of Little Traverse Bay Band of Odawa Indians.

During 1966-1967, human remains representing a minimum of 137 individuals were recovered from the Lasanen site during legally authorized excavations conducted by the Michigan State University Museum. During this time, Mrs. Marie Lasanen, owner of the Lasanen site, donated these human remains to the Michigan State University Museum. No known individuals were identified. The 18,622 associated funerary objects include metal and trade items such as; knives, awls, harpoons, scissors, strike-a-lites, projectile points, finger rings, bracelets, a box, a sword pommel, buttons, bells, tinkling cones, saw parts, a trade silver cross, a pail, iron mail, Jesuit rings, and medallions; shell items including beads pendants runtees, effigies, and a gorget; catlinite pendants and beads; antler, bone, and ivory harpoons, points, fakes, containers, a comb, and buttons; chipped stone items including gunflints, scrapers, and projectile points; textiles; glass beads; and wood, charcoal, fabric remnants, ochre, vermilion, and animal bone fragments.

Based on analysis of the associated funerary objects and manner of interment, the Lasanen site has been identified as a late 17th century burial site. Historical documents correlate the presence of an Ottawa (Odawa) settlement on the site during the 17th century. Jesuit documents from the period describe an Ottawa mortuary ceremony in close proximity to the Lasanen site which correspond to the manner of interments found during the Lasanen excavations. Oral tradition presented by representatives of the Little Traverse Bay Band of Odawa Indians states the Ottawa formerly lived at the Straits of Mackinac, where the Lasanen site is located, and the place is referred to as *Geteodawin*, "the place of our old town."

Based on the above mentioned information, officials of the Michigan State University Museum have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of a minimum of 137 individuals of Native
