President's Export Council Subcommittee on Export Administration; Notice of Recruitment of Private-Sector Members

SUMMARY: The President's Export Council Subcommittee on Export Administration (PECSEA) advises the U.S. Government on matters and issues pertinent to implementation of the provisions of the Export Administration Act and the Export Administration Regulations, as amended, and related statutes and regulations. These issues relate to U.S. export controls as mandated by law for national security, foreign policy, non-proliferation, and short supply reasons. The PECSEA draws on the expertise of its members to provide advice and make recommendations on ways to minimize the possible adverse impact export controls may have on U.S. industry. The PECSEA provides the Government with direct input from representatives of the broad range of industries that are directly affected by export controls.

The PECSEA is composed of high-level industry and Government members representing diverse points of view on the concerns of the business community. PECSEA industry representatives are selected from firms producing a broad range of goods, technologies, and software presently controlled for national security, foreign policy, non-proliferation, and short supply reasons or that are proposed for such controls, balanced to the extent possible among large and small firms.

PECSEA members are appointed by the Secretary of Commerce and serve at the Secretary's discretion. The membership reflects the Department's commitment to attaining balance and diversity. PECSEA members must obtain secret-level clearances prior to appointment. These clearances are necessary so that members can be permitted access to relevant classified information needed in formulating recommendations to the President and the U.S. Government. The PECSEA meets 4 to 6 times per year. Members of the Subcommittee will not be compensated for their services. The PECSEA is seeking approximately three private-sector members with senior control expertise and direct experience in one or more of the following industries: machine tools, semiconductors, commercial communication satellites, high performance computers, telecommunications, aircraft, pharmaceuticals, and chemicals. Please send a short biographical sketch on the individual who wishes to become a candidate. The material may be faxed to the number below.

DEADLINE: This request will be open for 15 days from date of publication in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Ms. Lee Ann Carpenter on (202) 482-2583. Materials may be faxed to (202) 501-8024, to the attention of Ms. Lee Ann Carpenter.

Dated: December 14, 1998.

R. Roger Majak,
Assistant Secretary for Export Administration.

Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof From Italy; Amended Final Results of Antidumping Duty Administrative Reviews

AGENCY: Import Administration, International Trade Administration, United States Department of Commerce.

ACTION: Notice of Amended Final Results of Antidumping Duty Administrative Reviews.

SUMMARY: On April 16, 1998, the Department of Commerce published in the **Federal Register** (63 FR 18877) a notice of final court decision and amended final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, *et al* for the period May 1, 1991, through April 30, 1992. After publication of the amended final results, we discovered that due to a ministerial error the weighted-average margins published for FAG Italia S.p.A. in the Italian case are incorrect. We are amending those results to correct this error.

EFFECTIVE DATE: December 18, 1998.

FOR FURTHER INFORMATION CONTACT: Mark Ross or Anne Copper, AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, NW, Washington, DC 20230; telephone: (202) 482-4794 or 482-0090, respectively.

SUPPLEMENTARY INFORMATION:

Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended (the Act), are references to the provisions in effect as of December 31, 1994. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department's) regulations are to the regulations as codified at 19 CFR Part 353 (April 1, 1997).

Background

On April 16, 1998, the Department published in the **Federal Register** (63 FR 18877) amended final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from France, *et al* covering the period May 1, 1991, through April 30, 1992. Subsequent to

the publication of the amended final results, we discovered a ministerial error with regard to the weighted-average margins published for FAG Italia S.p.A. in the Italian case. Specifically, for this company we published the weighted-average margins from prior remand results. The final weighted-average margins for FAG Italia S.p.A. were established in *FAG Kugelfischer Georg Schafer KgaA., FAG Italia S.p.A., FAG (U.K.) Limited, Barden Corporation Limited, FAG Bearings Corporation and The Barden Corporation v. United States*, Slip Op. 96-108 (July 10, 1996). The Court of International Trade affirmed those rates on December 12, 1996.

Amendment to Final Results

In accordance with section 735(e) of the Act, we are now amending the final results of administrative reviews of the antidumping duty orders on antifriction bearings (other than tapered roller bearings) and parts thereof from Italy for the period May 1, 1991, through April 30, 1992. The revised weighted-average margin is as follows:

Company	BBs	CRBs
FAG Italia S.p.A.	5.19	21.90

Accordingly, the Department will determine and the Customs Service will assess appropriate antidumping duties on entries of the subject merchandise made by FAG Italia S.p.A. Individual differences between United States price and foreign market value may vary from the percentages listed above. The Department will issue appraisal instructions to the Customs Service after publication of these amended final results of reviews.

We are issuing and publishing this determination in accordance with sections 751(h) and 777(i) of the Act and 19 CFR 353.28(c).

Dated: December 14, 1998.

Robert S. LaRussa,

Assistant Secretary for Import Administration.

Postponement of Final Antidumping Determinations: Stainless Steel Plate in Coils From Canada, Italy, Republic of Korea, South Africa and Taiwan

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

FOR FURTHER INFORMATION CONTACT: Helen Kramer or Linda Ludwig, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington DC 20230; telephone (202) 482-0405 or (202) 482-3833, respectively.

EFFECTIVE DATE: December 18, 1998.

The Applicable Statute

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act ("URAA"). In addition, all citations to the Department's regulations are to the regulations at 19 CFR part 351 (1998).

Postponement of Final Determinations

The Department received requests pursuant to section 735(a)(2) of the Act to postpone its final determination to 135 days after publication of the Department's preliminary determination from the following producers/exporters of the subject merchandise:

- September 30, 1998—Yieh United Steel Corp. (Taiwan)
- October 29, 1998—Pohang Iron and Steel Co., Ltd. (Korea)
- November 2, 1998—Atlas Stainless Steels (Sammi Atlas) (Canada).

In November 1998, these respondents amended their requests to include a concurrent extension of the provisional measures (i.e., suspension of liquidation) for the same period, in accordance with the Department's regulations (19 CFR 351.210(e)(2)). The following additional respondents also requested postponement and extension of the provisional measures:

- November 5, 1998—Columbus Stainless (South Africa)
- November 16, 1998—Acciai Speciali Terni S.p.A.; Acciai Speciali Terni USA, Inc. (Italy).

In addition, on November 4, 1998, petitioners requested postponement of the final determination for 60 days if the preliminary determination with respect

to Taiwan is amended and results in a negative determination. On November 27, 1998, the amended preliminary determination was signed but continued to be affirmative. Therefore, in accordance with 19 CFR

351.210(b)(2)(ii), because (1) our preliminary determinations are affirmative, (2) respondents requesting a postponement account for a significant proportion of exports from their respective countries of the subject merchandise, and (3) no compelling reasons for denial exist, we are granting the respondents' requests and are postponing the final determinations to no later than March 19, 1999, which is 135 days after the publication of the preliminary determinations. See Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Canada, 63 FR 59527; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Italy, 63 FR 59530; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from the Republic of Korea, 63 FR 59535; Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from South Africa, 63 FR 59540; and Notice of Preliminary Determination of Sales at Less than Fair Value: Stainless Steel Plate in Coils from Taiwan, 63 FR 59524 (November 4, 1998). Suspension of liquidation will be extended accordingly.

This notice of postponement is published pursuant to 19 CFR 351.210(g).

Dated: December 11, 1998.

Robert S. LaRussa,

Assistant Secretary for Import Administration.
