The Judicial Oversight Demonstration Initiative, a collaboration between NIJ and the Violence Against Women Office (VAWO), is a program designed to reduce domestic violence through enhanced judicial oversight, victim safety, and offender accountability. This solicitation calls for a single evaluation to measure the added value resulting from the changes and enhancements made at each of the demonstration sites.

The evaluation will consist of four phases—Methodological Refinement and Baseline Data Collection, Formative Evaluation, Process Evaluation, and Outcome/Impact Evaluation.

This solicitation makes \$500,000 available for the first stage of the multi-site evaluation. Up to \$2.5 million is anticipated for the entire multi-year evaluation expected to extend to five years.

Interested organizations should call the National Criminal Justice Reference Service (NCJRS) at 1-800-851-3420 to obtain a copy of "Evaluation of a Multi-site Demonstration for Enhanced Judicial Oversight of Domestic Violence Cases" (refer to document no. Employment and Training Administration, Unemployment Insurance Service: Proposed Information Collection Request Submitted for Public Comment and Recommendations; State Quality Service Plan

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently, the Employment and Training Administration (ETA) is soliciting comments concerning the new State Quality Service Plan (SQSP), which was designed in consultation with end users, and will replace the Program Budget Plan (PBP), which has been used for more than a decade.

Guidelines for completion and submittal of the SQSP are contained in a handbook, which has been designed not to become obsolete annually, as was the case with the PBP. Fiscal year-specific information such as Federal Program Focus, or additional budget allocations, will be provided annually in an implementation memorandum that will initiate the planning process each year. The requirements of the reporting and data collection process
