#### **Siemens Energy & Automation Industrial Products Division—Nema Motors, Little Rock, Arkansas; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance**

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Notice of Certification Regarding Eligibility to Apply for Worker Adjustment Assistance on December 4, 1998, applicable to workers of Siemens Energy & Automation Industrial Products Division—NEMA Motors located in Little Rock, Arkansas. The notice was published in the **Federal Register** on December 23, 1998 (63 FR 71165).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers were engaged in the production of electric induction three phase motors. Findings show that the Department incorrectly set the worker certification impact date at November 10, 1998. The impact date should be November 10, 1997, one year prior to the date of the petition. Accordingly, the Department is amending the certification to reflect this matter.

The amended notice applicable to TA-W-35,240 is hereby issued as follows:

"All workers of Siemens Energy and Automation, Industrial Products Division—NEMA Motors, Little Rock, Arkansas who became totally or partially separated from employment on or after November 10, 1997 through December 4, 2000 are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974."
