

Los Alamos, NM which meet the definition of "sacred object" under Section 2 of the Act.

The two cultural items are lightning stones.

In 1988, these cultural items were recovered from the Burnt Mesa Pueblo site, located within the Monument boundaries, by Dr. Timothy Kohler of the Washington State University. Based on ceramics, this site has been identified as a Pueblo II occupation, dating to AD 1200-1350.

The two other cultural items are a lightning stone and a kiva bell.

Monument accession records do not record the provenience for a third lightning stone and one kiva bell. However, they are believed to have been recovered from the Monument, as they are similar to the type and appearance of other items found at other sites in the Monument area. The estimated dates of the two objects are between AD 1200-1600 on the basis of similar objects found in the area.

Anthropological, archeological, and oral tradition evidence indicates that the monument area has been continuously occupied by Keres-speaking pueblo groups (including the Pueblo of Acoma, Pueblo of Cochiti, Pueblo of Laguna, Pueblo of San Felipe, Pueblo of Santa Ana, Pueblo of Santo Domingo, and Pueblo of Zia) and the Tewa-speaking pueblo groups (including the Pueblo of Nambe, Pueblo of Pojoaque, Pueblo of San Ildefonso, Pueblo of San Juan, Pueblo of Santa Clara, Pueblo of Tesuque, and the present-day Hano Village at Hopi) since at least AD 1100.

In 1995, representatives of Bandelier National Monument began consultation with the Pueblo of Cochiti as part of its NAGRPA compliance process. Cochiti traditional religious leaders reviewed the Monument's archeological collection and identified these four specific items as needed for the practice of traditional Cochiti religion by present-day adherents. Information regarding the names of the traditional religious leaders and specific ceremonies in which these objects will be used is being withheld from this notice by the Superintendent of the Monument, at the request of the Cochiti representatives, in order not to compromise the Pueblo of Cochiti's code of religious practice.

Based on the above-mentioned information, officials of the National Park Service have determined that, pursuant to 42 CFR 10.2 (d) (3), these four objects are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native religion by present-day adherents. Officials of the

National Park Service have also determined that, pursuant to 43 CFR 10.2 (e), that there is a shared group identity which can be reasonably traced between these objects and the Pueblo of Acoma, Pueblo of Cochiti, Pueblo of Laguna, Pueblo of Nambe, Pueblo of Pojoaque, Pueblo of San Felipe, Pueblo of San Ildefonso, Pueblo of San Juan, Pueblo of Santa Ana, Pueblo of Santa Clara, Pueblo of Santo Domingo, Pueblo of Tesuque, Pueblo of Zia, and Hopi Tribe.

This notice has been sent to officials of the Pueblo of Acoma, Pueblo of Cochiti, Pueblo of Isleta, Pueblo of Jemez, Pueblo of Laguna, Pueblo of Nambe, Pueblo of Pojoaque, Pueblo of Picuris, Pueblo of San Felipe, Pueblo of San Ildefonso, Pueblo of San Juan, Pueblo of Sandia, Pueblo of Santa Ana, Pueblo of Santa Clara, Pueblo of Santo Domingo, Pueblo of Taos, Pueblo of Tesuque, Pueblo of Zia, Pueblo of Zuni, Ysleta Del Sur Pueblo of Texas and the Hopi Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Roy W. Weaver, Superintendent, Bandelier National Monument, National Park Service, HCR 1, Box 1, Suite 15, Los Alamos, New Mexico 87544; telephone: (505) 672-3861, ext. 501 before November 2, 1998. Repatriation of these cultural items to the Pueblo of Cochiti will begin after that date if no additional claimants come forward.

Dated: September 28, 1998.

BILLING CODE 4410-18-M

DEPARTMENT OF LABOR

Employment Standards Administration

Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determination in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29

CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under the Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, NW., Room S-3014, Washington, DC 20210.
