

The forms may be submitted in person or by mail to the proper BLM office. The company name, address, and telephone number is needed to identify the person/entity conducting operations. BLM assigns the BLM Case Number to track each specific operation. Where a particular operation requires State approval also, the State Case Number is assigned by the appropriate State agency so that the Bureau may coordinate exploration activity with the State. The legal land description is required to determine where the involved public lands are located.

Based on its experience administering onshore oil and gas geophysical exploration activities, BLM estimates the public reporting burden for completing the Notice of Intent to Conduct Geophysical Exploration Operations (Form 3150-4) is 1 hour, and for completing the Notice of Completion of Oil and Gas Exploration Operations (Form 3150-5) is an average of 20 minutes. The information required is clearly outlined on the form and in the terms and conditions attached. The information is already maintained by the respondents for their own record-keeping purposes and needs only to be transferred or attached to the forms.

BLM estimates the approximately 600 notices of intent and 600 notices of completion will be filed annually, with a total annual burden of 800 hours. Respondents vary from small businesses to major corporations.

Any interested member of the public may request and obtain, without charge, a copy of Form 3150-4 or 3150-5 by contacting the person identified under **FOR FURTHER INFORMATION CONTACT**. All responses to this notice will be summarized and included in the request for Office of Management and Budget approval. All comments will also become part of the public record.

horseback riding) from March 1 through August 31 annually. In addition, the area legally described below is seasonally closed to shooting from March 1 through August 31 annually.

Legal Description

This closure order applies to all roads and trails located in Township 15 South, Range 11 East, WM, Section 21, South half of the Southeast quarter, Northeast quarter of the Southeast quarter; Section 28, West half of the Northeast quarter. In addition, the area closed to shooting is legally described as Township 15 South, Range 11 East, WM, Section 21, South half of the Southeast quarter; Section 28, North half of the Northeast quarter.

All roads and trails as described above are closed to all uses (motorized vehicle use, hiking, mountain biking, horseback riding) from March 1 through August 31 annually. The area legally described above is closed to shooting from March 1 through August 31 annually. "Shooting", in this closure, is defined as the discharge of firearms.
