## FEDERAL EMERGENCY MANAGEMENT AGENCY

### 44 CFR Part 67

#### Final Flood Elevation Determinations

**AGENCY:** Federal Emergency Management Agency (FEMA).

**ACTION:** Final rule.

**SUMMARY:** Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

**EFFECTIVE DATE:** The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the FIRM is available for inspection as indicated in the table below.

**ADDRESSES:** The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

**FOR FURTHER INFORMATION CONTACT:** Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, Federal Emergency Management Agency, 500 C Street SW., Washington, DC 20472, (202) 646-3461, or (e-mail) matt.miller@fema.gov.

**SUPPLEMENTARY INFORMATION:** The Federal Emergency Management Agency makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR Part 67.

FEMA has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR Part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and FIRM

available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

#### National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

#### Regulatory Flexibility Act

The Associate Director for Mitigation certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

#### Regulatory Classification

This final rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

#### Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Part 0

[WT Docket No. 98-160; FCC 99-45]

1998 Biennial Regulatory Review

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: In this document the Commission revises its rules to eliminate the Wireless Telecommunications Bureau's reference facility in Gettysburg, Pennsylvania. The demand to review application and licensing records will be met by the Commission's public access capabilities, particularly as the use of electronic filing increases. This document also amends the Commission's rules to accurately reflect the location and availability of license application information within the Wireless Telecommunications Bureau.

EFFECTIVE DATE: Amendments to § 0.453(g) and (h) are effective July 20, 1999. Amendments to §§ 0.453(l) and (o) and 0.455(f) are effective 90 days after ULS is implemented for all services licensed by the Wireless Telecommunications Bureau. The Wireless Bureau will issue a public notice announcing the specific date upon which these amendments become effective.

FOR FURTHER INFORMATION CONTACT: Walter Boswell, 717-338-2601.

SUPPLEMENTARY INFORMATION: This is a summary of the Commission's Report and Order (R&O) released March 24, 1999 in WT Docket No. 98-160; FCC 99-45. The full text of this R&O is available for inspection and copying during normal business hours at the FCC Dockets Branch, 445 12th Street SW, Washington, DC. The text of the R&O may also be purchased by calling International Transcription Service at 202-857-3800.

Given the readily available electronic access to information concerning applications and licenses for wireless telecommunications services, this R&O closes the Commission's Gettysburg reference facility at a future date. Due to its location outside the Washington, DC area, the Gettysburg reference facility is not as well used as those at Commission headquarters. The demand to review materials will be easily met by the Commission's public access capabilities, particularly as the use of electronic filing expands to the point where the Commission receives little or no paper from applicants. The Wireless

Telecommunications Bureau staff in Gettysburg will accept requests at their front counter to review paper documents, and the Commission's duplication services contractor will provide copies of applications upon request for their usual research and copying fees.

Part 0 of Chapter I of Title 47 of the Code of Federal Regulations is amended as follows:

PART 0—COMMISSION ORGANIZATION

1. The authority citation for part 0 continues to read as follows:

Authority: Section 5, 48 Stat. 1068, as amended; 47 U.S.C. 155.

2. Section 0.453 is amended by revising the introductory text, paragraph (g) introductory text, paragraph (h) introductory text and adding new paragraph (o) to read as follows:

§ 0.453 Public reference rooms.

The Commission maintains the following public reference rooms at its offices in Washington, DC:

\* \* \* \* \*

(g) The Common Carrier Bureau, Network Services Division Public Reference Room. Section 214 applications and related files, to the extent that they concern domestic communications facilities and services are available for inspection at this location.

\* \* \* \* \*

(h) The Wireless Telecommunications Bureau, Commercial Mobile Services Reference Room. The following documents, files and records are available for inspection at two different locations. The Legal Branch is the responsible custodian for both locations.

\* \* \* \* \*

(o) Electronically stored application and licensing data for commercial radio operator applications and all authorizations in the Wireless Radio services are available for public inspection via the Commission's wide area network. Wireless Radio services include Commercial and Private Mobile Radio, Common Carrier and Private Operational Fixed Point-to-Point Microwave, Local Television Transmission Service (LTTS), Digital Electronic Message Service (DEMS),
