

Box 19497, Arlington, Texas. If a request for a hearing or petition for leave to intervene is filed by the above date, the Commission or an Atomic Safety and Licensing Board, designated by the Commission or by the Chairman of the Atomic Safety and Licensing Board Panel, will rule on the request and/or petition; and the Secretary or the designated Atomic Safety and Licensing Board will issue a notice of hearing or an appropriate order.

As required by 10 CFR 2.714, a petition for leave to intervene shall set forth with particularity the interest of the petitioner in the proceeding, and how that interest may be affected by the results of the proceeding. The petition should specifically explain the reasons why intervention should be permitted with particular reference to the following factors: (1) The nature of the petitioner's right under the Act to be made a party to the proceeding; (2) the nature and extent of the petitioner's property, financial, or other interest in the proceeding; and (3) the possible effect of any order which may be entered in the proceeding on the petitioner's interest. The petition should also identify the specific aspect(s) of the subject matter of the proceeding as to which petitioner wishes to intervene. Any person who has filed a petition for leave to intervene or who has been admitted as a party may amend the petition without requesting leave of the Board up to 15 days prior to the first prehearing conference scheduled in the proceeding, but such an amended petition must satisfy the specificity requirements described above.

Not later than 15 days prior to the first prehearing conference scheduled in the proceeding, a petitioner shall file a supplement to the petition to intervene which must include a list of the contentions which are sought to be litigated in the matter. Each contention must consist of a specific statement of the issue of law or fact to be raised or controverted. In addition, the petitioner shall provide a brief explanation of the bases of the contention and a concise statement of the alleged facts or expert opinion which support the contention and on which the petitioner intends to rely in proving the contention at the hearing. The petitioner must also provide references to those specific sources and documents of which the petitioner is aware and on which the petitioner intends to rely to establish those facts or expert opinion. Petitioner must provide sufficient information to show that a genuine dispute exists with the applicant on a material issue of law or fact. Contentions shall be limited to matters within the scope of the

amendment under consideration. The contention must be one which, if proven, would entitle the petitioner to relief. A petitioner who fails to file such a supplement which satisfies these requirements with respect to at least one contention will not be permitted to participate as a party.

Those permitted to intervene become parties to the proceeding, subject to any limitations in the order granting leave to intervene, and have the opportunity to participate fully in the conduct of the hearing, including the opportunity to present evidence and cross-examine witnesses.

If the amendment is issued before the expiration of the 30-day hearing period, the Commission will make a final determination on the issue of no significant hazards consideration. If a hearing is requested, the final determination will serve to decide when the hearing is held.

If the final determination is that the amendment request involves no significant hazards consideration, the Commission may issue the amendments and make them immediately effective, notwithstanding the request for a hearing. Any hearing held would take place after issuance of the amendments.

If the final determination is that the amendment request involves a significant hazards consideration, any hearing held would take place before the issuance of any amendment.

A request for a hearing or a petition for leave to intervene must be filed with the Secretary of the Commission, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, Attention: Rulemakings and Adjudications Staff, or may be delivered to the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, by the above date. A copy of the petition should also be sent to the Office of the General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, and to George L. Edgar, Esq., Morgan, Lewis and Bockius, 1800 M Street, NW., Washington, DC 20036, attorney for the licensee.

Nontimely filings of petitions for leave to intervene, amended petitions, supplemental petitions and/or requests for hearing will not be entertained absent a determination by the Commission, the presiding officer or the presiding Atomic Safety and Licensing Board that the petition and/or request should be granted based upon a balancing of the factors specified in 10 CFR 2.714(a)(1)(i)-(v) and 2.714(d).

For further details with respect to this action, see the application for amendments dated May 27, 1999, as

supplement by letter dated May 28, 1999, which are available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the University of Texas at Arlington Library, Government Publications/Maps, 702 College, P. O. Box 19497, Arlington, Texas.

Dated at Rockville, Maryland, this 7th day of June 1999.

For the Nuclear Regulatory Commission.

Jack N. Donohew,

Acting Chief, Section 1, Project Directorate IV & Decommissioning, Division of Licensing Project Management, Office of Nuclear Reactor Regulation.

NUCLEAR REGULATORY COMMISSION

[Docket No. 50-151]

Notice and Solicitation of Comments Pursuant to 10 CFR 20.1405 and 10 CFR 50.82(b)(5) Concerning Proposed Action to Decommission University of Illinois at Urbana-Champaign University of Illinois Advanced Triga Research Reactor

Notice is hereby given that the U.S. Nuclear Regulatory Commission (the Commission) has received an application from the University of Illinois at Urbana-Champaign dated November 13, 1998, as supplemented on May 11, 1999, for a license amendment approving its proposed decommissioning plan for the University of Illinois Advanced TRIGA Research Reactor (Facility License No. R-115) located in the Nuclear Reactor Laboratory on the campus of the University of Illinois at Urbana-Champaign in Urbana, Illinois.

In accordance with 10 CFR 20.1405, the Commission is providing notice and soliciting comments from local and State governments in the vicinity of the site and any Indian Nation or other indigenous people that have treaty or statutory rights that could be affected by the decommissioning. This notice and solicitation of comments is published pursuant to 10 CFR 20.1405, which requires publication in the **Federal Register** and in a forum such as local newspapers, letters to State or local organizations, or other appropriate forum, that is readily accessible to individuals in the vicinity of the site. Comments should be provided within 30 days of the date of this notice to Ledyard Marsh, Chief, Events

Assessment, Generic Communications and Non-Power Reactors Branch, U.S. Nuclear Regulatory Commission, Washington, D.C. 20555.

Further, in accordance with 10 CFR 50.82(b)(5), notice is also provided of the Commission's intent to approve the plan by amendment, subject to such conditions and limitations as it deems appropriate and necessary, if the plan demonstrates that decommissioning will be performed in accordance with the regulations in this chapter and will not be inimical to the common defense and security or to the health and safety of the public.

A copy of the application is available for public inspection at the Commission's Public Document Room, the Gelman Building, at 2120 L Street NW., Washington, D.C. 20003.

Dated at Rockville, Maryland, this 7th day of June 1999.

For the Nuclear Regulatory Commission.

Ledyard B. Marsh,

Chief, Events Assessment, Generic Communications and Non-Power Reactors Branch, Division of Regulatory Improvement Programs, Office of Nuclear Reactor Regulation.

PRESIDIO TRUST

Public Health Service Hospital Complex, The Presidio of San Francisco, California; Notice of Intent To Prepare a Supplemental Environmental Impact Statement

AGENCY: The Presidio Trust.

ACTION: Notice of intent to prepare a supplemental environmental impact statement for the proposed leasing and redevelopment or rehabilitation of approximately 412,000 square feet of building space located on the site of the Public Health Service Hospital (PHSH) Complex, The Presidio of San Francisco (Presidio).

Description of Proposed Action and Alternatives

The Presidio Trust (Trust) will prepare a supplemental environmental impact statement (EIS) for the redevelopment of the site of the former PHSH Complex, located near the 15th Avenue entrance in the southern area of the Presidio. The site encompasses approximately 36 acres and approximately 412,000 square feet of building space within 17 existing structures. The largest structure is the former PHSH, totalling approximately 314,000 square feet. The supplemental

EIS will tier from the 1994 Presidio General Management Plan Amendment (GMPA) final EIS pursuant to 40 CFR 1508.28. The GMPA EIS analyzed alternative development concepts for the future of the Presidio, including a specific proposal for the PHSH Complex. Because the proposed development within the PHSH Complex would involve rehabilitation of historic buildings or development of new replacement construction and potential uses that were not previously examined in the GMPA EIS, the Trust has concluded that additional analysis is appropriate and will further the purposes of the National Environmental Policy Act of 1969. Alternatives currently being considered for the site include residential/educational conference facilities, various senior housing concepts, health care and medical research. These alternatives arose in part based on feedback received during public meetings and proposals received by the Trust in response to its Request for Qualifications for use of the site. The Trust will identify a preferred alternative following its review of the draft supplemental EIS and other information.

Public Comment

The Trust is inviting the public to participate in two public workshops to comment on the range of alternatives and the specific impacts to be evaluated in the supplemental EIS. The public workshops will be held on July 14, 1999 and July 21, 1999, from 6:00 to 9:00 p.m., at the Presidio Golden Gate Club, Fisher Loop, the Presidio, California. Notice of the workshops is being given in a timely manner through this announcement, announcements in the Trust's monthly newsletter and other local media, direct mailing to nearby property owners, posting on the Trust's website (www.presidiotrust.gov) and other means. Written comments concerning this notice must be sent to John Pelka, NEPA Compliance Coordinator, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129-0052. Fax: 415-561-5315. E-mail:

jpelka@presidiotrust.gov. Comments must be received by August 13, 1999.

FOR FURTHER INFORMATION CONTACT: John Pelka, NEPA Compliance Coordinator, the Presidio Trust, 34 Graham Street, P.O. Box 29052, San Francisco, CA 94129-0052. Telephone: 415-561-5300.

Dated: June 8, 1999.

Karen A. Cook,
General Counsel.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of Filings and, Information Service, Washington, D.C. 20549-0007

Extension:

Rule 17f-4 [17 CFR 270.17f-4] SEC File No. 270-232 OMB Control No. 3235-025

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension and approval of the collection of information described below.

Section 17(f)¹ of the Investment Company Act of 1940² (the "Act") permits registered management investment companies ("funds") and their custodians to maintain fund assets in a system for the central handling of securities, subject to Commission rules. Rule 17f-4³ under the Act defines this type of system as a "securities depository." The rule sets conditions for the use of certain depositories, including U.S.-registered clearing agency that acts as a depository, and the federal book-entry system for government securities.⁴

Certain information collection requirements apply to the fund's custodian when, as in the usual case, a fund uses a depository through its custodian. Rule 17f-4 requires the custodian to send the fund a written confirmation of each transfer of securities to or from the fund's account with the custodian. When securities are transferred to the fund's account, the custodian also must identify as belonging to the fund (or "earmark") an appropriate quantity of securities that the custodian holds in a fungible bulk with the depository (or with any agent through which the custodian uses the depository). In addition, the custodian or its agent must send the fund reports it receives concerning the depository's internal accounting controls, and reports on the custodian's or agent's own controls as the fund may reasonably request.

¹ 15 U.S.C. 80a-17(f).

² 15 U.S.C. 80a.

³ 17 CFR 270.17f-4.

⁴ Rule 17f-4 does not regulate the use of foreign securities depositories. Funds that maintain securities in foreign depositories must comply with rule 17f-5 under the Act [17 CFR 270.17f-5].
