

necessary to moor the barges and includes buffer zones to moor support vessels and provide an extra margin for public safety while completing the restoration activities. The time period for which the public is requested to avoid the restoration site is the expected time necessary to complete the construction activities. If less or more time is needed, NOAA will so notify the public.

During the planning process for this project (Winter of 1999), one-on-one contact was made with local dive operators, a public meeting was held to explain the restoration project and make the public aware of the area it would be requested to temporarily avoid. Additionally, NOAA issued press releases to the local newspapers and radio stations which have covered the restoration planning process and which have provided notice of NOAA's request for the public to avoid the restoration area.

Locations and Boundaries of the Area the Public is Requested To Avoid

The area which the public is requested to avoid is located approximately 7 nautical miles (12.9 kilometers) offshore the southwest tip of Big Pine Key, Florida (24° 37'N, 81° 24'W). The total area is approximately 6.75 acres. The boundary of this area will be marked by construction buoys.

The area is bounded by the following coordinates:

<i>Latitude</i>	<i>Longitude</i>
A: 24°32'40.3" N	81°24'30.6" W.

B: 24°32'42.3" N	81°24'24.5" W.
C: 24°32'46.9" N	81°24'26.3" W.
D: 24°32'44.8" N	81°24'32.4" W.

Dates

The public is requested to avoid the area from July 6 through September 7, 1999, or until the construction marker buoys are removed at NOAA's direction if the work is completed prior or later. Public notice of this request also will be provided through local news media, a Notice to Mariners, and posting of placards on bulletin boards in public areas in Big Pine Key and at Bahia Honda State Park.

Dated: June 24, 1999.

Ted I. Lillestolen,

Deputy Assistant Administrator for Ocean Services and Coastal Zone Management.

COMMISSION OF FINE ARTS

Notice of Meeting

The next meeting of the Commission of Fine Arts is scheduled for 15 July 1999 at 10.00 a.m. in the Commission's offices at the National Building Museum (Pension Building), Suite 312. Judiciary Square, 441 F Street, NW, Washington, DC, 2001. Items of discussion will include designs for projects affecting the appearance of Washington, DC, including buildings and parks.

Inquiries regarding the agenda and requests to submit written or oral

statements should be addressed to Charles H. Atherton, Secretary, Commission of Fine Arts, at the above address or call 202-504-2200.

Individuals requiring sign language interpretation for the hearing impaired should contact the Secretary at least 10 days before the meeting date.

Dated in Washington, DC, June 23, 1999.

Charles H. Atherton,

Secretary.

Air Force Department

Air Force A-76 Initiatives Cost Comparisons and Direct Conversions (As of 31 March 1999)

The Air Force is in the process of conducting the following A-76 initiatives. Cost comparisons are public-private competitions. Direct conversions are functions that may result in a conversion to contract without public competition. These initiatives were announced and in-progress as of 31 March 1999, include the installation and state where the cost comparison or direct conversion is being performed, the total authorizations under study, public announcement date and actual or anticipated solicitation date. The following initiatives are in various stages of completion.

Installation	State	Function(s)	Total authorizations	Public announcement date	Solicitation issued or scheduled date

Notice of Intent To Grant an Exclusive Patent License

Pursuant to the provisions of Part 404 of Title 37, Code of Federal Regulations, which implements Public Law 96-517, the Department of the Air Force announces its intention to grant Hybrid Plastics, LLC, a company doing business in Fountain Valley, CA, an exclusive license in any right, title, and interest the Air Force has in U.S. Patent Application Serial No. 09/003,083 entitled "METHOD OF FUNCTIONALIZING POLYCYCLIC SILICONES AND THE RESULTING COMPOUNDS" and Patent Application Serial No. 09/003,084 entitled "METHOD OF FUNCTIONALIZING POLYCYCLIC SILICONES AND THE COMPOUNDS SO FORMED." Each invention is a joint invention of Joseph D. Lichtenhan and Joseph J. Schwab, Frank J. Feher, and Daravong Soulivong.

The two licenses described above will be granted unless an objection thereto, together with a request for an opportunity to be heard, if desired, is received in writing by the addressee set forth below within 60 days from the date of publication of this Notice. Information concerning the application may be obtained, on request, from the same addressee.

All communications concerning this Notice should be sent to Mr. Randy Heald, Associate General Counsel (Acquisition), SAF/GCQ, 1500 Wilson Blvd., Suite 304 Arlington, VA 22209-2310. Mr. Heald can be reached at 703-588-5091 or by fax at 703-588-8037.

DEPARTMENT OF DEFENSE

Department of the Navy

Record of Decision for the Disposal and Reuse of Naval Air Station Barbers Point, Oahu, HI

SUMMARY: The Department of the Navy (Navy), pursuant to Section 102(2)(C) of the National Environmental Policy Act of 1969 (NEPA), 42 U.S.C. 4332(2)(C) (1994), and the regulations of the Council on Environmental Quality that implement NEPA procedures, 40 C.F.R. Parts 1500-1508, hereby announces its decision to dispose of Naval Air Station (NAS) Barbers Point, which is located

on the island of Oahu in Honolulu County, Hawaii.

Navy analyzed the impacts of the disposal and reuse of NAS Barbers Point in an Environmental Impact Statement (EIS) as required by NEPA. The EIS analyzed four reuse alternatives and identified the Naval Air Station Barbers Point Community Redevelopment Plan dated March 1997 (Redevelopment Plan), described in the EIS as the State-Preferred Alternative, as the Preferred Alternative. The State of Hawaii is the Local Redevelopment Authority (LRA) for NAS Barbers Point. Department of Defense Rule on Revitalizing Base Closure Communities and Community Assistance (DoD Rule), 32 CFR 176.20(a).

The Preferred Alternative proposed a mix of aviation, residential, educational, community service, light industrial, commercial, public, park and recreational uses. These include a general aviation and military airport, housing, a vocational training center, a desalinization plant, an automobile race track complex, an international sports center, a festival center, a marine park, a baseball complex, and a field sports complex.

Navy intends to dispose of NAS Barbers Point in a manner that is consistent with the Redevelopment Plan. Navy has determined that a mixed land use will meet the goals of achieving local economic redevelopment, creating new jobs, and providing additional housing, while limiting adverse environmental impacts and ensuring land uses that are compatible with adjacent property. This Record Of Decision does not mandate a specific mix of land uses. Rather, it leaves selection of the particular means to achieve the proposed redevelopment to the acquiring entities and the local zoning authority.

Background

Under the authority of the Defense Base Closure and Realignment Act of 1990 (DBCRA), Public Law 101-510, 10 U.S.C. § 2687 note (1994), the 1993 Defense Base Closure and Realignment Commission recommended the closure of Naval Air Station Barbers Point. This recommendation was approved by President Clinton and accepted by the One Hundred Third Congress in 1993. The base is scheduled to close on July 2, 1999.
