

## Wave 3

- 20 minutes for the telephone interview with a human operator.
- 25 minutes for the personal follow-up interview completion of a paper questionnaire.

*Estimated Total Annual Burden**Hours:*

- Wave 1 = 730 hours
- Wave 2 = 730 hours
- Wave 3 = 1,500 hours
- Total = 2,960 annual burden hours

*Estimated Total Annual Cost:* There is no cost to the respondent other than the time to complete the information requested.

*Respondent's Obligation:* Voluntary.

*Legal Authority:* Title 13, United States Code, Sections 141 and 193.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have a practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents; including through the use of automated collection techniques or other forms of information

technology. Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 20, 1999.

BILLING CODE 3510-07-P

**DEPARTMENT OF COMMERCE****International Trade Administration****Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocations in Part**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of initiation of antidumping and countervailing duty administrative reviews and requests for revocations in part.

**SUMMARY:** The Department of Commerce has received requests to conduct administrative reviews of various antidumping and countervailing duty orders and findings with MARCH anniversary dates. In accordance with the Department's regulations, we are

initiating those administrative reviews. The Department of Commerce also received requests to revoke three antidumping duty orders in part.

**EFFECTIVE DATE:** April 30, 1999.

**FOR FURTHER INFORMATION CONTACT:**

Holly A. Kuga, Office of AD/CVD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230, telephone: (202) 482-4737.

**SUPPLEMENTARY INFORMATION:****Background**

The Department has received timely requests, in accordance with 19 CFR 351.213(b)(1997), for administrative reviews of various antidumping and countervailing duty orders and findings with MARCH anniversary dates. The Department also received timely requests to revoke in part the antidumping duty orders on Steel Wire Rope from South Korea and Mexico and Fresh Cut Flowers from Colombia.

*Initiation of Reviews*

In accordance with section 19 CFR 351.221(c)(1)(i), we are initiating administrative reviews of the following antidumping and countervailing duty orders and findings. We intend to issue the final results of these reviews not later than MARCH 31, 2000.

\* If one of the above named companies does not qualify for a separate rate, all other exporters of ferrosilicon from the People's Republic of China who have not qualified for a separate rate are deemed to be covered by this review as part of the single PRC entity of which the named exporters are a part.

For transition orders defined in section 751(c)(6) of the Act, the Secretary will apply paragraph (j)(1) of this section to any administrative review initiated in 1998 (19 CFR 351.213(j)(1–2)).

Interested parties must submit applications for disclosure under administrative protective orders in accordance with 19 CFR 351.305.

These initiations and this notice are in accordance with section 751(a) of the Tariff Act of 1930, as amended (19 U.S.C. 1675(a)), and 19 CFR 351.221(c)(1)(i).

Dated: April 22, 1999.

**Holly A. Kuga,**

*Acting Deputy Assistant Secretary for Group II, AD/CVD Enforcement.*

## DEPARTMENT OF COMMERCE

### National Oceanic and Atmospheric Administration

[I.D. 042699B]

#### Endangered Species; Permits

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Receipt of applications to modify permits (1056, 1118); issuance of a permit (1189); and modifications to an existing permit (1119).

**SUMMARY:** Notice is hereby given of the following actions regarding permits for takes of endangered and threatened species for the purposes of scientific research and/or enhancement:

NMFS has received applications for modifications to existing permits from NMFS Northwest Fisheries Science Center in Seattle, WA (NWFSC)(1056) and U.S. Fish and Wildlife Service in Leavenworth, WA (FWS)(1118); NMFS has issued a permit to Dr. James Kirk, of the Corps of Engineers Waterways Experiment Station (COE-WES) (1189); and NMFS has issued modifications to a scientific research permit held by the U.S. Fish and Wildlife Service (FWS) (1119).

**DATES:** Written comments or requests for a public hearing on the new modification requests must be received on or before June 1, 1999.

**ADDRESSES:** The applications and related documents are available for review in the following offices, by appointment:

For permits 1056, 1118, 1119: Protected Resources Division, F/NWO3, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

For permit 1189: Office of Protected Resources, Endangered Species Division, F/PR3, 1315 East-West Highway, Silver Spring, MD 20910 (301-713-1401).

All documents may also be reviewed by appointment in the Office of

Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401).

#### FOR FURTHER INFORMATION CONTACT:

For permits 1056: Leslie Schaeffer, Portland, OR (503-230-5433).

For permits 1118, 1119: Tom Lichatowich, Portland, OR (503-230-5438).

For permit 1189: Terri Jordan, Silver Spring, MD (301-713-1401).

#### SUPPLEMENTARY INFORMATION:

##### Authority

Issuance of permits and permit modifications, as required by the Endangered Species Act of 1973 (16 U.S.C. 1531-1543) (ESA), is based on a finding that such permits/modifications: (1) Are applied for in good faith; (2) would not operate to the disadvantage of the listed species which are the subject of the permits; and (3) are consistent with the purposes and policies set forth in section 2 of the ESA. Authority to take listed species is subject to conditions set forth in the permits. Permits and modifications are issued in accordance with and are subject to the ESA and NMFS regulations governing listed fish and wildlife permits (50 CFR parts 217-227).

Those individuals requesting a hearing on an application listed in this notice should set out the specific reasons why a hearing on that application would be appropriate (see **ADDRESSES**). The holding of such hearing is at the discretion of the Assistant Administrator for Fisheries, NOAA. All statements and opinions contained in the permit action summaries are those of the applicant and do not necessarily reflect the views of NMFS.

##### Species Covered in this Notice

The following species and evolutionarily significant units (ESU's) are covered in this notice:

Chinook salmon (*Oncorhynchus tshawytscha*): Snake River (SnR) spring/summer, upper Columbia River (UCR) spring.

Steelhead trout (*Oncorhynchus mykiss*): UCR.

Shortnose sturgeon (*Acipenser brevirostrum*).

##### Modification Requests Received

NWFSC requests a modification to scientific research permit 1056. Permit 1056 authorizes NWFSC annual direct takes of juvenile, threatened, naturally produced and artificially propagated, SnR spring/summer chinook salmon associated with studies designed to monitor wild salmon smolt migration timing, genetic change, and population

structure over time. For the modification, NWFSC requests an increase in the annual take of juvenile, threatened, naturally produced, SnR spring/summer chinook salmon and an additional take of adult, threatened, SnR spring/summer chinook salmon carcasses associated with the research. The additional take is requested to determine the importance of salmon carcasses (marine derived nutrients) on the growth, production, and survival of wild juvenile Snake River chinook salmon. NWFSC also requests that an additional capture method, rotary screw traps, be used to collect juvenile fish. ESA-listed juvenile fish are proposed to be lethally taken from additional sites except in low abundance years, when lethal take will be suspended. Tissue samples will be collected from ESA-listed adult, naturally deceased (post-spawning), salmon carcasses found along stream banks, or in the event that few carcasses of naturally spawning fish are located, samples will be taken from carcasses obtained from nearby hatcheries following spawning. The modification is requested to be valid for the duration of the permit, which expires on January 31, 2003.

FWS requests a modification to scientific research/enhancement permit 1118. Permit 1118 authorizes FWS annual direct takes of adult and juvenile, endangered, naturally produced and artificially propagated, UCR steelhead associated with an enhancement program at Winthrop Hatchery on the Methow River. Incidental takes of ESA-listed species resulting from hatchery produced fish releases are also authorized by the permit. For the modification, FWS requests an annual incidental take of adult and juvenile, endangered, UCR spring chinook salmon associated with the program. FWS has provided a revised conservation plan designed to minimize and mitigate the potential incidental take of the ESA-listed species. The modification is requested to be valid for the duration of the permit, which expires on May 31, 2003.

##### Permits and Modifications Issued

Notice was published on February 4, 1999 (64 FR 5640), that an application had been filed by the U.S. Fish and Wildlife Service (FWS), for a modification to permit 1119. Permit 1119 authorizes annual takes of juvenile, endangered, naturally produced and artificially propagated, UCR steelhead associated with research studies. For Modification 1, FWS is authorized an increase in annual takes of adult and juvenile, endangered,
