Questions concerning this proposed action and comments regarding the Supplement should be forwarded to the Fish and Wildlife Service or National Marine Fisheries Service at the address or telephone number provided above. Formal public scoping was not conducted, consistent with 40 CFR 1502.9(c)(4). However, Service staff held public meetings in conjunction with the Forest Service on May 13, 14, 20, and 21, 1998, to answer questions and receive comments and concerns.

**FOR FURTHER INFORMATION CONTACT:** William Vogel, Fish and Wildlife Service, or Dennis Carlson, National Marine Fisheries Service. Both are located at the Pacific Northwest Plan Program, at the addresses and telephone numbers listed above.

**SUPPLEMENTARY INFORMATION:** The Plum Creek Plan for the Cascade region was accepted and the Incidental Take Permit was originally issued on June 27, 1996, for a 170,600-acre Project Area located within a 418,700-acre Planning Area. The Planning Area is located within east King County and west Kittitas County, Washington, and is bisected by Interstate-90. The Planning Area includes not only Plum Creek lands, but National Forest lands and lands of other ownerships.

The Permit allows Plum Creek to incidentally take threatened and endangered fish and wildlife while requiring implementation of a

conservation plan with a habitat-based, prescriptive-management strategy designed to minimize and mitigate such incidental take. The Plan approved in 1996 contemplated that Plum Creek lands managed under the Plan and Permit would likely change as a result of future land exchanges with the federal government. Consequently, the Plan and associated Implementation Agreement provide procedures and criteria for modification of the Plan to accommodate the exchange of lands. The Plan describes two scenarios for such land exchanges whereby "the biological integrity of the Plan would be either maintained or improved."

In October of 1998, H.R. 4328 authorized and directed the Interstate-90 land exchange. The potential land exchange would result in a transfer to the U.S. Forest Service of up to 53,400 acres of the 170,600-acre Project Area previously covered by Plum Creek's Permit and Plan, and the transfer of up to 10,800 acres of National Forest lands within the 418,700-acre Planning Area to Plum Creek. The authorized land exchange is a combination of the two scenarios determined to be "beneficial" in the original Plan.

The Supplemental Environmental Impact Statement analyzes Plum Creek's proposal in order to determine the environmental impact (beneficial or adverse) that would result from implementation of the Plan modification, as compared to the original Federal Action (approval and implementation of the original Plan and issuance of an Incidental Take Permit).

The Environmental Impact Statement considers three alternatives, including the Proposed Action and the No-action Alternatives. Under the No-action Alternative, the Permittee would continue to implement the existing Plan on the current land base. This alternative includes specific mitigation for wildlife whether or not those species are listed under the Endangered Species Act (Act). The Proposed Action would allow the modification of the Plan to accommodate the new land base and would therefore apply the Plan standards to the newly acquired Plum Creek lands. The Northwest Forest Plan would apply to newly acquired National Forest lands. The Partial-Modification Alternative would allow the transfer of lands from Plum Creek to the U.S. Forest Service, but would not add the newly acquired Plum Creek lands to the Plan. Instead, take prohibitions under section 9 of the Endangered Species Act would apply with respect to listed species, but no conservation would be required for other wildlife and special habitats.

**INTERNATIONAL TRADE COMMISSION**

[Investigation No. 337-TA-416]

**Certain Compact Multipurpose Tools; Notice of Commission Decision Not To Review an Initial Determination Adding a Respondent**

**AGENCY:** International Trade Commission.

**ACTION:** Notice.

**SUMMARY:** Notice is hereby given that the U.S. International Trade Commission has decided not to review the presiding administrative law judge's (ALJ's) initial determination (ID) granting a motion to amend the complaint and notice of investigation to include Charles Amash Imports, Inc., d/b/a Grip On Tools (Grip On), as a respondent.

**FOR FURTHER INFORMATION CONTACT:** P. N. Smitley, Esq., Office of the General Counsel, U.S. International Trade Commission, telephone 202-205-3061. General information concerning the Commission also may be obtained by accessing its Internet server (<http://www.usitc.gov>). Hearing-impaired individuals can obtain information concerning this matter by contacting the Commission's TDD terminal at 202-205-1810.

**SUPPLEMENTARY INFORMATION:** On August 28, 1998, Leatherman Tool Group, Inc., filed a complaint with the Commission alleging violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain compact multipurpose tools that infringe claims of three U.S. design patents.

The Commission instituted the investigation on September 30, 1998. Five firms were named as respondents. See 63 FR 52287 (Sept. 30, 1998); 19 U.S.C. 1337(b)(1); and 19 CFR 210.10(b).

On November 2, 1998, complainant Leatherman moved to add Grip On as a respondent, owing to that firm's importation and sale of tools that are the subject of the investigation. (Motion No. 416-2.)

On November 10, 1998, the Commission investigative attorney filed a response supporting the motion. No other party responded to the motion.

On November 19, 1998, the ALJ issued the ID (Order No. 5) granting the motion pursuant to 19 CFR 210.14(b)(1). No party petitioned for review of the ID pursuant to 19 CFR 210.43(a), and the Commission found no basis for ordering a review on its own initiative pursuant to 19 CFR 210.44. The ID thus became

the determination of the Commission pursuant to 19 CFR 210.42(h)(3).

All nonconfidential documents filed in the investigation—including the ID, the motion to add Grip On, and the Commission investigative attorney's response—are or will be available for public inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Commission's Office of the Secretary, Dockets Branch, 500 E Street, SW., Room 112, Washington, DC 20436, telephone 202-205-1802.

By order of the Commission.

Issued: December 14, 1998.

**Pressure Sensitive Plastic Tape From Italy**

**AGENCY:** International Trade Commission.

**ACTION:** Scheduling of an expedited five-year review concerning the antidumping duty order on pressure sensitive plastic tape from Italy.

**SUMMARY:** The Commission hereby gives notice of the scheduling of an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)) (the Act) to determine whether revocation of the antidumping duty order on pressure sensitive plastic tape from Italy would be likely to lead to continuation or recurrence of material injury. For further information concerning the conduct of this review and rules of general application, consult the Commission's rules of practice and procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).
