II. Scope and Purpose of the EJP2 Grant Program

The FY 1999 EJP2 grant program supports the use of pollution prevention approaches to address the environmental problems of minority and low-income communities and Federally recognized tribes. This grant program is designed to fund projects that have a direct impact on affected communities. Funds awarded must be used to support pollution prevention programs in minority and/or low-income communities. The Agency strongly encourages cooperative efforts between communities, businesses, industry, and government to address common pollution prevention goals. Project grants may involve public education, training, demonstration projects, collaborative public-private partnerships, or innovative approaches to develop, evaluate, and demonstrate non-regulatory strategies and
