[Docket No. RP99-320-000]

ANR Pipeline Company; Notice of
Proposed Changes in FERC Gas Tariff

June 4, 1999.

Take notice that on May 28, 1999, ANR Pipeline Company (ANR) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets proposed to be effective June 1, 1999:

Forty-Fifth Revised Sheet No. 18

ANR states that the above-referenced tariff sheet is being filed by ANR to reflect the impact of the annual update of the Eligible MDQ that is used to calculate its currently effective Gas Realignment (GSR) Reservation Surcharges, as required by and consistent with ANR's transition cost recovery mechanism set forth in its tariff. ANR advises that the Eligible MDQ has increased by approximately eleven percent (11%), thereby reducing the level of the GSR surcharges.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. CP99-538-000]

B-R Pipeline Company Portland
General Company; Notice of
Application

June 4, 1999.

Take notice that on May 28, 1999, B-R Pipeline Company (B-R), P.O. Box 806278, 125 South Franklin Street, Chicago, Illinois 60680-4124, and Portland General Electric Company (PGE), One World Trade Center, Suite 1300, Portland, Oregon 97204 (jointly referred to as Applicants), filed in Docket No. CP99-538-000 an application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act, requesting the following authorizations: (1) permission and approval to abandon by sale to B-R a 10. per cent tenancy-in-common share (12 per cent of PGE's interest) of a pipeline known as the "Kelso-Beaver Pipeline" (KBP); (2) certificate authority for B-R to acquire, own, and operate this 10.5 percent tenancy-in-common interest in the KBP; (3) certificate authority for B-R to construct, own, and operate, at B-R's expense, a delivery point for interstate transportation service consisting of a tap, meter, appurtenant facilities (collectively the Delivery Point) located near the terminus of the KBP in Columbia County, Oregon, which will connect with a non-jurisdictional pipeline to be built and owned by United States Gypsum Company (Gypsum) as an extension of Gypsum's new wallboard manufacturing plant in Rainier, Oregon; (4) certificate authority for B-R to transport natural gas on behalf of Gypsum from the existing KBP's interconnect with Northwest Pipeline Corporation (Northwest) in Kelso, Washington, to the interconnect with Gypsum's facilities extending from Gypsum's new plant; and (5) waiver of the Commission's requirements to file annual reports, rates, tariffs, and contracts involving service by B-R for Gypsum, all as more fully set forth in the application which is on file with the Commission and open to public inspection. this filing may be viewed on the web at: <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

Applicants state that on October 24, 1991, the Commission issued a certificate authorizing PGE and KB Pipeline Company (KB) to construct and operate 17 miles of twenty-inch diameter pipeline with a capacity of 193 MMcf/day (the KBP) and other facilities.

It is indicated that the KBP extends from an interconnection with Northwest in Kelso, Washington, to a delivery point at PGE's Beaver Generating Station in Columbia County, Oregon and to an interconnection with KB's local distribution affiliate and only customer, Northwest Natural Gas Company (Northwest Natural). Applicants further state that neither PGE nor KB was required to offer open access transportation for third parties or to file open access tariffs.

Applicants request authority for PGE to abandon by sale to B-R its right, title, and interest in and to a 10.5 per cent tenancy-in-common of the KBP, and Applicants request corresponding certificate authority for B-R to acquire this 10.5 per cent interest as tenant-in-common so the B-R may transport and deliver natural gas belonging to Gypsum for use at a new Gypsum wallboard plant in Rainier, Oregon. Applicants assert that as part of that sale, PGE will assign to Gypsum and B-R, with respect to such 10.5 per cent interest, all transportation and other rights, and Gypsum and B-R will assume all obligations that accompany such an ownership share under the original joint ownership agreement. Applicants further assert that B-R's ownership of 10.5 per cent tenancy-in-common will not alter the total capacity or the maximum allowable operating pressure that applies currently to the KBP.

In addition to the proposed purchase and ownership of the 10.5 per cent interest in the KBP, B-R seeks certificate authority to construct, own, and operate for the purpose of transporting natural gas to Gypsum a Delivery Point, which will be located near the terminus of the existing KBP within existing rights-of-way. Applicants assert that B-R would build no other facilities; rather, Gypsum, an affiliate of B-R, plans to extend an eight-inch pipeline from its new plant in Rainier, Oregon to the Delivery Point. Applicants further assert that Gypsum's pipeline will be built and operated as an extension of Gypsum's new plant and will not be subject to the Commission's jurisdiction under either the NGA or NGPA. Applicants indicate that apart from the \$2.5 million to be paid to PGE to purchase a share of the KBP, the cost of B-R's new Delivery Point is estimated to be \$65,000.

Any person desiring to be heard or to make any protest with reference to said application should on or before June 25, 1999, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a petition to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and

Procedure (18 CFR 385.214 and 385.211) and the regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding.

Any person wishing to become a party to the proceeding or to participate as a party in any hearing therein must file a petition to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission on this application if no petition to intervene is filed within the time required herein, and if the Commission on its own review of the matter finds that the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission on its motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provide for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

Linwood A. Watson, Jr.,

Acting Secretary.

[Docket No. RP99-321-000]

CNG Transmission Corporation; Notice of Proposed Changes in FERC Gas Tariff

June 4, 1999.

Take notice that on May 28, 1999, CNG Transmission Corporation (CNG) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following tariff sheets, with an effective date of July 1, 1999:

Twenty-Second Revised Sheet No. 31

Forty-Eighth Revised Sheet No. 32

CNG states that the purpose of this filing is to terminate the surcharge established under Section 18.2.A of the General Terms and Conditions of CNG's FERC Gas Tariff, effective as of July 1, 1999. Article III, Section F of the

September 30, 1999 Stipulation and Agreement in Docket Nos. RP97-406-000, et al., determined the currently-effective level of this surcharge (as detailed in Appendix C of the Stipulation and Agreement), and established that CNG would continue its collection of this surcharge through and including June 30, 1999. The Commission approved the Stipulation and Agreement by order dated November 24, 1998. 85 FERC ¶61,261 (1998).

CNG states that copies of this letter of transmittal and enclosures are being mailed to CNG's customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

[Docket No. TM99-6-32-000]

Colorado Interstate Gas Company; Notice of Tariff Filing

June 4, 1999.

Take notice that on May 28, 1999, Colorado Interstate Gas Company (CIG) tendered for filing to become part of its FERC Gas Tariff, First Revised Volume No. 1, Thirteenth Revised Sheet No. 11A, reflecting an increase in its fuel reimbursement percentage for Lost, Unaccounted-For and Other Fuel Gas from 1.32% to 1.53% effective July 1, 1999.

CIG states that copies of this filing have been served on CIG's jurisdictional customers and public bodies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room. [Docket No. PR99-16-000]

Dow Interstate Gas Company; Petition for Rate Approval

June 4, 1999.

Take notice that on June 1, 1999, Dow Intrastate Gas Company (DIGCO), tendered for filing pursuant to Section 284.123(b)(2) of the Commission's Regulations, a petition for rate approval for interruptible transportation service performed under Section 311(a)(2) of the Natural Gas Policy Act of 1978 (NGPA). The petition is filed to comply with a Commission letter order dated March 12, 1997, in Docket No. PR96-10-000, which approved DIGCO's current rates, and required a filing on or before June 1, 1999, to justify such rates or establish new system rates. DIGCO is an intrastate pipeline organized and operating solely within Louisiana. Its mailing address is c/o The Dow Chemical Company, 400 W. Sam Houston Pkwy. S., Houston, TX 77042-1299.

DIGCO proposes, as fair and equitable, a maximum system-wide interruptible transportation rate of \$.0615 per MMBtu, plus 0.3% in-kind fuel reimbursement.
