Based on accession information, this individual has been determined to be Native American. Based on the original accession information from the Academy of Natural Sciences, this individual has been determined to be S'Klallam. The northwestern region of Puget Sound, which extends to the Dungeness River mouth, incorporates the traditional territory of the Port Gamble S'Klallam Reservation. Geographical and historical evidence provided by representatives of the Jamestown S'Klallam Tribe indicates cultural affiliation between these human remains and the present-day Port Gamble S'Klallam Indian Community of the Port Gamble Reservation.

Based on the above mentioned information, officials of the University of Pennsylvania Museum have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the University of Pennsylvania Museum have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and the Jamestown S'Klallam Tribe, the Port Gamble Indian Community of the Port Gamble Reservation, and the Lower Elwha Tribal Community of the Lower Elwha Reservation.

This notice has been sent to officials of the Jamestown S'Klallam Tribe, the Port Gamble Indian Community of the Port Gamble Reservation, and the Lower Elwha Tribal Community of the Lower Elwha Reservation. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Dr. Jeremy Sabloff, the Williams Director, University of Pennsylvania Museum of Archaeology and Anthropology, 33rd and Spruce Streets, Philadelphia, PA 19104-6324; telephone: (215) 898-4051, fax: (215) 898-0657, before [thirty days after publication in the **Federal Register**]. Repatriation of the human remains to the Jamestown S'Klallam Tribe, the Port Gamble Indian Community of the Port Gamble Reservation, and the Lower Elwha Tribal Community of the Lower Elwha

National Park Service

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Munnsville, NY in the Possession of the University of Pennsylvania Museum of Archaeology and Anthropology, University of Pennsylvania, Philadelphia, PA

AGENCY: National Park Service

ACTION: Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects from Munnsville, NY in the possession of the University of Pennsylvania Museum of Archaeology and Anthropology, University of Pennsylvania, Philadelphia, PA.

A detailed assessment of the human remains was made by University of Pennsylvania Museum professional staff in consultation with representatives of the Oneida Indian Nation of New York and the Oneida Tribe of Indians of Wisconsin.

In 1944, human remains representing two individuals were removed from the Ellenwood site, Munnsville, NY by Mr. (Elton?) Lake. In 1944, these human remains were donated to the University of Pennsylvania Museum by George Roberts of Sharon Hill, PA. No known individuals were identified. The four associated funerary objects include three iron fragments and mirror glass.

Based on accession information and associated funerary objects, these individuals have been determined to be Native American from the early historic period. Based on historic documents, the Ellenwood site has been identified as an Oneida village and cemetery occupied during the 17th century. Representatives of the Oneida Indian Nation of New York have presented geographical and historical evidence during consultation indicating cultural affiliation with the Ellenwood site.

Based on the above mentioned information, officials of the University of Pennsylvania Museum have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of two individuals of Native American ancestry. Officials of the University of Pennsylvania Museum have also determined that, pursuant to 43 CFR 10.2 (d)(2), the four objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Officials of the University of Pennsylvania Museum have also determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the Oneida Indian Nation of New York and the Oneida Tribe of Indians of Wisconsin.

This notice has been sent to officials of the Oneida Indian Nation of New York and the Oneida Tribe of Indians of Wisconsin. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Dr. Jeremy Sabloff, the Williams Director, University of Pennsylvania Museum of Archaeology and Anthropology, 33rd and Spruce Streets, Philadelphia, PA 19104-6324; telephone: (215) 898-4051, fax: (215) 898-0657 before November 2, 1998. Repatriation of the human remains and associated funerary objects to the Oneida Indian Nation of New York and the Oneida Tribe of Indians of Wisconsin may begin after that date if no additional claimants come forward.

SUPPLEMENTARY INFORMATION:

Background.—On January 7, 1981, the Department of Commerce issued an antidumping duty order on imports of anhydrous sodium metasilicate from France (46 F.R. 1667). The Commission is conducting a review to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time.

Definitions.—The following definitions apply to this review:

(2) The Subject Country in this review is France.

(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determination, the Commission defined the Domestic Like Product as anhydrous sodium metasilicate.

(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determination, the Commission defined the Domestic Industry as producers of anhydrous sodium metasilicate.

Authorized applicants must represent interested parties, as defined in 19 U.S.C. § 1677(9), who are parties to the review. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification.—Pursuant to section 207.3 of the Commission's rules, any person submitting information to the

Commission in connection with this review must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.
