[Docket No. CP98-792-000]

**Texas Eastern Transmission Corporation; Notice of Request Under Blanket Authorization**

September 23, 1998.

Take notice that on September 18, 1998, Texas Eastern Transmission Corporation (Texas Eastern) 5400 Westheimer Court, Houston, Texas 77056-5310, filed in Docket No. CP98-792-000 a request pursuant to Sections 157.205 and 157.211 of the Commission's Regulations under the Natural Gas Act for authorization to construct a delivery point in Madison County, Kentucky, so that Texas Eastern may provide natural gas deliveries to Delta Natural Gas Company (Delta), a local distribution company and existing Texas Eastern customer. Texas Eastern makes this request, all as more fully set forth in the request for authorization on file with the Commission and open for public inspection, under its blanket certificate issued in Docket No. CP82-535-000.<sup>1</sup>

Texas Eastern proposes to construct and install dual 2-inch tap valves, dual 2-inch isolation valves, a 2-inch check valve and a 2-inch insulating flange on Texas Eastern's existing 30-inch Line Nos. 10 and 15 at approximate Mile Post 457.99 in Madison County, Kentucky (Tap). In addition to the facilities described above, Delta will install, or cause to be installed, a dual 2-inch turbine meter plus associated piping (Meter Station), approximately 100 feet of 2-inch pipeline which will extend from the Meter Station to the Tap (Connecting Pipe), and electronic gas measurement equipment (EGM).

Delta will reimburse Texas Eastern for 100% of the costs and expenses that Texas Eastern will incur for installing the Tap and for reviewing and inspecting the installation of the Meter Station, Connecting Pipe, and EGM. Such costs and expenses are estimated

to be approximately \$34,611, including an allowance for federal income taxes.

Texas Eastern states that the transportation service will be rendered pursuant to Texas Eastern's Open Access Rate Schedules of Texas Eastern's FERC Gas Tariff, Volume No. 1. Texas Eastern's existing tariff does not prohibit the addition of this facility. Texas Eastern states that the installation of the delivery point will have no effect on Texas Eastern's peak day or annual deliveries. Texas Eastern submits that its proposal will be accomplished without detriment or disadvantage to Texas Eastern's other customers.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed to be authorized effective the day after the time allowed for filing a protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.
