c. Visitor use in the Northern Coyote Buttes Special Management Area is limited to no more than ten persons per day.

e. A separate reservation and fee payment must be made for each day requested.

#### *Specific to Commercial Guides and Organizations*

a. Commercial users may, after receiving authorization through procedures set forth in 43 CFR 8372, operate in the canyons and Coyote Buttes under one or both of the following modes:

(1) Authorized commercial users will depend on visitors to contract their services when visitors have either (a) successfully acquired a non-commercial use permit for areas requiring reservations/permits or, (b) desired a guide for areas not requiring reservations, such as day-use in the canyons or the remaining non-fee/non reservation portions of the wilderness.

(2) All authorized guides will be listed in various forms of BLM hiking information media, with the information sent to successful permit holders. Commercial guides may market their availability as guides. As guides are retained for service under this mode, they will not count against the group size limit or the total visitor limit for the given day. Parties will be limited to one guide each under this option.

b. For areas requiring reservations/permits, commercial users compete with non-commercial visitors for permits on

a first-come, first-served basis.

Commercial users reserve no more than one entry day per week under this option. Fees for reserved dates will be paid at the time of reservation. For permits reserved under this option, guides will count against both the group size and the total visitor limit for the given day. BLM would not limit the number of guides per permit under this option.

### 47 CFR Part 73

[MM Docket No. 97-232; RM-9191]

#### Radio Broadcasting Services; Eureka, MT

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule.

**SUMMARY:** This document allots Channel 228C3 to Eureka, Montana, as that community's first local FM broadcast service in response to a petition filed by William G. Brady d/b/a KHJ Radio. See 62 FR 61953, November 20, 1997. The coordinates for Channel 228C3 at Eureka are 48-52-54 and 115-02-54. Although there is no site restriction for the allotment, our analysis indicates that Channel 228C3 at Eureka is short-spaced to vacant Channel 226C, Cranbrook, British Columbia, Canada. Therefore, concurrence from the Canadian government has been obtained for the allotment of Channel 228C3 at Eureka as a specially negotiated short-spaced allotment. With this action, this proceeding is terminated. A filing window for Channel 228C3 at Eureka will not be opened at this time. Instead, the issue of opening a filing window for this channel will be addressed by the Commission in a subsequent order.
