

1999, deadline to the Advisory Committee.

If I Cannot Attend the Meeting, Can I Submit Written Comments Regarding an Accrediting Agency in Lieu of Making an Oral Presentation?

This notice requests third-party oral testimony, not written comments. A request for written comments on agencies that are being reviewed during this meeting was published in the **Federal Register** on December 21, 1998. The Advisory Committee will receive and consider only written comments submitted by the deadlines specified in that **Federal Register** notice.

How Do I Request To Present Comments Regarding General Issues Rather Than Specific Accrediting Agencies?

At the conclusion of the meeting, the Committee, at its discretion, may invite attendees to address the Committee briefly on issues pertaining to the functions of the Committee, which are listed earlier in this notice. If you are interested in making such comments, you should inform Ms. LeBold before or during the meeting.

How May I Obtain Access to the Records of the Meeting?

We will record the meeting and make a transcript available for public inspection at the U.S. Department of Education, ROB-3, Room 3082, 7th and D Streets, SW, Washington, DC, between the hours of 9:00 a.m. and 4:30 p.m., Monday through Friday, except Federal holidays.

Authority: 5 U.S.C. Appendix 2.

Dated: March 15, 1999.

Greg Woods,

Chief Operating Officer, Student Financial Assistance.

BILLING CODE 4000-01-M

DEPARTMENT OF ENERGY

Notice of Intent To Grant Exclusive Copyright License

AGENCY: Department of Energy, Office of the General Counsel.

ACTION: Notice of Intent to Grant Exclusive Copyright License.

SUMMARY: The Department of Energy intends to grant to Wilmington Publishing Ltd. an exclusive license in the U.S. copyright in the "*Commercial Environmental Cleanup, Products and Services Directory*" (Directory), as well as the right to register the copyright in foreign countries. The copyright is

owned by the United States of America, as represented by the Department of Energy (DOE). DOE intends to grant the license unless we receive a request from a qualified party for a nonexclusive license in the Directory, as well as a credible written plan for maintaining the Directory and making it available to the Government and the public, both in print and electronically, at reasonable cost, or a statement of reasons why it would not be in the best interests of the United States to grant the proposed exclusive license, together with supporting documents.

DATES: Send written responses to the address listed below no later than April 2, 1999.

ADDRESSES: Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Avenue, S.W., Washington, D.C. 20585.

FOR FURTHER INFORMATION CONTACT: Michael P. Hoffman, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Forrestal Building, Room 6F-067, 1000 Independence Avenue, S.W., Washington, D.C. 20585; Telephone (202) 586-3441.

SUPPLEMENTARY INFORMATION: This Commercial Environmental Cleanup, Products and Services Directory, which is a database of companies working in the area of environmental cleanup, was prepared under Government contract. DOE does not wish to pay for the continued maintenance and dissemination of this Directory, both to Government agencies and to the general public. A Notice of the Opportunity for a license in the Directory appeared in the January 20, 1998 issue of the **Federal Register** [63 FR 2972]. DOE has secured a private entity, Wilmington Publishing Ltd., which, in return for an exclusive, royalty-free license in the Directory, will maintain it as well as make it available in both print and electronic forms. They will make this Directory available both to the Government and the general public, as a stand-alone entity or incorporated with other services on a for-profit basis, thereby relieving the Government of the labor and expense of doing so.

Issued in Washington, D.C., on March 11, 1999.

Paul A. Gottlieb

Assistant General Counsel for Technology Transfer and Intellectual Property.

County of Antrim, Notice of Settlement Offer

March 12, 1999.

Take notice that on February 26, 1999, the County of Antrim, the United States Department of Interior Fish and Wildlife Service, the Michigan Department of Natural Resources, and the Michigan Hydro Relicensing Coalition filed an offer of settlement (Settlement) concerning the County of Antrim's license term extension request for the

Elk Rapids Project (FERC No. 3030) per Rule 602 of the Commission's Rules of Practice and Procedure, 18 CFR 385.602.

Comments on the Settlement may be filed with the Commission no later than March 18, 1999, and replies no later than March 29, 1999. Copies of comments and replies by parties and intervenors must be served on all other parties and intervenors. Under Rule 602(f)(3), a failure to file comments constitutes a waiver of all objections to the Settlement.

[Docket No. RP96-366-010]

Florida Gas Transmission Company; Notice of Compliance Filing

March 12, 1999.

Take notice that on March 5, 1999, Florida Gas Transmission Company (FGT) tendered for filing as part of its FERC Gas tariff, Third Revised Volume No. 1, the following tariff sheet, with an effective date of March 1, 1999:

First Revised Twenty-Second Revised Sheet No. 8A.01

FGT states that on August 5, 1997, FGT filed a Stipulation and Agreement of Settlement ("Settlement") in Docket Nos. RP96-366, et al. resolving all issues in its rate proceeding. Pursuant to Article XIII, the Settlement became effective upon the first day of the first month following the issuance of a final Commission order. On September 24, 1997, the Commission issued an order approving the Settlement (September 24 Order). Because no party requested rehearing as of October 24, 1997, the Settlement became effective November 1, 1997.

FGT states that the Settlement, among other provisions, provided that the Rate Schedule FTS-2 rates for transportation service through FGT's incremental expansion capacity would be tiered the filed rate would be effective from March 1, 1997 through February 28, 1999 with decreases becoming effective March 1, 1999 and March 1, 2000. Tariff Sheet 8A.01, which contains the Rate Schedule FTS-2 rates, reflects the Settlement rates for all three periods for FTS-2 service, with the decreases becoming effective March 1, 1999 and March 1, 2000 contained in a footnote.

FGT states that it is making the instant filing to remove the FTS-2 rates which were effective from March 1, 1997 through February 28, 1999 and to move the reservation and usage rates which became effective March 1, 1999 from the footnote to the columns reflecting the currently effective rates, in compliance with the provisions of the Settlement.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. CP99-238-000]

Granite State Gas Transmission, Inc.; Notice of Petition for A Declaratory Order

March 12, 1999.

Take notice that on March 5, 1999, Granite State Gas Transmission, Inc. (Granite State), 300 Friberg Parkway, Westborough, Massachusetts 01581, filed a Petition for Declaratory Order (Petition) pursuant to Rule 207(a)(2) of the Commission's Rules of Practice and Procedure (18 CFR 385.207(a)(2)) requesting the Commission to confirm that Granite State may charge its local distribution company affiliate, Northern Utilities, Inc. (Northern Utilities), a contractually authorized exit fee. This fee would be in consideration for releasing Northern Utilities from its contractual obligation for a liquefied natural gas (LNG) storage and vaporization service which would be provided by Granite State's proposed LNG facility in Wells, Maine, all as more fully set forth in the Petition which is on file with the Commission and open to public inspection. This filing may be viewed at <http://www.ferc.fed.us/online/rims.htm>. (Call (202) 208-222 for assistance.)

Granite State says that it received a certificate of public convenience and necessity (certificate) in Docket No. CP96-610-000 on May 27, 1998 (83 FERC § 61,194), to construct and operate a 2 Bcf LNG storage and vaporization facility in Wells, Maine (Wells) which was designed to provide peaking gas deliveries exclusively for Northern Utilities' distribution systems in Maine and New Hampshire for a 20-year term. Granite State asserts that it undertook the LNG project in accordance with a Precedent Agreement (Agreement) with Northern Utilities to which had attached a LNG Storage Contract (Contract) that Northern Utilities was obligated to execute after Granite State received the certificate. According to Granite State, the Maine and New Hampshire Public Utilities Commissions (PUCs) had approved Northern Utilities' plans to acquire peaking gas supplies from the
