

III. Cancellation Order and Existing Stocks Provision

The Agency hereby grants all of the requested cancellations, consistent with the schedule Bayer Corporation requested in its December 11, 1999 voluntary cancellation letter to the Agency. Bayer Corporation requested in its December 11, 1999 letter a 1-year existing stocks provision for its end-use product Oftanol 2 Insecticide (EPA Reg. No. 3125-342). The Agency has determined that the effective date of cancellation for this product will be September 30, 1999. The Bayer Corporation, and any supplemental distributors, may sell or distribute existing stocks of this product, bearing the previously-approved labeling, until September 30, 2000. In addition, EPA will continue to permit, after September 30, 2000 (EPA Reg. No. 3125-342) and December 31, 1999 (EPA Reg. No. 3125-326), the sale, distribution, and use of existing stocks of product containing isofenphos already in the channels of distribution by persons other than the registrant and/or supplemental registrants, (i.e., stocks already in the hands of dealers and users).

Cancellation of the following isofenphos product registrations will become effective on May 26, 1999. EPA will continue to permit the sale, distribution and use of existing stocks of the following product registrations already in the hands of any person other than the registrant and/or supplemental distributors:

- Oftanol 5% Granular Turf and Ornamental Insecticide, EPA Reg. No. 3125-435
- Oftanol 5% Granular Insecticide, EPA Reg. No. 3125-330
- Oftanol 1.5% Granular Insecticide, EPA Reg. No. 3125-331
- Lawn Food and Insecticide, EPA Reg. No. 3125-350

All sale or distribution of existing stocks permitted by this cancellation order is permitted only to the extent that the product being sold or distributed bears the previously-approved label that was required to be on the product on the date of cancellation. All use of existing stocks of any product canceled pursuant to this cancellation order must be consistent with the previously-approved labeling on or accompanying the product. In addition, dealers and users should be aware that the Agency reserves the right to amend the existing stocks portion of this order if conditions warrant that existing stocks are not exhausted in a reasonable time.
