Proposed Modification of Class E Airspace; Washington Court House, OH

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking.

A Nondirectional Beacon-A (NDB-A) Standard Instrument Approach Procedure (SIAP) has been developed for Fayette County Airport. Controlled airspace extending upward from 700 to 1200 feet above ground level (AGL) is needed to contain aircraft executing the approach. The Proposal

The FAA is considering an amendment to 14 CFR part 71 to modify Class E airspace at Washington Court House, OH, to accommodate aircraft executing the proposed NBA-A SIAP at

Fayette County Airport by increasing the radius and enlarging the northeast extension of the existing controlled airspace. Controlled airspace extending upward from 700 to 1200 feet AGL is needed to contain aircraft executing the approach. The area would be depicted on appropriate aeronautical charts. Class E airspace designations for airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraph 6005 of FAA Order 7400.9E dated September 10, 1997, and effective September 16, 1997, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore this proposed regulation—(1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this proposed rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

[Docket No. 96N-0420]

Over-the-Counter Human Drugs; Proposed Labeling Requirements; Notice of Availability of Study Data and Reopening of Comment Period

AGENCY: Food and Drug Administration, HHS.

ACTION: Proposed rule; reopening of comment period on specific data.

SUMMARY: The Food and Drug Administration (FDA) is reopening to March 30, 1998 the comment period on specific data related to the February 27, 1997, proposed rule to establish a standardized format for the labeling of over-the-counter (OTC) drug products (62 FR 9024). As part of that rulemaking proceeding, the agency collected data under a study entitled "Evaluation of Proposed Over-the-Counter (OTC) Label Format Comprehension," (Study A). This document announces the availability of the data and frequency tabulations that summarize the Study A data and reopens the comment period for the OTC rulemaking proceeding to allow an opportunity for comment on Study A.

DATES: Submit written comments on Study A by March 30, 1998.

ADDRESSES: Submit written comments on the information collected in Study A to the Dockets Management Branch (HFA-305), ATTN: Study A, OTC Drug Labeling Data Collection, Food and Drug Administration, 12420 Parklawn Dr., rm. 1-23, Rockville, MD 20857.

FOR FURTHER INFORMATION CONTACT: Kathryn J. Aikin, Food and Drug Administration, Division of Drug Marketing, Advertising, and Communications (HFD-40), 5600 Fishers Lane, Rockville, MD 20857, 301-827-2828, Aikink@cder.fda.gov.

SUPPLEMENTARY INFORMATION: In the **Federal Register** of February 27, 1997 (62 FR 9024), FDA published a proposed rule intended to enable consumers to better read and understand OTC drug product labeling and to more effectively apply the information in the labeling to the safe and effective use of such products. An important element of FDA's proposed rule is a standardized labeling format for OTC drug products.

After issuing the proposed rule, FDA published in the **Federal Register** a notice under the Paperwork Reduction Act of 1995 announcing the agency's intention to conduct four studies relating to OTC drug products (62 FR 28482, May 23, 1997). The agency intends at this time to use two of the studies ("Evaluation of Proposed Over-the-Counter (OTC) Label Format Comprehension, Study A," and "Over-the-Counter (OTC) Label Format Preference, Study B") in deliberations on developing a standardized, easy to read and easy to understand, labeling format for OTC drug products (see 62 FR 9024). In the **Federal Register** of December 30, 1997 (62 FR 67770), the agency requested comments specifically related to Study B. The data and frequency tabulations for Study A are now available.

In Study A, consumers were invited to view examples of OTC label designs. Respondents were asked questions designed to measure knowledge and attitudes about OTC drug products, as well as decisions about proper use of the products. The agency is now seeking comments on the data developed under Study A, including the participants' responses on the comprehension elements measured for the specific label designs viewed. The comments on Study A will be included in the agency's deliberations on developing a final, standardized OTC labeling format regulation.

Interested persons may, on or before March 30, 1998, submit written

comments on the data developed under Study A to the Dockets Management Branch (address above). Two copies of any comments are to be submitted, except that individuals may submit one copy. Comments are to be identified with the docket number found in brackets in the heading of this document and labeled "ATTN: Study A, OTC Drug Labeling Data Collection." The data, frequency tabulations, and received comments may be seen in the office above between 9 a.m. and 4 p.m., Monday through Friday. An electronic format of the data are available on the internet at: www.fda.gov/CDER/ or can be obtained in electronic form from the Dockets Management Branch at the address listed previously.

Dated: February 4, 1998.

Associate Commissioner for Policy Coordination.
