**SUPPLEMENTARY INFORMATION:**

*Title:* EPA ICR No. 1833.01: "Collection of Information for the Office of Mobile Sources" National Communications and Outreach Program." This is a new collection.

*Abstract:* EPA's Office of Mobile Sources (OMS) and its partners in Federal, State, and local air and transportation agencies are working to increase public awareness of air quality, the impact of mobile sources, and the choices individuals can make to help solve the problem of air pollution. As part of this effort, EPA will be sponsoring communications and outreach activities at the State and local and national levels. At the State and local level, EPA will be providing funds (through cooperative agreements) to State/local government agencies for a series of community-based communications and outreach projects. At the national level, EPA will be conducting a series of communications and outreach projects. Participation in these information collection activities will be strictly voluntary.

Before expending limited Federal resources on projects at either level, EPA intends to collect information (either directly, or through its State/local agency partners) that will help to determine the most effective and appropriate means of providing public education. Prior to conducting communications and outreach projects at the State and local level, State and local agencies will conduct focus groups or telephone surveys to aid in the development of appropriate and effective communications and outreach materials and strategies. Post-project focus groups or telephone surveys also will be conducted to evaluate the effectiveness of these projects.

Prior to conducting communications and outreach projects on the national level, EPA will evaluate the nature and extent of existing communications and outreach projects by sending questionnaires to State/local government agencies. This will minimize any duplication of effort between projects conducted at the national and State/local levels. EPA also will conduct pre-project focus groups or telephone surveys with the general public to gauge public awareness of mobile source issues, identify information needs, and aid in the

development of appropriate and effective communications and outreach materials; and post-project focus groups or telephone surveys to evaluate the effectiveness of OMS' communications and outreach projects.

An agency may not conduct of sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR part 9 and 48 CFR Chapter 15. The **Federal Register** document required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on December 30, 1997 (62 FR 67861); Two comments were received.

**Burden Statement:** The annual reporting burden to the individuals (there is no recordkeeping burden) for this collection of information is estimated to average 2 hours for participants in focus groups, 10 minutes for participants in telephone surveys, and 30 minutes for respondents filling out questionnaires. Annual burden for state/local agencies is estimated to be 196 hours for each focus group project with operating and maintenance (O and M) costs of \$1,300 per project. State/local agency burden for each telephone survey project is estimated to be 428 hours with O and M costs of \$250 per project. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

**Respondents/Affected Entities:** General public, State and local government agencies.

*Estimated Number of Respondents:* 8,880 annually; 26,640 over three years.

*Frequency of Response:* One-time.

*Estimated Total Annual Hour Burden:* 16,770 hours.

*Estimated Total Annualized operating and Maintenance Cost Burden:* \$55,000.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing

respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 1833.01 in any correspondence. ## ENVIRONMENTAL PROTECTION AGENCY

[FRL-6325-1]

### Transfer of Confidential Business Information to Contractors

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of transfer of data and request for comments.

**SUMMARY:** The Environmental Protection Agency (EPA) will transfer Confidential Business Information (CBI) to its contractor, Dyncorp Information and Engineering Technology (Dyncorp, Inc.), and its subcontractor: DPRA, Inc. These data pertain to the quantities of hazardous waste generated or received, and the disposition of those wastes. These data have been or will be submitted to EPA pursuant to the Biennial Reporting requirements of the Resource Conservation and Recovery Act of 1976 (RCRA), as amended. Some of the information may have a claim of business confidentiality. Dyncorp, Inc., and its subcontractor are assisting EPA in assessing the quality of the Biennial Report data, establishing a national data bases on hazardous waste generation and management, and in developing "The National Biennial RCRA Hazardous Waste Report."

**DATES:** Transfer of confidential data submitted to EPA will occur no sooner than April 26, 1999.

**ADDRESSEES:** Comments should be sent to Regina Magbie, Document Control Officer, Office of Solid Waste (5305W), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460. Comments should be identified as "Transfer of Confidential Data."

**FOR FURTHER INFORMATION CONTACT:** Regina Magbie, Document Control Officer, Office of Solid Waste (5305W),

U.S. Environmental Protection Agency,  
401 M Street, SW, Washington, DC  
20460, 703-308-7909.

**SUPPLEMENTARY INFORMATION:**

**1. Transfer of Confidential Business Information**

The U.S. Environmental Protection Agency is using biennial report data to establish a national data base on hazardous waste generation and management. These data will be used to characterize the demographics of and trends in hazardous waste generation and management. Under EPA Contract No. GS-35F-4594G, Dyncorp, Inc., and its subcontractor will assist the Information Management Branch, Communications, Information, and Resources Management Division, Office of Solid Waste, in accessing the quality of the Biennial Report data, establishing the National Biennial Report data base, and preparing the national report based on those analyses. Some of the information being transferred may be claimed as Confidential Business Information (CBI).

In accordance with 40 CFR 2.305(h), EPA has determined that Dyncorp, Inc., and its subcontractor require access to CBI submitted to EPA under the authority of RCRA to perform work satisfactory under the above noted contract.

EPA is issuing this notice to inform all submitters of CBI on the 1989, 1991, 1993, 1995 and 1997 Hazardous Waste Report Forms (EPA Form 8700-13 A/B), or State developed biennial report forms, that EPA may transfer to these firms, on a need-to-know basis, CBI collected under the authority of RCRA. Upon completing their review of materials submitted, Dyncorp, Inc., and its subcontractor will return all material to EPA.

Dyncorp, Inc., and its subcontractor have been authorized to have access to RCRA CBI under the EPA "Contractor Requirements for the Control and Security of 2 of 3 RCRA Confidential Business Information Security Manual." EPA will approve the security plans of the contractors to ensure that their facilities comply with security procedures outlined in the security manual prior to RCRA CBI being transmitted to the contractors. Contractor personnel will be required to sign non-disclosure agreements and will be briefed on appropriate security procedures before they are permitted access to confidential information.

Dated: April 2, 1999.
