The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include

information provided in response to this notice.

Definitions

The following definitions apply to these reviews:

(1) Subject Merchandise is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The Subject Countries in these reviews are Argentina, Brazil, Canada,

India, Israel, Korea, Mexico, Singapore, Taiwan, Thailand, Turkey, and Venezuela.

(3) The Domestic Like Product is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. The Domestic Like Products the Commission defined in its original affirmative determinations are listed below:

Investigation	Domestic like product
Small diameter carbon steel pipe and tube/Taiwan.	One Domestic Like Product: circular welded carbon steel pipes and tubes with an outside diameter of at least 0.375 inch but not more than 4.5 inches.

¹ No response to this request for information is required if a currently valid Office of Management and Budget (OMB) number is not displayed; the OMB number is 3117-0016/USITC No. 99-5-005,

expiration date June 30, 1999. Public reporting burden for the request is estimated to average 7 hours per response. Please send comments regarding the accuracy of this burden estimate to

the Office of Investigations, U.S. International Trade Commission, 500 E Street, SW, Washington, DC 20436.

Investigation	Domestic like product
Welded carbon steel line pipe and pipe and tube/Turkey. Welded carbon steel pipe and tube/Thailand Welded carbon steel pipe and tube/India	One Domestic Like Product: circular welded carbon steel standard pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches. The countervailing duty determination with respect to Turkey found a second Domestic Like Product, defined as circular welded carbon steel line pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches.
Oil country tubular goods/Canada Oil country tubular goods/Taiwan	Two Domestic Like Products: (1) oil country tubular goods (OCTG), i.e., green tubes and finished, seamless and welded, casing and tubing, and (2) drill pipe. Certain Commissioners defined the Domestic Like Product differently. The Commission examined the impact of the subject imports on all OCTG because the available data in the investigations did not permit the identification of drill pipe as a separate industry.
Oil country tubular goods/Israel	One Domestic Like Product: all OCTG, including drill pipe. Certain Commissioners defined the Domestic Like Product differently. The Commission examined the impact of the subject imports on all OCTG because the available data in the investigations did not permit the identification of drill pipe as a separate industry.
Small diameter standard and rectangular pipe and tube/Singapore. Light-walled rectangular tube/Taiwan Light-walled rectangular tube/Argentina Circular welded nonalloy steel pipe/Brazil Circular welded nonalloy steel pipe/Korea Circular welded nonalloy steel pipe/Mexico Circular welded nonalloy steel pipe/Taiwan Circular welded nonalloy steel pipe/Venezuela	One Domestic Like Product: rectangular welded carbon steel pipes and tubes having less than 0.156 inch wall thickness. One Domestic Like Product: standard and structural pipes and tubes, including unfinished conduit pipe.

For purposes of this notice, you should report information separately on each of the following Domestic Like Products: (1) Circular welded carbon steel pipes and tubes with an outside diameter of at least 0.375 inch but not more than 4.5 inches, (2) circular welded carbon steel standard pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches, (3) circular welded carbon steel line

pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches, (4) OCTG excluding drill pipe, i.e., green tubes and finished, seamless and welded, casing and tubing, (5) drill pipe, (6) OCTG including drill pipe, (7) rectangular welded carbon steel pipes and tubes having less than 0.156 inch wall thickness, and (8) standard and structural pipes and tubes, including unfinished conduit pipe.

(4) The Domestic Industry is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. The Domestic Industries the Commission defined in its original determinations are listed below:

Investigation	Domestic industry
Small diameter carbon steel pipe and tube/Taiwan. Welded carbon steel line pipe and pipe and tube/Turkey. Welded carbon steel pipe and tube/Thailand Welded carbon steel pipe and tube/India	One Domestic Industry: producers of circular welded carbon steel pipes and tubes with an outside diameter of at least 0.375 inch but not more than 4.5 inches. One Domestic Industry: producers of circular welded carbon steel standard pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches. The countervailing duty determination with respect to Turkey found a second Domestic Industry, defined as producers of circular welded carbon steel line pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches.
Oil country tubular goods/Canada Oil country tubular goods/Taiwan	Two Domestic Industries: (1) producers of OCTG, i.e., green tubes and finished, seamless and welded, casing and tubing, and (2) producers of drill pipe. Certain Commissioners defined the Domestic Industry differently. The Commission examined the impact of the subject imports on all OCTG because the available data in the investigations did not permit the identification of drill pipe as a separate industry.
Oil country tubular goods/Israel	One Domestic Industry: producers of all OCTG, including drill pipe. Certain Commissioners defined the Domestic Industry differently. The Commission examined the impact of the subject imports on all OCTG because the available data in the investigations did not permit the identification of drill pipe as a separate industry.
Small diameter standard and rectangular pipe and tube/Singapore. Light-walled rectangular tube/Taiwan Light-walled rectangular tube/Argentina Circular welded nonalloy steel pipe/Brazil Circular welded nonalloy steel pipe/Korea Circular welded nonalloy steel pipe/Mexico Circular welded nonalloy steel pipe/Taiwan Circular welded nonalloy steel pipe/Venezuela	One Domestic Industry: producers of rectangular welded carbon steel pipes and tubes having less than 0.156 inch wall thickness. One Domestic Industry: producers of standard and structural pipes and tubes, including unfinished conduit pipe.

welded carbon steel pipes and tubes with an outside diameter of at least 0.375 inch but not more than 4.5 inches, (2) producers of circular welded carbon

steel standard pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches, (3) producers of circular welded carbon

steel line pipes and tubes with outside diameter of at least 0.375 inch but not more than 16 inches, (4) producers of OCTG excluding drill pipe, i.e., green tubes and finished, seamless and welded, casing and tubing, (5) producers of drill pipe, (6) producers of OCTG including drill pipe, (7) producers of rectangular welded carbon steel pipes and tubes having less than 0.156 inch wall thickness, and (8) producers of standard and structural pipes and tubes, including unfinished conduit pipe.
