National Practitioner Data Bank for Adverse Information on Physicians and other Health Care Practitioners: Availability of and Fee for Public Use Data File

The Health Resources and Services
Administration (HRSA), Department of
Health and Human Services (DHHS), is
announcing a fee of \$195 for the
recently available public use data file
which includes selected information
from approximately 168,000 reports
submitted to the National Practitioner
Data Bank (Data Bank) between
September 1, 1990 and December 31,
1997. HRSA plans to make updated
versions of the complete file available
every 4 months. A separate \$195 fee will
be charged for each updated copy of the
file. The file contains information

concerning: (1) Malpractice payments
made for the benefit of physicians,
dentists, and other health care
practitioners; and (2) adverse licensure,
clinical privileges, and professional
society membership actions concerning
physicians and dentists.

The file does not contain information
which would allow identification of
individual physicians, dentists, or other
health care practitioners. It also does not
contain information identifying either
entities which filed reports with the
Data Bank or patients. This information
is being made available for research
purposes in conformance with 42 USC
11137(b). Hospitals cannot fulfill their
obligation under 42 USC 11135 to query
the Data Bank by obtaining this data file.
Other health care entities cannot fulfill
obligations to query the Data Bank
imposed by accreditation agencies by
obtaining this file.

Information in the file includes type
of practitioner, type of reporting entity,
and the practitioner's State. For
malpractice payment reports,
information includes malpractice
payment amount, reasons for
malpractice payment, date of payment,
and whether payment is a result of
judgment or settlement. For adverse
action reports, the file includes
information on the reason for the
licensure or clinical privileges adverse
action, the type of action taken, and the
duration of such action.

The public use file is in ASCII format
and is approximately 20 megabytes in
size. It is available in compressed form
on IBM-PC compatible high density 3.5
inch diskettes and may also be made
available in CD-ROM format. In
addition to the data themselves, a
complete file description in ASCII text
format is included. For information on
how to order the file, call Data Bank
"Help Line" at 1-800-767-6732.

The Data Bank is authorized by the
Health Care Quality Improvement Act of
1986 (the Act), title IV of Public Law
99-660, as amended (42 U.S.C. 11101 *et
seq.*). Section 427(b)(4) of the Act
authorizes the establishment of fees for
the costs of processing requests for
disclosure and of providing such
information.

Final regulations at 45 CFR part 60 set
forth the criteria and procedures for
information to be reported to and
disclosed by the Data Bank. Section 60.3
of these regulations defines the terms
used in this announcement.

In determining any changes in the
amount of the user fee, the Department
uses the criteria set forth in § 60.12(b) of
the regulations, as well as allowable
costs pursuant to the DHHS
Appropriations Act of 1998, Pub. L.

105-78, enacted November 13, 1997.
This Act requires that the Department
recover the full costs of operating the
Data Bank through user fees. Section
60.12(b) of the regulations states:

"The amount of each fee will be
determined based on the following criteria:

(1) Use of electronic data processing
equipment to obtain information—the actual
cost for the service, including computer
search time, runs, printouts, and time of
computer programmers and operators, or
other employees,

(2) Photocopying or other forms of
reproduction, such as magnetic tapes—actual
cost of the operator's time, plus the cost of
the machine time and the materials used,

(3) Postage—actual cost, and

(4) Sending information by special
methods requested by the applicant, such as
express mail or electronic transfer—the
actual cost of the special service."

Additionally, in establishing this
charge, the Agency used guidance
issued in the Office of Management and
Budget (OMB) Circular A-25, applicable
to the imposition of user fees. This
circular authorizes agencies to collect
user fees for the "full cost" of providing
a service. These allowable costs include
research. All other Data Bank user fees
remain the same.

The Department will review this
charge periodically, and will revise it as
necessary. Any changes in the fee and
their effective dates will be announced
in the **Federal Register**.

Dated: February 10, 1998.

Claude Earl Fox,

Acting Administrator.
