Agency Information Collection Activities: Proposed Request and Comment Request

In compliance with Public Law 104-13, the Paperwork Reduction Act of

1995, the Social Security Administration (SSA) is providing notice of its information collections that require submission to the Office of Management and Budget (OMB). SSA is soliciting comments on the accuracy of the agency's burden estimate; the need for the information; its practical utility; ways to enhance its quality, utility and clarity; and on ways to minimize burden on respondents, including the use of automated collection techniques or other forms of information technology.

I. The information collections listed below will be submitted to OMB within 60 days from the date of this notice. Therefore, comments and recommendations regarding the information collections would be most useful if received by the Agency within 60 days from the date of this publication. Comments should be directed to the SSA Reports Clearance Officer at the address listed at the end of this publication. You can obtain a copy of the collection instruments by calling the SSA Reports Clearance Officer on (410) 965-4145, or by writing to him at the address listed at the end of this publication.

1. Request for Information—0960-NEW. The information collected on this form will be used by SSA's Office of the Inspector General (OIG) to conduct periodic eligibility reviews of beneficiaries residing in foreign countries. The form is designed to replace the current time-consuming and expensive method of conducting these reviews by selecting sample cases and conducting in person interviews. The form will permit OIG to review all beneficiary residents of the foreign country under study, thereby narrowing the scope of the beneficiaries requiring in person visits to those who do not respond or to those who provide questionable evidence. The respondents are Social Security beneficiaries residing in foreign countries.

Number of Respondents: 900.
Frequency of Response: 1.
Average Burden Per Response: 30 minutes.

Estimated Annual Burden: 450 hours.

2. Application for Parent's Insurance Benefits—0960-0012. The information

collected on form SSA-7 is used by the Social Security Administration to determine entitlement of an individual to parent's insurance benefits. The respondents are parents who were dependents on the worker for at least one-half of their support.

Number of Respondents: 1,400.
Frequency of Response: 1.
Average Burden Per Response: 15 minutes.

Estimated Annual Burden: 350 hours.

3. 0960-NEW. State Partnership Initiative (SPI) Cooperative Agreements. Executive Order 13078 dated March 13, 1998, Increasing Employment of Adults With Disabilities, orders that a National Task Force be established to create a coordinated and aggressive national policy to bring adults with disabilities into gainful employment at a rate that is as close as possible to that of the general adult population. E.O. 13078 specifies that the Task Force "evaluate and, where appropriate, coordinate and collaborate on, research and demonstration priorities of Task Force member agencies related to employment of adults with disabilities."

To comply with the EO, SSA released cooperative agreement announcements in 1998 to approximately 650 State agencies nationwide to conduct demonstration projects that assist States in developing service delivery models that increase the rates of gainful employment of people with disabilities. Eighteen State agencies have been selected to participate in the demonstration projects.

SSA has employed a monitoring and technical assistance contractor to collect information from the State awardees' databases on behalf of SSA. The Contractor will use the information to evaluate whether and to what extent the service delivery models achieve the overall goals of the demonstration projects and will report project results to SSA. SSA will use the results to conduct a net outcome evaluation to determine the long-term effectiveness of the interventions.

Following is a table that outlines the public reporting burden of the 18 State agencies for this project:

Title of collection	Number of annual responses	Frequency of response	Average burden per response	Estimated annual burden (hours)
Demonstration Site Form	16 (electronic)	One Time	1 minute3

Frequency of Response: 1.
Average Burden Per Response: 10 minutes.

4. Disability Update Report—0960-0511.
