[Docket No. CP98-216-000]

#### Northern Natural Gas Company; Notice of Request Under Blanket Authorization

February 13, 1998.

Take notice that on February 3, 1998, as supplemented on February 5, 1998, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, NE 68124-1000, filed in Docket No. CP98-216-000 a request pursuant to Sections 157.205, 157.212(a), and 157.216(b) of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, 157.212(a), and 157.216(b)) for authorization to abandon the Glenwood, Iowa branchline and to relocate two small volume farm taps all located in Mills County, Iowa, under the blanket certificate issued in Docket No. CP82-401-000, all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Northern proposes to abandon approximately 0.2 miles of 2-inch pipe and 1.1 miles of 3-inch lines which were installed in 1950 and 1934, respectively. Northern is requesting abandonment of the Glenwood branchline due to the age of the pipeline. Specifically, Northern asserts that the 3-inch pipeline has deteriorated to the point where it needs to be replaced. Additionally, Northern notes that the 3-inch line crosses 9 out of 11 lots in a new housing development which, per Department of Transportation regulations, requires a class location change. Rather than replace the existing Glenwood branchline in its current location, Northern proposes to abandon the line. Northern notes that it will provide the same service to Glenwood, Iowa via a

replacement line installed at a more accessible location under Blanket Authority. The 2-inch line was originally installed to augment service to Glenwood, Iowa but will be rendered useless once the 3-inch line is abandoned. As a result of the abandonment, Northern notes that two farm taps located along the 3-inch line require removal and relocation.

Northern notes that it will utilize the most efficient method of abandonment based on circumstances at the time of abandonment. Generally, Northern proposes to abandon in-place pipeline at unique situations where the environment is better protected by not removing the pipeline. Northern contends that it will also restore the area to its original condition by reseeding or allowing resumption of farming activity (or as specified by landowner). Northern states that the affected state commission has been mailed copies of this request. Northern submitted letters with the customers consenting to the pipeline project.

Any person or the Commission's staff may, within 45 days after issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention and pursuant to Section 157.205 of the Regulations under the Natural Gas Act (18 CFR 157.205) a protest to the request. If no protest is filed within the time allowed therefor, the proposed activity shall be deemed authorized effective the day after the time allowed for filing a request. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protests, the instant request shall be treated as an application for authorization pursuant to Section 7 of the Natural Gas Act.

#### T C P Gathering Co.; Notice of Tariff Filing

February 13, 1998.

Take notice that on February 9, 1998, T C P Gathering Co., (TCP) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the following revised tariff sheet, to be effective June 1, 1997:

Substitute First Revised Sheet No. 103

TCP states that the above reference tariff sheet is being filed to correct pagination of Sheet No. 103. On July 28, 1997, an order was received directing TCP to repaginate First Revised Sheet No. 103 in the June 9th filing as "Second Revised Sheet No. 103". TCP complied with this request in its August 12, 1997 filing. However, due to a timing discrepancy not apparent at the time, this page reference was inappropriate. "Second Revised Sheet No. 103" designation had already been used in a July 1, 1997 filing in this docket to reflect other changes required by OPR in previous orders. Therefore,
