DEPARTMENT OF ENERGY

International Energy Agency Meeting

AGENCY: Department of Energy.

ACTION: Notice of meeting.

SUMMARY: The Industry Advisory Board (IAB) to the International Energy Agency (IEA) will meet November 18-19, 1998 at the headquarters of the International Energy Agency in Paris, France.

FOR FURTHER INFORMATION CONTACT: Samuel M. Bradley, Acting Assistant General Counsel for International and Legal Policy, Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585, 202-586-6738.

SUPPLEMENTARY INFORMATION: In accordance with section 252(c)(1)(A)(i) of the Energy Policy and Conservation Act (42 U.S.C. 6272(c)(1)(A)(i)), the following meeting notice is provided:

A meeting of the Industry Advisory Board (IAB) to the International Energy Agency (IEA) will be held on November 18 and November 19, 1998, at the headquarters of the IEA, 9 rue de la Federation, Paris, France, beginning at approximately 9:30 a.m. The purpose of this meeting is to permit attendance by representatives of U.S. company members of the IAB at a meeting of the IEA's Standing Group on Emergency Questions (SEQ) which is scheduled to be held at the IEA's offices on November 18-19, 1998, including a preparatory encounter among company representatives on November 18 from

approximately 8:30 a.m. to 9:30 a.m. The Agenda for the preparatory encounter among company representatives is to elicit views regarding items on the SEQ's Agenda. The Agenda for the SEQ meeting is under the control of the SEQ. It is expected that the SEQ will adopt the following Agenda:

Agenda—Emergency Response Exercise 1998

November 18, 1998

1. Welcome to the IEA
2. Objectives of the Session
3. General Introduction and Description of IEA Emergency Management Organization
 - The Agreement on an International Energy Program (IEP) and basic objectives of the IEA
 - Emergency Management Organization—the IEP, IAB, SEQ, Industry Supply Advisory Group, and Emergency Operations Team
4. Introduction to the Emergency Management Manual (EMM) and Reference Guide and to Coordinated Emergency Response Measures (CERM)
5. An Introduction to IEA Communications and Information
 - Communication services at the IEA and data security
 - Data available at the IEA to ISAG
 - Structure and contents of Questionnaires A and B, and reporting relationships
6. Activation Procedures and Responsibilities
 - Calculations (Base Period Final Consumption, Available Supplies, Emergency Response Drawdown Obligation, Allocation Rights/Allocation Obligations)
7. The Balancing Process and Voluntary Offers
 - Definitions of Voluntary Offers (VOs) and their role in the EMM balancing process
 - The functions of the Emergency Operations Team, National Emergency Sharing Organizations, and Reporting Companies in generating and processing VOs
 - Creation of a Voluntary Offer
8. IEA Actions and Response and Country Contributions to Joint Response (Scenario Stages 1 and 2 and Initial Response to Stage 3)
9. Round Table of Country Responses to the Scenario Stages 1 and 2

November 19, 1998

1. Round Table of Country Responses to the Scenario Stage 3
2. ISAG Report on Results of ISAG Session of November 16-17, 1998

3. Assessment of the Situation from the IAB Perspective; Company Insights from NESO Consultations on Scenarios
4. General Discussion of Situation following Stage 3 Country Responses; Assessment of Further Action Needed
5. Surprise Scenario Exercise and Reaction of Participants to Additional Disruption and/or New Scenario
6. Overall Assessment of Exercise and Suggestions on Further Work

As provided in section 252(c)(1)(A)(ii) of the Energy Policy and Conservation Act (42 U.S.C. 6272(c)(1)(A)(ii)), this meeting is open only to representatives of members of the IAB and their counsel, representatives of members of the SEQ, representatives of the Departments of Energy, Justice, and State, the Federal Trade Commission, the General Accounting Office, Committees of the Congress, the IEA, and the European Commission, and invitees of the IAB, the SEQ, or the IEA.

Issued in Washington, D.C., November 5, 1998.

Mary Anne Sullivan,
General Counsel.

DEPARTMENT OF ENERGY

Office of Nonproliferation and National Security

Information Briefing Regarding the Nuclear Cities Initiative

AGENCY: Office of Nonproliferation and National Security, DOE.

ACTION: Notice of public information presentation.

SUMMARY: The Department of Energy (DOE) will hold an informal public information workshop to introduce the Nuclear Cities Initiative, a new joint US-Russia project in nonproliferation commercialization focusing on the ten closed nuclear cities of the Russian Federation. The initiative was officially launched with the signing of the government-to-government agreement on September 22, 1998 in Vienna, Austria by Energy Secretary Bill Richardson and Russian Minister of Atomic Energy Evgeny Adamov. DOE staff will explain the goals and objectives of the Nuclear Cities Initiative, introduce the Nuclear Cities Initiative staff, and solicit suggestions for parameters of public participation in this project from those attending.

DATES: The information presentation will be held on Wednesday, December 2, 1998, with the briefing portion held from 10:00 a.m. until 11:30 a.m. A Questions and Answer session will follow from 11:30–1 p.m. with members of the Nuclear Cities Initiative staff responsible for specific aspects of the program. Representatives from the Office of General Counsel and the Office of Procurement Operations will also be present to provide program support.

ADDRESSES: The information presentation will be held at the U.S. Department of Energy, Forrestal building, Main Auditorium, 1000 Independence Avenue, SW, Washington, DC 20585. It is advisable to register for attendance in advance by contacting either individual named above and to provide the program office with the name of the company or firm that you represent and a list of any other attendees from your company/firm in advance. All those inquiring will be added to an Nuclear Cities Initiative database and will receive any additional information and updates.

FOR FURTHER INFORMATION CONTACT: Reeshemah Speaks NN-40, U.S. Department of Energy, 1000 Independence Avenue, SW, Washington, DC 20585, (202) 586-6568, email:reeshemah.speaks@hq.doe.gov; or Denise Tramble, NN40, U.S. Department of Energy, Office of Initiatives of Proliferation Prevention, 1000 Independence Avenue, SW, Washington, DC 20585, 202-586-1007, e-mail:denise.tramble@hq.doe.gov. FAXES ARE WELCOME. Fax number is 202-586-2164.

SUPPLEMENTARY INFORMATION: The Department of Energy, together with the Russian Ministry of Atomic Energy, is the Executive Agent charged with carrying out the Nuclear Cities Initiative.

The Nuclear Cities Initiative is an agreement between the US and Russian Federation for mutual cooperation to address the problems faced by the ten closed cities which house the Russian nuclear weapons uranium enrichment, plutonium production, weapons design, and weapons assembly facilities.

The Nuclear Cities Initiative has near term goals to provide civilian employment for displaced weapons workers in the ten closed nuclear cities and long term goals to assist the Russian Federation in reducing the size of its nuclear weapons complex. In its first year the project will focus on three of the ten nuclear cities designated by Minatom for assistance. Those cities are Sarov (Arzamas-16), Snezhinsk

(Chelyabinsk-70), and Zheleznogorsk (Krasnoyarsk-26).

The Department of Energy has thus far allocated \$15,000,000 for the Nuclear Cities Initiative in Fiscal Year 1999. Early activities will feature assessment trips to the first three nuclear cities to yield an analysis of the strengths, weaknesses opportunities and potential problems specific to each of the three cities.

Once that is accomplished DOE will be looking to the private sector to participate in assessing business opportunities and job creation in these cities.

This information briefing will provide opportunities for interested parties to find out more about the nuclear cities, the mandate of the project, and how the public and private sector can participate. Nongovernmental Organizations within the nonproliferation and social support communities will also have a role under Nuclear Cities Initiative and are also welcome.

Information about the Nuclear Cities Initiative including project description, chronology, mission statement, lists and maps of the nuclear cities, copies of the Government-to-Government Agreement and descriptions of the business, commercial development, training and social support components of the project will be available.

This program is intended to provide general information and will not necessarily result in any future request for proposals, invitation for bids, or preapplications or applications for a financial assistance agreement such as a Grant or Cooperative Agreement. Unsolicited proposals and/or any offer to enter into a contract with the Department of Energy will not be invited and shall not be accepted. Matters that will be considered are described below.

Matters to be Considered: DOE is interested in receiving comments and views of interested parties, such as statements of capability, informational brochures and other written materials prepared by attendees providing relevant information and activities that would facilitate creation of conditions necessary for business training, job creation, and the attracting of investment opportunities in the designated nuclear cities for the purposes prescribed in the "Agreement Between the Government of the United States of America and the Government of the Russian Federation on the Nuclear Cities Initiative" signed on September 22, 1998, in Vienna, Austria.

After reviewing comments from those attending the information briefing and

the assessment reports of the working groups, the Department will issue a report on the results, with outlines of how interested parties can continue to actively participate in the initiative.

Those unable to attend can receive an information packet about the Nuclear Cities Initiative by contacting the Nuclear Cities Initiative program office at the address given above.

Tentative Agenda: Wednesday, December 2, 1998

- Welcoming Remarks and Opening of Meeting.
- Overview of NCI by Director of Office of Initiative for Proliferation Prevention and Nuclear Cities Initiative.
- Introduction to staff of Nuclear Cities Initiative.
- Outline of program activities envisioned under NCI.
- Question and Answer period/Public Discussion.

Issued in Washington DC on November 4, 1998.

Louis Licht,

Interagency Coordinator and Federal Liaison, Nuclear Cities Initiative.

Federal Energy Regulatory Commission

[Docket No. RP99-127-000]

Colorado Interstate Gas Company; Notice of Proposed Changes in FERC Tariff

November 4, 1998.

Take notice on October 30, 1998, Colorado Interstate Gas Company (CIG), tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, Second Revised Sheet No. 336, Sixth Revised Sheet No. 337, Fourth Revised Sheet No. 337A, Third Revised Sheet No. 337B, and Second Revised Sheet No. 337C, with an effective date of January 1, 1999.

CIG states the purpose of this filing is to comply with Section 1.7 of the Gas Research Institute (GRI) Settlement dated January 21, 1998 in Docket No. RP97-149-003, *et al.*, to provide for a voluntary GRI contribution mechanism in CIG's General Terms and Conditions.

CIG states that copies of the filing were served upon the company's jurisdictional firm customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission,
