### Science Advisory Board; Notification of Public Advisory Committee Meeting

Pursuant to the Federal Advisory Committee Act, Pub. L. 92-463, notice is hereby given that the Science Advisory Board's (SAB) Environmental Economics Advisory Committee (EEAC) will conduct a public teleconference meeting on Tuesday, July 27, 1999, between the hours of 10:00 am and 12:00 noon, Eastern Time.

The meeting will be coordinated through a conference call connection in Room 3709 of the Waterside Mall, U.S. Environmental Protection Agency, 401 M Street SW, Washington, DC 20460.

The public is welcome to attend the meeting physically or through a telephonic link. Additional instructions about how to participate in the conference call can be obtained by calling Ms. Dorothy Clark at (202) 260-6555, or via e-mail at:

<clark.dorothy@epa.gov> by July 16, 1999. During this meeting the EEAC plans to complete its review of the EPA's economic analysis guidelines.

### Background Information on Economic Analysis Guidelines

The Environmental Economics Advisory Committee (EEAC or the Committee) was asked to review the revised Guidelines for Preparing Economic Analyses, a document produced under the direction of the EPA's Regulatory Policy Council. The guidelines are designed to reflect Agency policy on the conduct of the economic analyses called for under applicable legislative and administrative requirements, including, but not limited to Executive Order 12866. These guidelines are intended to provide EPA analysts with a concise but thorough treatment of mainstream thinking on important technical issues so that they can conduct credible and consistent economic analyses. The guidelines refer to methods and practices that are commonly accepted in the environmental economics profession; however, they are not intended to preclude new or innovative forms of analysis. The guidelines are shaped by administrative and statutory requirements that contain direct references to the development of economic information during the development of regulations (e.g., evaluations of economic achievability).

The EEAC was first briefed on the draft guidelines at its August 19, 1998 meeting. Additional discussions occurred on the guidelines at the Committee's November 18, 1998 and April 20, 1999 meetings. At those meetings, the Agency presented information on, and then discussed with EEAC members, each section of the draft guidelines. (Please see 63 FR 41821, August 5, 1998; 63 FR 57296, October 27, 1998; and 64 FR 14232, March 24, 1999 for further details.)
