Bureau of Land Management

[NV-930-1430-01; N-61879]

Notice of Realty Action; Recreation and Public Purposes (R&PP) Act Classification; Nevada

AGENCY: Bureau of Land Management.

ACTION: Notice.

SUMMARY: The following described public lands in Esmeralda County, Nevada, have been examined and found suitable for conveyance (patent) to Esmeralda County under the provisions of the Recreation and Public Purposes

Act of June 14, 1926, as amended (43 U.S.C 869 *et seq.*). Esmeralda County is currently using lands for a municipal solid waste transfer station to serve Silver Peak, Nevada, and the surrounding area. Esmeralda County will continue using the lands for this purpose once it is conveyed.

Mount Diablo Meridian, Nevada

T. 2 S., R. 39 E.,

Sec. 27, SW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$;

containing 10 acres, more or less.

The lands are not needed for Federal purposes. Conveyance is consistent with current BLM land use planning and would be in the public interest. The patent, when issued will be subject to the provisions of the Recreation and Public Purposes Act and applicable regulations of the Secretary of the Interior, and will contain the following reservations to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States pursuant to the Act of August 30, 1890 (43 U.S.C. 945);

2. All mineral deposits shall be reserved to the United States, together with the right to prospect for, mine, and remove such deposits under applicable laws and regulations as the Secretary of the Interior may prescribe; will contain the following provisions:

1. Esmeralda County, its successors or assigns, assumes all liability for and shall defend, indemnify, and save harmless the United States and its officers, agents, representatives, and employees (hereinafter referred to in this clause as the United States), from all claims, loss, damage, actions, causes of action, expense, and liability (hereinafter referred to in this clause as claims) resulting from, brought for, or on account of, any personal injury, threat of personal injury, or property damage received or sustained by any person or persons (including the patentee's employees) or property growing out of, occurring, or attributable directly or indirectly, to the disposal of solid waste on, or the release of hazardous substances from Mount Diablo Meridian, Nevada, T. 2 S., R. 39 E., sec. 27, SW $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$, regardless of whether such claims shall be attributable to: (1) The concurrent, contributory, or partial fault, failure, or negligence of the United States, or (2) the sole fault, failure, or negligence of the United States;

2. No portion of the land shall under any circumstances revert to the United States if any such portion has been used for solid waste disposal or for any other purpose which may result in the disposal, placement, or release of any hazardous substance;

3. If, at any time, the patentee transfers to another party ownership of any portion of the land not used for the purpose specified in the application and approved plan of development, the patentee shall pay the Bureau of Land Management the fair market value, as determined by the authorized officer, of the transferred portion as of the date of transfer, including the value of any improvements thereon;

4. The above described land is to be used as a solid waste transfer station by Esmeralda County, Nevada. Upon closure, the site may contain small quantities of commercial and household hazardous waste as determined in the Resource Conservation and Recovery Act of 1976, as amended (42 U.S.C. 6901), and defined in 40 CFR 261.4 and 261.5. Although there is no indication these materials pose any significant risk to human health or the environment, future land uses should be limited to those which do not penetrate the liner or final cover of the site unless excavation is conducted subject to applicable State and Federal requirements; and will be subject to valid existing rights.

Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Tonopah Field Station, 1553 South Main Street, Tonopah, Nevada.

Upon publication of this notice in the **Federal Register**, the above described land will be segregated from all other forms of appropriation under the public land laws, including the general mining laws, except for conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws. For a period of 45 days from the date of publication of this notice in the **Federal Register**, interested parties may submit comments regarding the proposed conveyance or classification of the lands to the Acting Assistant Field Manager, Tonopah Field Station, P.O. Box 911, Tonopah, Nevada 89049.

Classification Comments:

Interested parties may submit comments involving the suitability of the land for a municipal solid waste transfer station. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

Application Comments.

Interested parties may submit comments regarding the specific use proposed in the application and plan of

development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a municipal solid waste transfer station.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification of the land will become effective 60 days from the date of publication in the **Federal Register**. The lands will not be conveyed until after the classification becomes effective.

Dated: March 26, 1999.

W. Craig MacKinnon,

Acting Assistant Field Manager, Tonopah.

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731-TA-246-247 (Review) and 731-TA-207 (Review)]

Brazing Copper Wire and Rod From New Zealand and South Africa; Cellular Mobile Telephones and Subassemblies From Japan

AGENCY: United States International Trade Commission.

ACTION: Termination of five-year reviews.

SUMMARY: The subject five-year reviews were initiated in January 1999 to determine whether revocation of the existing antidumping duty orders would be likely to lead to continuation or recurrence of dumping and of material injury to a domestic industry. On April 1, 1999, the Department of Commerce published notice that it was revoking the orders because no domestic interested party responded to its notice of initiation by the applicable deadline (64 FR 15728, April 1, 1999). Accordingly, pursuant to section 207.69 of the Commission's Rules of Practice and Procedure (19 CFR 207.69), the subject reviews are terminated.

EFFECTIVE DATE: April 1, 1999.

FOR FURTHER INFORMATION CONTACT: Vera Libeau (202-205-3176), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>).

Authority: These reviews are being terminated under authority of title VII of the Tariff Act of 1930; this notice is published pursuant to section 207.69 of the Commission's rules (19 CFR 207.69).

By order of the Commission.

Issued: April 1, 1999.

INTERNATIONAL TRADE COMMISSION

Invs. Nos. 701-TA-387-392 (Preliminary) and 731-TA-815-822 (Preliminary)

Certain Cut-to-Length Steel Plate From the Czech Republic, France, India, Indonesia, Italy, Japan, Korea, and Macedonia; Determinations

On the basis of the record¹ developed in the subject investigations, the United States International Trade Commission (Commission) determines, pursuant to section 703(a) of the Tariff Act of 1930 (19 U.S.C. 1671b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports from France, India, Indonesia, Italy, and Korea of certain cut-to-length steel plate, provided for in headings 7208, 7210, 7211, 7212, 7225, and 7226 of the Harmonized Tariff Schedule of the United States, that are alleged to be subsidized by the Governments of the respective countries. The Commission further determines, pursuant to section 733(a) of the Tariff Act of 1930 (19 U.S.C. 1673b(a)), that there is a reasonable indication that an industry in the United States is materially injured by reason of such imports from France, India, Indonesia, Italy, Japan, and Korea that are alleged to be sold in the United States at less than fair value (LTFV). Finally, pursuant to 19 U.S.C. 1677(24)(A), the Commission determines that the subject imports from the Czech Republic that are alleged to be sold at LTFV and the subject imports from Macedonia that are alleged to be subsidized and sold at LTFV are negligible.² The Commission's investigation with respect to the Czech Republic is thereby terminated pursuant to 19 U.S.C. 1673b(a)(1) and its investigation with respect to Macedonia are thereby terminated pursuant to 19

¹ The record is defined in sect. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR 207.2(f)).

² Chairman Lynn M. Bragg finds that there is a potential that such imports from the Czech Republic will imminently account for more than three percent of the total import volume of all such merchandise, and determines that there is a reasonable indication that an industry in the United States is threatened with material injury by reason of imports of the subject merchandise from the Czech Republic that are alleged to be sold at LTFV.
