**SUPPLEMENTARY INFORMATION:**

**Background**

Customs published a document in the **Federal Register** (64 FR 19508) on April 21, 1999, inviting the public to comment on proposed amendments to its regulations concerning foreign repairs to American vessels. Specifically, the proposed amendments would revise the Customs Regulations regarding the declaration, entry, assessment of duty and processing of petitions for relief from duty for vessels of the United States that undergo foreign shipyard operations. The proposed amendments to the vessel repair regulations are intended to accurately reflect current statutory law, as well as legal and policy determinations made as a result of judicial decisions and administrative enforcement experience.

Comments on the proposed rule were due on or before June 21, 1999. However, a request has been made on behalf of a large shipping concern to extend the period of time for comments on the proposed rule for an additional 30 days (until July 21, 1999). The additional time is requested so that a thorough and meaningful comment may be prepared, in light of the fact that the proposal involves a major revision of the vessel repair regulations.

Customs has concluded under the circumstances that this request has merit. Accordingly, the period of time for the submission of public comments on the proposed rule is being extended as requested.

Dated: June 1, 1999.
