Quality Implementation Plans; Revised  
Format for Materials Being  
Incorporated by Reference for Florida;  
Approval of Recodification of the  
Florida Administrative Code**

**AGENCY:** Environmental Protection  
Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** The EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Florida for the purpose of recodification and miscellaneous revisions. EPA is also proposing to revise the format of 40 CFR part 52 for materials submitted by Florida that are incorporated by reference into their SIP.

In this issue of the **Federal Register**, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no

adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by July 16, 1999.
