Merchant Marine Personnel Advisory Committee; Request for Applications

AGENCY: Coast Guard, DOT. **ACTION:** Request for applications.

SUMMARY: The Coast Guard is seeking applicants to serve on the Merchant Marine Personnel Advisory Committee (MERPAC). MERPAC is a 19-member Federal Advisory Committee appointed by the Secretary of Transportation to advise the Coast Guard on matters related to the training, qualification, licensing, certification, and fitness of seamen serving in the U.S. merchant marine.

DATES: Membership applications should be received no later than April 6, 1998.

ADDRESSES: Persons interested in serving on MERPAC may obtain an application form by writing to Commandant (G–MSO–1), U.S. Coast Guard, 2100 2nd St., SW., Washington, DC 20593–0001, or by calling (800) 842–8740 ext. 7–6890, between 8 a.m. and 4 p.m. Monday through Friday, except Federal holidays. Requests for application forms may also be faxed to (202) 267–4570.

FOR FURTHER INFORMATION CONTACT:

Commander Steven J. Boyle, Executive Director, or Mr. Mark Gould, Assistant Executive Director, at the above address or by telephone at (202) 267–0214.

supplementary information: MERPAC is chartered under the Federal Advisory Committee Act (5 U.S.C. App. 2) to advise the Coast Guard on merchant marine personnel issues such as implementation of the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 1978, types of marine simulation utilized in lieu of sea service for marine licenses, and regional examination center activities. Seven current appointments expire in January 1998.

Applicants with one or more of the following backgrounds are needed to fill the positions:

- (a) Deck officer.
- (b) Three marine educator representatives.
 - (c) Engineering officer.
 - (d) Public representative.
 - (e) Unlicensed engineer.

The membership term is 3 years. No member may hold more than two consecutive 3-year terms.

To achieve the desired balance of membership, the Coast Guard is

especially interested in receiving applications from minorities, women, and persons with disabilities. The members of the Committee serve without compensation from the Federal Government; however, travel reimbursement and per diem will be provided. The MERPAC Committee normally meets twice a year, once in Washington, DC, and once elsewhere in the country. Working group meetings may be authorized for specific problems as required.

Applicants may be required to complete an Executive Branch Confidential Financial Disclosure Report (SF 450).

Joseph J. Angelo,

Director of Standards, Marine Safety and Environmental Protection.

Federal Highway Administration

Environmental Impact Statement: Madison, Wayne and Butler Counties, Missouri

AGENCY: Federal Highway Administration (FHWA), DOT. ACTION: Notice of intent.

SUMMARY: The FHWA is issuing this notice to advise the public that an environmental impact statement (EIS) will be prepared for proposed improvements to the transportation system in Madison, Wayne, and Butler Counties, Missouri.

FOR FURTHER INFORMATION CONTACT: Donald Neumann, Programs Engineer, FHWA Division Office, PO Box 1787, Jefferson City, MO 65102, Telephone: (573) 636–7104 or Scott Meyer, District Engineer, Missouri Department of Transportation, PO Box 160, Sikeston, MO 63801, Telephone: (573) 472–5333.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the Missouri Department of Transportation (MoDOT), will prepare an EIS for a proposed project to improve the transportation system in the vicinity of U.S. 67 in Madison, Wayne and Butler Counties, Missouri.

Improvements to the corridor are considered necessary to provide for a

safe and efficient transportation network. Alternatives under consideration include (1) Taking no action; (2) using alternate travel modes: (3) upgrading and improving the existing roadways; and (4) constructing a four-lane roadway on new or partiallynew location. Design variations of grade and alignment will be incorporated into and studied with the various build alternatives. The proposed action will likely include transportation improvements from south of Fredericktown to approximately three miles north of the Missouri/Arkansas state line, in the vicinity of Neeleyville, Missouri.

The scoping process will involve all appropriate federal, state, and local agencies, and private organizations and citizens who have previously expressed or are known to have interest in this proposal. A series of public meetings will be held to engage the regional community in the decision making process and to obtain public comment. A public meeting is expected for early 1998. Subsequent public meetings will be conducted as the location study process progresses. In addition, a public hearing will be held to present the findings of the draft EIS (DEIS). The DEIS will be available for public and agency review and comment prior to the public hearing.

To ensure that the full range of issues related to this proposed action are addressed and all significant issues identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA or MoDOT at the addresses provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12373 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Federal Transit Administration

National ITS Architecture Consistency Meetings

AGENCIES: Federal Highway Administration (FHWA), Federal Transit Administration (FTA), DOT. ACTION: Notice.

SUMMARY: This notice announces a series of regional meetings at which DOT will discuss national ITS architecture consistency as it relates to highway and transit improvements that incorporate Intelligent Transportation Systems (ITS). It is anticipated that the upcoming surface transportation reauthorization bill will require federally funded projects which contain ITS elements to be consistent with the National ITS Architecture and approved standards. In anticipation, DOT is initiating a series of outreach meetings to engage a broad range of stakeholders in discussions regarding consistency requirements. These meetings will be of interest to those involved in the planning, design and implementation of technology applications in transportation. The first meeting will be held in the Boston area. Regional meetings are also planned for March in Houston, TX and Los Angeles, CA; specific dates and locations will be published at a later date. Additional meetings are proposed for April and

DATES: The Boston area meeting will be held February 25–26, 1998, from 8:30 a.m. to 5:00 p.m. on February 25th and from 8:30 a.m. to 12:00 p.m. on February 26th.

ADDRESSES: The Boston area meeting will be held at the Volpe National Transportation Systems Center, 55 Broadway, Kendall Square, Cambridge, Massachusetts.

SUPPLEMENTARY INFORMATION: The National ITS Architecture is a master blueprint for building an integrated, multimodal, intelligent transportation system. It provides a common framework that define key elements required for ITS functions. As such, it is an invaluable resource for planners, builders, designers, and operators of highway and transit systems to use in extending and integrating their systems operations.

A general introduction to ITS will be provided, but presentations will assume a basic awareness of technology applications in transportation. The
