COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List; Additions and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Additions to and Deletions from the Procurement List.

SUMMARY: This action adds to the Procurement List commodities and services to be furnished by nonprofit agencies employing persons who are blind or have other severe disabilities, and deletes from the Procurement List commodities and services previously furnished by such agencies.

EFFECTIVE DATE: May 10, 1999.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, Crystal Gateway 3, Suite 310, 1215 Jefferson Davis Highway, Arlington, Virginia 22202-4302.

FOR FURTHER INFORMATION CONTACT: Beverly Milkman (703) 603-7740.

SUPPLEMENTARY INFORMATION: On February 19 and 26, 1999, the Committee for Purchase From People Who Are Blind or Severely Disabled published notices (63 F.R. 8291, 9469 and 9470) of proposed additions to and deletions from the Procurement List:

Additions

The following comments pertain to Grounds Maintenance, Shaw Air Force Base, South Carolina: Comments were received from the current contractor for this grounds maintenance service. The contractor stated that adding the contract to the JWOD Program would have a significantly detrimental impact on the company and its ability to be competitive. The contractor noted that the firm was a small business and said that the contract in question represented a specific amount of its annual General and Administrative dollars.

The Committee noted that the percentage of the contractor's estimated annual revenue was below the level the Committee considers to represent possible severe adverse impact. Because the contractor provided no context for the comment on its General and Administrative dollars and the amount itself was not substantial, the Committee was not persuaded that losing it would have a significant detrimental impact on the firm. The Committee also considered that although several other contracts previously held by the contractor have been placed in the JWOD Program over the past decade, the contractor's sales have risen by almost 50 percent. Even taking into account inflation, this level of increase shows that the firm has not been severely adversely impacted by past actions.

The following material pertains to all of the items being added to the Procurement List:

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and services and impact of the additions on the current

or most recent contractors, the Committee has determined that the commodities and services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities and services to the Government.

2. The action will not have a severe economic impact on current contractors for the commodities and services.

3. The action will result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services proposed for addition to the Procurement List.

Accordingly, the following commodities and services are hereby added to the Procurement List:

Commodities

Aqua Plunger Mop
M.R. 1026
Soup Spoon Ladle
M.R. 806

Services

Central Facility Management, U.S. Secret Service Headquarters, 930 H Street, NW, Washington, DC

Janitorial/Custodial, U.S. Army Reserve Center, Fort Jackson, South Carolina

This action does not affect current contracts awarded prior to the effective date of this addition or options that may be exercised under those contracts.

Deletions

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action may not result in any additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action will not have a severe economic impact on future contractors for the commodities and services.

3. The action may result in authorizing small entities to furnish the commodities and services to the Government.

4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities and services deleted from the Procurement List.

After consideration of the relevant matter presented, the Committee has determined that the commodities and services listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

Accordingly, the following commodities and services are hereby deleted from the Procurement List:
